TURNER SHOULD BE ELECTED.

Citizens of our neighboring county across the river, Klickitat, Washington, are proud of the record made by their representative, Mr. Pierce, standing as he does firmly at Olympia in the Turner column for United States senator. They would be equally well pleased to see Senator Eschelman, democratic though he is, forsake the forlorn hope and come over to the support of the one most assuredly deserving.

Judge Turner should be elected by all means. It would be a merited punishment of Allen, who, if his official duties were above reproach, would not be looking for his main support just now from the western part of his state. His own county was lost to his party at the last election. He has shown that the wants of eastern Washington and the Inland Empire have no weight with him. If he is not a chronic office-seeker why is he at Olympia, instead of attending to his duties at Washington? He well knows that his record will not elect him. The railroad companies are working for his re-election as a reward for effort in their behalf against the people.

No further evidence of his neglect need be looked for than the record of the United States senate this month. When the appeals were sent forth for an extension of time in which to make entries of forfeited railway lands. When Senator Dolph was besieged with petitions from all sides, he was met by a proposition from Senator White of Louisiana, to amend the resolution to limit the extension of time to lands lying in Oregon, between Wallula and Portland. Then where was Mr. Allen? He was not in his seat to represent his constituency; and Mr. Dolph was forced to accept the limit, or perhaps lose the bill. It is matters such as this that hold the people of Eastern Washington for Judge Turner, and the gauzy nature of Allen's petitions circulated in districts favorable to Turner, praying that the deadlock may be broken "in order that needed legislation may be enacted," are altogether too transparent. The friends of Judge Turner have been drawn closer to their chief than ever since the Northern Pacific railroad has come out so boldly for Allen and against Turner. Public sentiment against Allen is becoming more pronounced every day, while there is a general clamor among the producers of the Inland Empire for Judge Turner. He should be elected.

The three commissioners who are to appraise the land on Minnesota point, wanted by the United States government, have fixed this as the deciding day. It is wanted by the government to preserve the survey monument buried there which is the base line of the lake surveys. The survey was made by Gen. George C. Meade, then a lieutenant in the army, but afterwards commander of the army of the Potomac.

Two hundred manufacturers from all parts of the country are gathering in St. Louis today preparatory to the great tour of Mexico. The party will leave there on the 2d of February. The object of the excursion is to establish closer trade relations between this country and the Mexican republic. It is argued by the gentlemen who are getting up the trip that if the manufacturers of the United States can only be made to realize what a rich field for their products lies at their own doors in the southern republic, they will combine to make some effort to get a firmer hold on the Mexican trade, much of which is now controlled by England, Germany and France. A personal inspection of the field will give the American manufacturers a better idea of the advantages that lie in closer relations with Mexico, and the excursion to the republic is expected to bring about a boom in trade with that country.

A London dispatch says the proposed annexation of Hawaii by the United States is now a very prominent subject of discussion in political circles and newspapers here. The Evening Globe, the tory organ, says: "Annexation may result in bringing the United States into foreign relations at variance with the whole of their traditional policy and cause friction and conflict between them and the English colonies. American aggression in the Pacific." The Globe thinks it "would occasion an Australian remonstrance to which the British government would be compelled to listen." The St. James Gazette says "it must not be assumed that because the United States has been nursing Hawaii they are the best entitled to effective interference in the affairs of that country. The American party in those islands is by no means so strong as we are asked to believe." The Pall Mall Gazette, now also a tory organ, is neutral in its remarks on the question, but suggests that it will be interesting to see how the Americans would manage a colony generally.

PADDLE YOUR OWN CANOE.

Voyagers on life's sea,
To yourself be true,
And while your lot may be,
Paddle your own canoe.

"To yourself be true," "and thou canst not then be false to any man," "Self-love is not so vile a sin as self-neglecting." Then "be wise to-day, his madness to defer." Get Dr. Pierce's Golden Medical Discovery, for all affections of the lungs and throat. It is likewise a wonderful liver tonic, and invigorator.

All the year round, you may rely upon Dr. Pierce's Golden Medical Discovery. It's not like the sarsaparillas, that are said to be good for the blood in March, April and May. The "Discovery" works equally well at all times, and in all cases of blood-taints, or humors, no matter what their name or nature. It cures all Skin, Scalp and Scrofulous affections, as Eczema, Tetter, Salt-rheum, Fever-sores, White Swellings, Hip-joint disease and kindred ailments.

It's the cheapest blood-purifier, sold through druggists, because you only pay for the good you get.

Your money is returned if it doesn't benefit or cure you.

WINANS

THE NEW TOWN has been platted on the old camp ground, at the Forks and Falls of Hood river, with large slightly lots, broad streets and alleys, good soil, pure cold water and shade in profusion, perfect drainage, delightful mountain climate, the central attraction as a mountain summer resort and for all Oregon, being the nearest town to Mt. Hood. It is also unparalleled as a manufacturing center, being the natural center for 150 square miles of the best cedar and fir timber, possessing millions of horse power in its dashing streams and waterfalls, easily harnessed. Where cheap motive power exists, there the manufacturer will center, surrounded by soil and climate that cannot be excelled anywhere for fruit and agriculture, and with transportation already assured you will find this the place to make a perfect home or a paying investment.

See me on the ground, or address me at Hood River, Wasco County, Oregon.
