### THE TRIPLE ALLIANCE.

Yesterday's dispatches brought news of one of the most important events in our national history and one that is destined to merge the mere title of "The United States" into that broader name whose mention inspires every citizen with the fire of patriotic zeal—America. For six years has been secretly pending a triple alliance between the United States, Russia and France, culminated in an executive session of the United States senate three days ago. In ratifying the French and Russian treaties, the United States government has received distinct pledges, both orally through the Russian and French legations in Washington and by correspondence through our department of state with the foreign offices of those governments, of their support, by force, if necessary, against any interference by Germany, Great Britain or any other European power, with the maintenance by the United States of what is commonly termed the "Monroe doctrine." In other words, the control of the Hawaiian islands, the annexation of British America, the acquisition of Hayti and San Domingo, and the ultimate expulsion of Great Britain from Bermuda are all possibilities, in fulfilling which the United States would be upheld by the two powers which, in European politics, are most distinctly opposed to the dreadnought, the alliance between Germany, Austria and Italy.

This great diplomatic stroke has been accomplished through the effort of a statesman at whose bier a few days ago the nation mourned, who, regrettably, did not live to witness the master-stroke of a brilliant career—James G. Blaine.

This news will scarcely be relished by Great Britain, who cannot longer be blinded to the fact that America's star is in the ascendant; and her proud boast that "her sun never sets" will doubtless be paralleled, and that by a nation little more than a century old. England will not now dare protest against the acquisition by the United States of the Hawaiian islands, in the face of the added support brought to the aid of our new navy, and it is questionable if she would have done so anyway. It is true that four years ago we were more poorly equipped for naval warfare than most nations pretending to any prestige, and even now her armament would be classed as second rate, but England has before learned to her cost the fertility of American gun-makers. In all probability Canada, encouraged by the turn of affairs, will humor her secret wish and not linger long without the folds of the stars and stripes. The world will then behold the rise of a star in the Occident, whose juster shadows all history, born in 1776 out of intolerance, cradled in the blood of martyrs to liberty, safely passing the period of boyish strife in 1864, and in the full stature of manhood in 1900, a nation grander than ever existed.

Yesterday was the 84th anniversary of Lincoln's birthday. Chicago celebrated the event in fitting style.

Gov. Penoyer's action in refusing to lend the state's cannon to celebrate Cleveland inauguration is variously assigned by the state papers to imbecility, false dignity, puerility and caprice.

Three enterprising women of Medford have filed in the office of the secretary of state articles of incorporation for the Southern Oregon Water Co., of the above named place. The capital stock of the corporation is \$250,000.

The member of the legislature who introduced the resolution commending the actions of Senators Squire and Allen, should be presented with a leather medal. He is undoubtedly the greatest joker of the age.—Goldendale Courier.

The man who plants an orchard in Oregon expecting to get fruit from it must do something more than stick the trees down in the ground and trust to providence for the balance. The kind of fruit to be planted, the destruction of insect pests, etc., must be considered, which demands persistence of effort and intelligent study.

### Lodge Notice.

The members of Harmon Lodge, No. 501, I. O. G. T., are requested to be present at Fraternity Hall, on Monday evening, February 13th at 7 p. m. All members attending will be assured a pleasant time, and it is to be hoped that those interested will make an effort to be present. ANNA SYLVESTER, C. T.

### USED THEM IN HIS BLOW-GUN.

Doctor—"Well, my fine little fellow, you have got quite well again. I was sure the pills I left for you would cure you. How did you take them, in water or in cake?"

Boy—"Oh, I used them in my blow-gun."

The little fellow put the nasty, great, gripping, old-fashioned pills to good use. At most, all his internal economy needed was a dose of Dr. Pierce's Pleasant Pellets. They are tiny, sugar-coated granules, easy to take, and are gently aperient, or actively cathartic, according to size of dose. As a laxative, only one tiny Pellet is required.

The "Pellets" cure Sick Headache, Bilious Headache, Constipation, Indigestion, Bilious Attacks, and all derangements of the Liver, Stomach and Bowels.

The "Pellets" are purely vegetable, and operate without disturbance to the system, diet, or occupation.

Dr. Pierce's Pellets are the cheapest pill, sold by druggists, because they are guaranteed to give satisfaction in every case, or their price (25 cents a vial) is refunded. Can you ask more?

## WINANS

THE NEW TOWN has been platted on the old camp ground, at the Forks and Falls of Hood river, with large right lots, broad streets and alleys, good soil, pure cold water and shade in profusion, perfect drainage, delightful mountain climate, the central attraction as a mountain summer resort and for all Oregon, being the nearest town to Mt. Hood. It is also unparalleled as a manufacturing center, being the natural center for 150 square miles of the best cedar and fir timber, possessing millions of horse power in its rushing streams, and waterfalls, easily harnessed. Where cheap motive power exists, there the manufacturing factories will center, surrounded by soil and climate that cannot be excelled anywhere for fruit and agriculture, and with transportation already assured you will find this the place to make a perfect home or a paying investment.
