Wasco county is entitled to a fifteen-hundred-dollar hole in the ground. Where shall it go down?

The snow storm continues spasmodically with an east wind prevailing most of the time. News from Sherman and this county, also from Klickitat, indicate that the ground is covered with about eight inches of snow on a level and that stock is doing well, as there is abundance of feed for another month yet.

The Wasco News thinks the senate made a serious mistake in voting down the Raley bill. That as Oregon has built one successful portage it is necessary that there should be another at the dalles in order to tap the wealth of the inland empire. This bill should not be allowed to be killed by a few corporation lawyers in the senate, and a few who voted against it for peculiar reasons.

The Arlington Record is out with its brand to mark the opponents to an open Columbia. A big monogram, N. G., is to be used upon two "senators" (so called) whose opposition to the Raley bill strangled Eastern Oregon. Only one senator from the Willamette valley mustered up courage to vote to do us justice. Two Eastern Oregon senators voted against the bill, both of whom favored it two years ago. One of them made the remark that \$460,000 would buy all the country which would be benefited by the portage road.

The seventeen who voted against the Raley bill, says the Moro Observer, "were mostly residents of the Willamette valley who do not care a row of pins for the interests of the inland empire. But there are two traitors to eastern Oregon who were on the "opposition benches," Dodson of Baker, and Cogswell of Crook and Lake counties. These men must have deliberately acted contrary to the wishes of their constituents when they opposed the bill, and their action should be remembered."

Postmaster-general John Wanamaker created something of an innovation in official life Monday evening in Washington by giving a reception at his residence to the employees and attaches of every department of the postoffice department, as well as of the local post-office. The event was preceded by a dinner to which quite a number of the friends of the postmaster-general and his wife were invited. This is the first reception of the kind that has ever been given by a member of the cabinet, and it is expected to form an interesting precedent that will be extensively followed in years to come.

The Allen faction are hunting for a compromise candidate at Olympia. Senator Frank Richards, of Whatcom, was asked to come in, but he gave his answer in such decided terms that nothing further in the way of compromise in that direction will ever again be thought of. The next name offered by King county as bait for Turner votes was that of the present congressman, John L. Wilson, but that did not work either, and so the Allen men have returned to the first principles and are still cudgeling their brains for a suitable man to compromise on.

It is understood that an effort will be made to have laws passed by the legislature which will reach vandals and wantons in a more effectual manner. As the law is now, a person who maliciously destroys another's property is fined by the court, and the fine is turned into the public treasury, leaving the injured one to repair the damage done him at his own expense. A change in the law would inflict a penalty sufficient to pay for the damage and a balance to go to the treasury. It is no protection to a man who has his property damaged \$25 or more, when the guilty one is let off with a fine of \$5, which goes to the county.

Although pneumatic tubes for the rapid transferring of mail from main offices to sub-stations have been used by the post office department for some years past it has been considered impracticable, in New York to lay such tubes across East river, hence mail has continued to be transferred by wagon between New York city and Brooklyn, as of old. It is now proposed, however, to lay a large pipe across the East river bridge, within which to operate a miniature electric railway. Cylindrical cars will be built just large enough to accommodate a mail sack, and before each will be run a tiny electric motor, operated by the trolley system. It is claimed that by this plan mail can be delivered to sub-stations in less than a minute. The ideas seem to open up immense possibilities in the line of transportation.

A DEAD SHOT
right at the seat of difficulty, is accomplished by the sure and steady aim of Dr. Sage's Catarrh Remedy. Don't fool around with a pop-gun, nor a "flint-lock," when this reliable "Winchester" is within reach!
Dr. Sage's treatment of Catarrh in the Head is far superior to the ordinary, and when directions are reasonably well followed, the results in a permanent cure. Don't longer be indifferent to the verified claims of this unfailing Remedy.
The worst forms of Catarrh disappear with the use of Dr. Sage's Catarrh Remedy. Its mild, soothing, cleansing and healing properties effect a perfect and permanent cure, no matter how bad the case, or of how long standing. It's a remedy that succeeds where everything else has failed. Thousands of such cases can be pointed out. That's the reason its makers back their faith in it with money. They offer \$500 reward for a case of Catarrh which they cannot cure.
It's a medicine that allows them to take such a risk.
Doesn't common sense lead you to take such a medicine?
"An advertising fake" you say.
Funny, isn't it, how some people prefer sickness to health when the remedy is positive and the guarantee absolute.
Wise men don't put money back of "fakes." And "faking" doesn't pay.

GRAND
Masquerade Ball
The Annual Ball of the
Dalles City Fire Dep't
Will Be Given at
Armory Hall
Monday Evening, Feb. 6, 1893.

Agent for Tansill's Punch.

129 Second Street, The Dalles, Oregon

WINANS

THE NEW TOWN has been platted on the old camp ground, at the Forks and Falls of Hood river, with large slightly lots, broad streets and alleys, good soil, pure cold water and shade in profusion, perfect drainage, delightful mountain climate, the central attraction as a mountain summer resort and for all Oregon, being the nearest town to Mt. Hood. It is also unparalleled as a manufacturing center, being the natural center for 150 square miles of the best cedar and fir timber, possessing millions of horse power in its dashing streams and waterfalls, easily harnessed. Where cheap motive power exists, there the manufacturing will center, surrounded by soil and climate that cannot be excelled anywhere for fruit and agriculture, and with transportation already assured you will find this the place to make a perfect home or a paying investment.

See me on the ground, or address me at Hood River, Wasco County, Oregon.

W. ROSS WINANS.

"There is a tide in the affairs of men which, taken at its flood, leads on to fortune."

The poet unquestionably had reference to the

Closing-Out Sale of

Furniture & Carpets
