The Quickest Way to Cure a Cold.

Do you wish to know the quickest way to cure a cold? We will tell you. To cure a cold quickly, it must be treated before the cold has become settled in the system. The first symptoms of a cold is a dry, loud cough and sneezing. The cough is soon followed by watery expectoration and the sneezing by a profuse watery discharge from the nose. In severe cases there is a thin white coating on the tongue. What to do? It is only necessary to take Chamberlain's Cough Remedy in double dose every hour. That will greatly lessen the severity of the cold and in many cases will effectually counteract it, and cure what would have been a severe cold within one or two days time. Try it and be convinced. 25 and 50 cent bottles for sale by Blakeley & Houghton, druggists.

Human Beings in the Mammoth Age.

Near Brunn, the capital of Moravia, important discoveries of prehistoric remains have been made which are likely to attract the attention of paleontologists all over the globe. As a canal was being dug 4½ skulls were brought to light of dolichocephalous (long headed) character and of an exceedingly low stage of development. The same place contained bones and teeth of mammoth rhinoceros and reindeer.

Close to the skulls lay more than 500 fossil snails, several calcinuous stones, with holes in the middle, a rude figure cut out of a mammoth's tooth, with a hole running through the middle. This discovery is the first of the kind in Austria and is highly important from being a proof that there were human beings in the mammoth period.—Vnana Cor. London Standard.

Sparious Shawls.

A good deal of indignation has been excited by a discovery recently made by the Calcutta customs of a trade in spurious Cashmere shawls. It appears that large quantities of shawls have been imported into India from Germany, with imitation Cashmere marks on them.

On arrival in Calcutta the shawls are treated by some peculiar process and then sent into the interior and sold there as real Cashmere productions. Their actual cost in Calcutta is about \$5, and they fetch when sold about \$25.—Exchange.

A Winter Charm.

A Wilmington man carries in his vest pocket a piece of skin that was taken from a man's neck and then tanned. He—the Wilmington man, not the other man—claims that the possession of that piece of tanned skin will keep him from slipping on the ice. The boys in the neighborhood are watching him now to see what virtue there is in the old charm. The owner of the piece of skin argues that if his possession does not prevent him from falling it will, at least, not cause him to fall.—Wilmington News.

In Charge of One Family Forty Years.

The postoffice at South Deerfield, N. H., has been in charge of one family for over forty years. F. J. White was appointed postmaster by President Pierce and held the office for thirty-five years. At the time of his death his son, Charles E., was appointed and held the position until 1888, when another son, W. R. White was appointed, which position he held until the first of the present year.—Exeter Letter.

THE DALLES,

Wasco County, - - - Oregon.

The Gate City of the Inland Empire is situated at the head of navigation on the Middle Columbia, and is a thriving, prosperous city.

ITS TERRITORY.

It is the supply city for an extensive and rich agricultural and grazing country, its trade reaching as far south as Summer Lake, a distance of over two hundred miles.

The Largest Wool Market.

The rich grazing country along the eastern slope of the Cascades furnishes pasture for thousands of sheep, the wool from which finds market here.

The Dalles is the largest original wool shipping point in America, about 5,000,000 pounds being shipped last year.

ITS PRODUCTS.

The salmon fisheries are the finest on the Columbia, yielding this year a revenue of thousands of dollars, which will be more than doubled in the near future.

The products of the beautiful Klickitat valley find market here, and the country south and east has this year filled the warehouses, and all available storage places to overflowing with their products.

ITS WEALTH.

It is the richest city of its size on the coast and its money is scattered over and is being used to develop more farming country than is tributary to any other city in Eastern Oregon.

Its situation is unsurpassed. Its climate delightful. Its possibilities incalculable. Its resources unlimited. And on these corner stones she stands.
