At the last meeting of the Oregon State Horticultural society recently held in Portland, there was formed a floral department whose object it is to encourage a greater interest in the history, growth and culture of flowers, both native and foreign varieties; the bringing of the native flora of the state into greater prominence than ever before and the holding of flower shows in the proper seasons at different places in the state. The president of the society was given the power to appoint an executive committee who has full power to conduct this department, and has appointed the following ladies: Mrs. J. C. Card, chairman, Meedames W. A. Buchanan, M. E. Shafford and the Misses Ella Talbot and Mary Anthony. It is the desire of the president to appoint prominent and interested ladies in different cities to form local societies which will be auxiliary to and act in conjunction with this society.

Mrs. Fritz W. Hinkley, nee Florence Blythe, brought her husband a *dotage* of over \$4,000,000. The matters of the inheritance and the heiress' marriage are well known, but the public has never known what it cost Mrs. Hinkley to attain her rights in the adjustment of the estate. Her attorneys, W. H. H. Hart, McAllister & Bergin, W. W. Foote, Garner, Boalt & Bishop, took her case upon the basis of a contingent fee. The agreement was made by them and James Crisp Perry, the grandfather and guardian of the youthful heiress. The successful prosecution of the case has been of extraordinary financial benefit to the survivor of the legal team. The contingent fees and advances contemplate a payment of \$834,342.44 to the attorneys and an executrix.

The liberality with which our government bestows its pensions is well illustrated in the case of Captain P. B. Johnson, editor and proprietor of the Walla Walla Union Journal. He never saw active service in the field, but was a quartermaster on the Pacific northwest coast. Now in addition to conducting his newspaper and drawing a good pension, he is a commissioner of the state penitentiary, regent of the state university, assistant attorney general of the state and clerk of the senate and penitentiary committee. Notwithstanding his disabilities, he seems to be able to cover a considerable number of salary-drawing offices.

Chicago Inter Ocean. The number of sheep in the United States in 1892 was 1,508,000 greater than in 1891, while the clip of wool increased in one year 25,600,000 pounds. There were consumed in American mills in 1892, 59,000,000 more pounds of wool than in 1891, and 23,600,000 pounds of this increase were of domestic wool. With such facts in plain view let free traders in wool go in and see what they will see in 1896. By that time if the democrats have their way, the American ram will be hunted for menagerie purposes.

The Minneapolis Tribune in its military gossip, says: "It is rumored that the Fourth cavalry is about to be ordered to Texas for duty in the field on the Mexican borders." A Boise city dispatch says: "It is reported on good authority that the headquarters of the Fourth cavalry, United States army, will soon be removed from Walla Walla, Wash., to Boise City. Should this change be made no more soldiers than are now stationed at the Boise barracks would be transferred to this point."

The election of populist democrats in Nebraska and Kansas, gives renewed confidence to democrats in Washington, D. C. They feel morally certain of having their own way on the reorganization of the senate. The holdovers and newly elected democrats, with the five populists counted on, will give them three majority on join ballot after the 4th of March next.

Among the various rumors is the one that Cleveland proposes "a business man's administration, leaving the politicians to browse for a living."

It Should be in Every House.

J. B. Wilson, 371 Clay St. Sharpshurg, Pa., says he will not be without Dr. King's New Discovery for consumption, coughs and colds, that it cured his wife who was threatened with pneumonia after an attack of "la grippe," when various other remedies and several physicians had done her no good. Robert Barber, of Cooksport, Pa., claims Dr. King's New Discovery has done him more good than anything he ever used for lung troubles. Nothing like it. Try it. Free trial bottle at Snipes & Kinnersly's. Large bottles, 50c. and \$1.

Old papers, suitable for carpets or shelves, will be exchanged for clean rags at this office.

A MAD POET
rushed into a newspaper office recently, and threatened to "clean out" the establishment, because they printed his verses wrong. Said he: "I wrote, 'To dwell forever in a grove of peace,' and you idiots put it 'a pot of grease.' The mortified editor presented him with a vial of Dr. Pierce's Pleasant Pellets, a year's subscription and an apology. The little 'Pellets' positively cure sick and nervous headache, biliousness, costiveness, and all derangements of the stomach, bowels and liver. It's a large contract, but the smallest thing in the world to do the business—Dr. Pierce's Pleasant Pellets. They're the smallest, but the most effective. They go to work in the right way. They cleanse and renovate the liver, stomach and bowels thoroughly—but they do it mildly and gently. You feel the good they do—but you don't feel them doing it. They're the cheapest pill you can buy, because they're guaranteed to give satisfaction, or your money is returned. You only pay for the good you get. That's the peculiar plan all Dr. Pierce's medicines are sold on, through druggists.

WINANS
THE NEW TOWN has been platted on the old camp ground, at the Forks and Falls of Hood river, with large eighty lots, broad streets and alleys, good soil, pure cold water and shade in profusion, perfect drainage, delightful mountain climate, the central attraction as a mountain summer resort and for all Oregon, being the nearest town to Mt. Hood. It is also unparalleled as a manufacturing center, being the natural center for 150 square miles of the best cedar and fir timber, possessing millions of horse power in its dashing streams and waterfalls, easily harnessed. Where cheap motive power exists, there the manufacturing factories will center, surrounded by soil and climate that cannot be excelled anywhere for fruit and agriculture, and with transportation already assured you will find this the place to make a perfect home or a paying investment.
TITLE PERFECT
See me on the ground, or address me at Hood River, Wasco County, Oregon.

W. ROSS WINANS.
"There is a tide in the affairs of men which, taken at its flood, leads on to fortune."
