**SENATE BILL 35.**

We are in receipt of senate bill No. 35, introduced by Mr. Willis, to establish and incorporate the port of Columbia, and to provide for the improvement of the Columbia river in and adjoining said port, and to provide a railway at and around Tumwater and the dalles in said Columbia river. We have not given the bill a careful reading, but it occurs to us it was a blind to defeat the Raley bill, by interested parties who were opposed to the state building a portage road, not on general principles, but because personal or corporate schemes would be jeopardized. The reconsideration of the Raley bill was simply for the purpose of its ultimate death, and that is why it was referred to a committee of hold-over senators. What is good for the goose is good for the gander. Why not refer the Willamette canal and lock bill? Eastern Oregon members will do well to refer any and all Willamette appropriation bills to a committee of hold-over senators to be reported on two years hence. Retaliation is not always wise, but in extreme cases strong medicine is necessary to correct direct evils.

It is now almost a settled fact that the U. S. Senate will not confirm Mr. Harrison's appointment of Judge Jackson to the supreme bench. The opposition to it by Clarkson and other leading republicans is having the effect to defeat it which is desired by most republicans. It can hardly be said that Mr. Harrison expected the confirmation of Judge Jackson's appointment, but on the contrary foresaw that Mr. Clarkson would raise a warwhoop, whatever he did. It is hinted that our senator Dolph is slated for a supreme judgeship. The president could do nothing nicer, than to name him instead of Jackson.

Governor Penroyer withheld his signature from the world's fair appropriation bill. No one was surprised at it, the moss has not stopped growing west of the Cascade mountains yet, and will not, until the old mossbacks are gone. Oregon has been cursed with that kind of growth quite long enough.

Now that the legislature has failed to recognize Gov. Penroyer's veto of the world's fair appropriation bill. It would be the right thing to make a small appropriation to pay the expenses of sending his excellency to that great exposition as an exhibitor of Oregon mossbackism.

The Stars and Stripes hoisted over the Alliolani hall in Hawaii, as evidence of Brother Jonathan placing his arms around that queenom has one assurance, and that is, his flag never, never condescends to come down. The Hawaiian group will be ours.

The judiciary report of the Cross bill No. 50 is before us. The committee reported favorably and asked that it do pass, with some few attached amendments, and that its provisions shall not apply to those now in office. The bill ought to pass as amended.

We are under obligations to the sender of House Bill No. 221, introduced by Mr. Nickell. It provides for the establishing of a state board of health. The bill is a necessary one and should pass without debate.

The governor vetoed the militia appropriation bill yesterday. The O. N. G., would like to send his honor to the Fiji islands or to some unknown seaport where men die "unwept, unhonored and unsung."

The scene of war in Cuba is somewhat startling. It is said that 80,000 troops and four men of war are maintained by the taxpayers of the island "to overawe themselves."

**A Retaliation That Means Business.**

OTTAWA, Ont., Feb., 7.—The announcement from Washington that Canadian cattle are to be scheduled by the United States caused no little excitement among government followers, who begin to realize that President Harrison means business in his retaliation against Canada. It is generally agreed among politicians that it will be only second to the McKinley bill in the effect on Canada, for the Washington government has by this step absolutely placed the Canadian farmer in a position of most serious disadvantage. Hemmed in by the tariff and now deprived of any possibility of sending his cattle to his nearest market, for no farmer could afford to bear the expense of a 90-day quarantine, the Canadian agriculturist is indeed in a miserable plight. The dispatch said it was decided to quarantine the Canadian cattle at Buffalo 90 days because of splero-pneumonia.

**Gone mad**—the person with bad blood who's not taking Dr. Pierce's Golden Medical Discovery. You are bereft of judgment and good sense if you allow your blood to get out of order, your liver sluggish—life dull, everything blue, for you may soon find out that you're in the grave—or next to it—because you did not procure the G. M. D. soon enough, and some dread disease, may be influenza or consumption, may be typhoid or malarial fever, has taken you. Consumption is Lung Scrofula. For Scrofula in its myriad forms, and for all Liver, Blood and Lung diseases, the "Discovery" is an unequalled remedy. Everybody, now and then, feels "run-down" "played-out"—with no power to generate vitality, in fact, just too sick to be well. That's where the right kind of medicine comes in, and the "Discovery" does for a dollar what the doctor wouldn't do for less than five or ten.

We claim that nothing like it has been discovered for a blood-purifier. It's guaranteed by the makers. Your money is returned if it doesn't benefit or cure you.

**WINANS**

THE NEW TOWN has been platted on the old camp ground, at the Forks and Falls of Hood river, with large slightly lots, broad streets and alleys, good soil, pure cold water and shade in profusion, perfect drainage, delightful mountain climate, the central attraction as a mountain summer resort and for all Oregon, being the nearest town to Mt. Hood. It is also unparalleled as a manufacturing center, being the natural center for 150 square miles of the best cedar and fir timber, possessing millions of horse power in its dashing streams and waterfalls, easily harnessed. Where cheap motive power exists, there the manufacturing factories will center, surrounded by soil and climate that cannot be excelled anywhere for fruit and agriculture, and with transportation already assured you will find this the place to make a perfect home or a paying investment.
