

To Our Friends and Patrons.

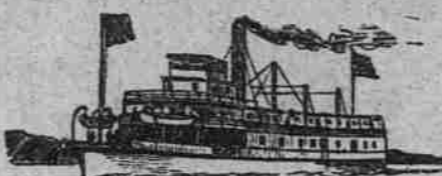

WE HAVE rather neglected our Advertising of late, not because we had nothing to sell; but we had nothing especially new to offer, and preferred to wait until we could say something of interest. We are, and have been for some time, busily engaged in placing our orders for Spring and Summer Goods and feel justified in announcing that we shall have the **FINEST ASSORTMENT** and the **BEST GOODS** in all our lines that has ever been seen in The Dalles. We have secured some genuine novelties in the Dry Goods Department, and the ladies will certainly consult their best interests by deferring their purchases until after their arrival, of which we shall give you due notice. Keep both eyes on this space and we will certainly surprise you, not only with the goods, but the prices at which we shall sell them. We mean business and propose to have your patronage, if **LOW PRICES** and the **BEST GOODS** will accomplish it. Yours Respectfully,

PEASE & MAYS.

J. J. West, J. A. Noble, R. D. Pitcher and C. L. Figer of Wapinitia, are in the city.

Wm. Holder of Grass Valley, and F. M. Baldwin of Prineville, are at The Umatilla.

A. F. Martin, Ed. Bothell, Jas. Brown and J. Strain of Tygh, are at The Umatilla.

Ice has blocked the Columbia below The Dalles from the bend of the river nearly to Mosier.

Mr. and Mrs. J. F. Haworth leave for Portland this afternoon, expecting to return Monday.

Miss Lona Speichinger leaves for Portland this afternoon, where she will make her home for the future.

Carpets and furniture at reduced rates at Crandall & Burget's, next door to Floyd & Show's drug store.

You can carpet your rooms at about your own price by calling on Crandall & Burget, at the new store on Union street.

Crandall & Burget are now settled in their new store in the Michelbach brick on Union street, next door to Floyd & Show's. Call around.

Bro. Parker, of the Walla Walla Statesman, suggests an idea about the "gate bag" factory move that we haven't "caught on" to. Give us a pointer, Colonel, from experience.

The amount of wheat which changed hands at Colfax and in its immediate vicinity last Saturday was about 100,000 bushels. That this sale was the result of a mistake in a cipher dispatch does not mar the satisfaction of the farmers who disposed of their grain on that occasion at a good price. Our former townsman J. H. Larsen did them a good turn at least.

Mr. Sam Patterson of Juniper flat is in the city. He is a very pleasant and sociable gentleman, and that is probably the reason why his friends have rung in so many jokes upon the public at his expense. The coyote story was made up wholly out of imagination, but it done the boys so much good that he concluded to let it pass current. As to the \$40,000,000 estate in England left to Sam and fifteen others, there is something besides "gas" in the report, although the matter has not yet been decided in favor of himself and kinfolk. We really hope Sam may get his share of the money, and invest every dollar of it in The Dalles and Wasco county. It would make him a forty times millionaire sure, if judiciously handled. There is but one link missing in his claim to a portion of the estate, and the case shows the importance of keeping a correct record of families in the states of this country.

Mr. B. F. Laughlin, manager of the D.P. & A.N.Co. is in the valley on business.

Mr. Hugh Glenn left for Portland yesterday on business, to be absent several days.

Miller's bill for a fishway at the Willamette falls passed the house yesterday. It appropriates \$10,000 for the purpose.

We acknowledge pleasant calls from Messrs. J. R. Woodcock and J. M. Patison of Wamic. Messrs. Martin Wing and H. E. Driver of Wamic, are also in the city.

The county court at its adjourned meeting last Monday levied a 23-mill tax on the assessable property of Wasco county as adjusted by the state board of equalization.

See the ad of the Steam Troy Laundry of Portland in another column. Tom McCoy, their agent will be glad to give you prices, and will guarantee satisfaction.

