

To Our Friends and Patrons.

WE HAVE rather neglected our Advertising of late, not because we had nothing to sell; but we had nothing especially new to offer, and preferred to wait until we could say something of interest. We are, and have been for some time, busily engaged in placing our orders for Spring and Summer Goods and feel justified in announcing that we shall have the **FINEST ASSORTMENT** and the **BEST GOODS** in all our lines that has ever been seen in The Dalles. We have secured some genuine novelties in the Dry Goods Department, and the ladies will certainly consult their best interests by deferring their purchases until after their arrival, of which we shall give you due notice. Keep both eyes on this space and we will certainly surprise you, not only with the goods, but the prices at which we shall sell them. We mean business and propose to have your patronage, if **LOW PRICES** and the **BEST GOODS** will accomplish it. Yours Respectfully,

Notice.
To all whom it may concern: By virtue of an order of the common council of Dalles City, made and entered on the 31st day of December, 1892. Notice is hereby given that said city council is about to proceed to order and construct a sewer of eight inch terra cotta pipe through block 3 in Laughlin's addition to Dalles city, beginning at the center of Jefferson street opposite the east end of the alley through the center of said block and thence westerly following the center of said alley and continuing to intersect the sewer in Laughlin street, and that the cost of such sewer will be assessed against the property directly benefited thereby as by the charter provided. Dated this 7th day of January, 1893.
FRANK MURPHY,
Recd' of Dalles City.

FEBRUARY FANCIES.

Crispy Sayings and Doings of Local and General Import.

The days of the bob are numbered. The new Columbian half dollars may be obtained at Snipes & Kinersly's.

"This year's rubbers won't do for next," many a man has fallen to remark.

The Boston Operatic Concert Co. will give a benefit performance for the reading room, aided by the ladies of The Dalles.

Bill Nye and A. P. Burbank will make a tour of the coast the latter part of March.

Pineapple juice is said to be a good preventive when there is diphtheria about.

Farmers ought to be happy over crop prospects if there is any virtue in plenty of snow.

The railroad company Saturday finished putting up ice at Celilo. They put up 2,600 tons.

Next Wednesday being Ash Wednesday there will be mass at 8 o'clock, at the Catholic church.

Paste this in your hat. The U. P. freight trains are not allowed to carry passengers any more.

The river last night was 4.6 above low water mark. Sixty-five inches of snow have fallen here so far this winter.

It is thought that range stock in this immediate vicinity will not have suffered much loss if the present warm weather continues.

A. P. Venes, piano tuner, will be here some time next week. Those desiring pianos tuned, may address him through the postoffice.

A surprise party was given Miss Marion Kennedy Saturday evening, at which the young folks enjoyed themselves in the usual manner.

Plumbers have had a serious time with water pipes this winter. At one time over half of them were frozen at once, apart from the regular mains.

There was no service in the Catholic church yesterday. Father Bronsgeest is not yet able to leave his room and the priest that was expected from Portland did not arrive.

"Amos," in today's issue, gives us a cleverly-written letter on some of the questions at present under discussion by our law makers. It is sound, spicy and altogether readable.

Julius Wiley received word from his mother, living twenty miles south of Portland, that the peach trees are all in bloom in that vicinity, and orchardists fear they will lose this year's crop.

The funeral of the little daughter of Mr. and Mrs. McHaley at the Sunset cemetery occurred yesterday. A large number of friends came in with sleighs from 8-Mile to do a last honor to the little favorite.

The Yamhill county Register wants \$1,000 for the privilege of pulling a hand press, being kicked at by subscribers who never put up a cent, being invited

to jim crow entertainments and expect half column write-ups, work, sweat, starve, be abused and all the other joys appertaining to a country newspaper.

Free to everybody. For the next 15 days, Herrin will give away one enlarged picture with every dozen cabinet photos. Call and see sample. Gallery over the postoffice.

A poultry firm advertises: "Our hens lay fresh eggs daily." The announcement will doubtless prove a relief to the thrifty housewife who has heretofore had to shake them, on her daily evening gathering, to see whether or not they were stale.

Timothy Glenn, of Glenn & McKenzie, railway contractors, was in town Saturday, buying hay for the use of teams while engaged in constructing the Mohr portage across the river. Work will be commenced, we are informed, as soon as the river at this point is navigable.

A funny accident happened to a sleighing party yesterday. The party, loaded into a small cutter, were joyously driving about the town, when, without warning, the vehicle broke in two, spilling the riders ingloriously into the snow, whence they slowly picked themselves out and wended their various ways homeward. No damage other than the broken cutter and lacerated feelings of the riders ensued.

"The MacKaye Spectatorium."

CHICAGO, Feb. 13.—(Special.)—There is being built at Jackson park, Chicago, an immense building which will be used during the Columbian exposition as the place where it is rumored a very noble presentment of the incidents of Columbus' voyage of discovery will be given. "The MacKaye Spectatorium," as this building is called, will cover an area of 500x380 feet, and the ideas that are there to be carried out originated with Mr. Steel MacKaye, and are said to be novel and unusual. The Columbian celebration company, which is erecting the building and promoting the production, is composed of some of the best known men of Chicago, and is headed by Hon. Benj. Butterworth as president. Among the well-known Chicago gentlemen who are sponsors for the success of the enterprise are Messrs. George M. Pullman, Murry Nelson, Franklin H. Head, Lyman J. Gage, Leroy D. Thoman, E. B. Butler, J. O. Hinkley and others of like prominence not often connected with anything of this nature. The Spectatorium production and accessories are to cost about \$1,500,000 and the entire production will probably be given on a scale in which fine art never appeared before. There are many mysteries contained in the production that promise to prove very fascinating, but what these are, and what the nature of them, will be, the managers are at present forced to keep very quiet in order to protect the project from plagiarists, and that herd of irresponsible adventurers who haunt the heels of the inventor ready to pounce upon his ideas and appropriate them.