Mr. Henry Hench, who has been with J. E. McCormick at Pleasant Ridge for seven months, takes the night train for Clay Center, Kansas, to see his mother, who is dangerously ill.

It is expected that the steam ferry boat will be launched Saturday forenoon. The work of repairs have been very thorough, an almost entire new hull having been built under here.

The river today shows a rise of one foot and four-tenths since yesterday. It stands today at two feet and three-tenths above zero. A rise of a few feet will soon clear the river of ice.

We are pleased to note the fact that Editor Morgan of the Sun has so far recovered as to be able to resume his duties on that journal, though still feeble from his late serious illness.

Sinnott & Fish put up about twenty tons of Columbia river ice yesterday, which will come into use when the stoves are removed from The Umatilla later on. It is the best and cheapest ice they have put up for several years past.

Arrangements have been made by which from 3,000 to 5,000 barrels of Pendleton flour will be shipped each month to China. Inland Empire wheat and flour are obtaining a world wide reputation.

A resolution requiring the secretary of state to furnish 25,000 additional copies of the report of the board of horticulture has been indefinitely postponed. This lets Mr. Shaws basswood report out, on sagebrush and bunch grass in Eastern Oregon.

Mr. W. E. Garretson has received today, the finest lot of silverware ever brought to this city. What is the most striking about it is the beautiful hand engraving and unique style of each piece on exhibition. The only thing to be regretted by some is that it was not here in time for the holidays.

If the weather is favorable, and ice will permit it, the launch of the steamer Regulator will take place on Saturday forenoon. When this steamer comes out again by taking her place on The Dalles, P. and A. N. line, she will be the next thing to a new boat. The old hog chains have been taken out and heavier ones put in, and the hull has been strengthened in every part, and it is thought she will not have to be overhauled again for years. It depends upon the condition of the river, of course, when trips are to be resumed, but the company expect to start up with through trips to Portland every other day, sometime between the first and tenth of next month.

Grateful Acknowledgement.

The farmers of Wasco county joined together, irrespective of party, and sent the following dispatch to Hon. B. Hermann, our Oregon congressman, yesterday:

THE DALLES, Or., Jan. 24.—(To Hon. B. Hermann, Washington, D. C.)—We, holders of land forfeited by Northern Pacific in this district, wish to express to you our gratitude for your successful efforts to extend time of payment for same. It will relieve many honest settlers.

The Union whist club will be entertained by Dr. and Mrs. Eshelman at Fraternity hall this evening.

Miss Gussie Marshall, who has been visiting Mrs. A. M. Williams of this city, returns to her home in Portland this afternoon.

President Fulton of the senate has appointed Messrs. Hayes and Smith to act on the joint committee to investigate the portage railroad at Cascade Locks.

John Rothe of Kingsley, who has been in the city several days, returns home today. We acknowledge a social call from him. Our farmer friends are always welcome.

The Portland Chamber of Commerce have memorialized the legislature to appropriate \$100,000 for the world's fair. They always were very liberal—with somebody else's money.

A new material to which the name of asbestos porcelain has been applied is said by Prof. D'Arcenval to be peculiarly fitted for the manufacture of porous cups for electric batteries. This substance is about 2.75 times a better insulator than porcelain.

An exchange makes the wise suggestion that the farmers of the Inland Empire should give more attention to the poultry and dairy business. They must be profitable when a dozen eggs or a pound of butter is worth more than a bushel of wheat.

The man who neglects to invest in real estate right now is making one of the great mistakes of his life. The Dalles City property is going to advance, and that within a year. A judicious investment at this time will bring handsome profits and bring them quickly.

It ought not to take more than a few days now to unroll the last yard of red tape in which the business is involved and set the works to moving for the long, long hoped for completion of the cascades canal and locks. Should the time not be suitably celebrated? Say we do it. "Where there's a will there's a way."

The talk yesterday was on the "fooling" people received who stared at a supposable theory of the Oregonian that John B. Allen "will undoubtedly get it," illustrated with a picture of Billy Bowlegs. John B. will undoubtedly be as badly fooled when he "gets it" as people were who read that article to the 21st line, then—dropped the subject.

A dispatch from Salem says "an apparent test vote in the senate on Raley's bill appropriating \$460,000 for a portage road at the dalles of the Columbia was taken on the question of making it the special order for 2 p. m. today. Cogswell led the apparent opposition to the measure, seeking to have it referred to the committee on railroads. This was lost by a viva voce vote, and a moment later a special order was agreed to; Alley, Bancroft, Cameron, Cogswell, Dodson, Gates and Hayes voting no. McGinn was absent on leave, and the others voted aye.

A NEWSY LETTER.

Commoner Gives His Views on Some of the Burning Topics.

EIGHT MILE, Jan. 24.—We have been looking through the columns of THE CHRONICLE for letters from 8-Mile or Union. It seems they are very scarce, so I thought I would write a few lines; it might induce others to write. As for general news, there is not a great deal this winter, although some. There are yet four to five inches of snow on the hills, gradually going away. We had thirty inches of snow and all of one inch of rain this winter. The ground is pretty well wet down, and the prospect is good for crops. Light frosts at night and the days are very pleasant, but it is bad to get around. Stock is looking well, and plenty of feed yet.

All seem to be in good spirits; no sickness that I hear of. 8-Mile has no dancing, and very little preaching this winter. Union is having a protracted meeting, with three and four preachers from Dufur, and good attention is paid. Attendance is large, the old school being full. It is being conducted by the United Brethren, and may much good be done.

Mr. C. H. Southern's band of sheep are looking well. He expects a good crop of wool in the spring.

Oh, yes! As Cleveland is trump, and Uncle Billy Ward is high; Uncle Amos Darnelle is up; Uncle McHaley is jack, and Uncle James Darnelle is game—"high, up, jack and a game." I fancy I hear them sing:

All hail the power of Cleveland's name! Let England rise or fall; Bring forth the royal Grover's fame. And crown him lord of all!

That is democracy and sin! Let us pray: "Our father who art in Washington, March the fourth; Grover Cleveland be thy name; thy kingdom come; thy favor be shown to the western farmers as well as Eastern Oregon. Continue this day thy daily sheriff's sales; lead us not into temptation of self-defense, but deliver us from the democratic party, that we may avoid the jail and the poor house. For thine is the power, born of ignorance, and devoted to the interests of free trade, England and rotten democracy, that enslaves the people forever, if they don't kick too soon, which we pray to God they may. And if they don't kick, it is because christians and republicans don't vote the same ticket at the nearest resurrection of an election. Amen!"

Money Talks.

THE CHRONICLE has had considerable to say about Mr. N. B. Larmour and the coal field he has discovered in the vicinity of Camas creek. THE CHRONICLE is anxious to learn all the facts, and promises to find capital to develop that, or any similar find, of coal; in the Inland Empire, to the extent of \$1,000,000, in ninety days on bona fide representations. Correspondence solicited.

Good Looks.

Good looks are more than skin deep, depending upon a healthy condition of all the vital organs. If the liver be inactive, you have a bilious look, if your stomach be disordered you have a dyspeptic look, and if your kidneys be affected you have a pinched look. Secure your health and you will have good looks. Electric Bitters is the great alterative and tonic acts directly on these vital organs. Cures pimples, blotches, boils and gives a good complexion. Sold at Snipes & Kinersly's drugstore, 50c per bottle.

All Free.

Those who have used Dr. King's New Discovery know its value and those who have not, have now the opportunity to try it free. Call on the advertised druggist and get a trial bottle, free. Send your name and address to H. E. Bucklen & Co., Chicago, and get a sample box of Dr. King's New Life Pills free, as well as a copy of Guide to Health and Household Instructor, free. All of which is guaranteed to do you good and cost you nothing. Sold by Snipes & Kinersly.