A Minister's Good Fortune.

Rev. J. R. Miller, pastor of the First M. E. church of Big Run, Pa., writes the Lafayette, Ind., echo as follows: "Overwork in the ministry last winter caused me to break down completely. I treated with several physicians without relief, and finally gave up and traveled eight weeks, doctoring all the time, and came home no better. I then began the use of Dr. Miles Restorative Nerve, four bottles of which cured me, and I am now as well as ever in my life."

Circuit Court.

The February term of the state circuit court convened this morning. Judge Bradshaw called court promptly at ten o'clock and at once proceeded to business. The following grand jurors were called: Messrs. F. A. Siefert, Polk Butler, B. C. McAtee, O. S. Morgan, Samuel Broyles, James Brown, Van Woodruff and Jas. Blakeney was appointed grand jury bailiff. The docket was called and default was granted in Patten vs Patten.

The case of Barrie vs. Moody was set for trial. The judge then took up the demure in Collins et al vs Herbring. The docket is a light one and will not consume a great deal of time.

Boyd Pleasure Party.

Boyd, Or., Feb. 9, 1893.

The Liberty whist club was entertained last Wednesday evening by Mr. and Mrs. G. W. Rice. A large number of their friends were present. Mrs. Dr. Bell secured the first prize and G. W. Rice the booby. After the prizes were awarded they had an old fashioned candy-pulling and Dr. Bell closed the entertainment with some of his choicest music.

PERSONAL MENTION.

Father Bronsgeest is convalescing. Mr. Polk Butler of Nansene is in the city.

Mrs. Fred Sherman is recovering from a sick spell.

Flora and Alice Mulligan arrived here today from Missoula, Mont., on a visit to friends.

G. I. Sargent, special examiner of the Equitable Mortgage Co., is in the city to lay on company business.

The following attorneys are in attendance on the circuit court: A. S. Bennett, H. S. Wilson, J. L. Story, J. B. Condon, B. S. Huntington, H. H. Riddell, W. H. Wilson, E. B. Dufur, Frank Menefee and E. Schutz.

Capt. J. W. Lewis has so far recovered from his illness as to be able to resume his duties at the U. S. Land office, which will be gratifying news to our readers. Apropos, Grand Mogul Harbison has winged his flight eastward, which is just as gratifying.

J. H. Miller, of Crook county, a brother of Joaquin Miller, came in from Prineville today. He got as far as Biggs with an eight-horse team, but snow drifts prevented coming farther. Stock is doing well in Crook county and roads are in good order.

ROTEL ARRIVALS.

THROTTLE AND CAB.

Meaty morsels of News and Gossip for Trainmen.

The bridge carpenters have recently had their force increased by sixteen men.

Foreman DeHuff has had a number of men shoveling snow in the yards for several days.

Joe Earhart, of No. 546, on his last trip, killed four head of horses, one of which lodged on the pilot, necessitating a short stop.

The rotary snow plow, which was borrowed from the Idaho division, went back Saturday night, after doing effective service near Bonneville in raising the blockade.

Hostler W. H. Congdon has been succeeded here by Mike Nolan, who stood first for promotion in the company's employ. Mr. Congdon is now a main line engineer.

One of the noblest of the iron horses is engine No. 560, which has just entered service on this division. It is the largest locomotive on the line, formerly of the mountain division, and has just been subjected to a thorough overhauling and refitting at Albina. Engineer Olie Barrett and Fireman Geo. Landreth took it out the first time on No. 8 Saturday.

Ben Eben, the veteran caller, is a man of unwearied patience, and is thus the butt of many a good-natured joke by the boys in the yard; but the contigued snow-fall has taxed both his strength and patience to the utmost, in consequence of being obliged to call so many more because of the storm, and Saturday, when the flakes were falling as big as dollars, he boiled over for once in a few choice words of his own language.

Advertised Letters.

What is lacking is truth and confidence. If there were absolute truth on the one hand and absolute confidence on the other, it wouldn't be necessary for the makers of Dr. Sage's Catarrh Remedy to back up a plain statement of fact by a \$500 guarantee. They say—"If we can't cure you (make it personal please,) of catarrh in the head, in any form or stage, we'll pay you \$500 for your trouble in making the trial." "An advertising fake" you say. Funny isn't it, how some people prefer sickness to health when the remedy is positive and the guarantee absolute. Wise men don't put money back of "fakes." And "faking" doesn't pay.

The only 3-story, fire-proof brick building in the city. For further particulars inquire of Tom Kelly, at The Umatilla house.

Rotten Ice.

The ice in the river is thoroughly rotten and it is foolhardy to try to cross the river or be on it at all. A young man while crossing yesterday morning, broke in, but fortunately escaped with no other damage than a thorough wetting. R. S. Andrews of Hood River tells of another man who crossed on snow shoes at that point, who punched through the ice all the way across with a stick which he carried.

1,000 Tons of Ice a Day.

J. H. Taffe writes as follows: under date of the 9th: We are now cutting and housing about 1,000 tons daily of clear ice about 14 inches thick. It would be a treat to anyone to see our ice elevator work.

Magical little granules—those tiny, sugar-coated Pellets of Dr. Pierce—scarcely larger than mustard seeds, yet powerful to cure—active, yet mild in operation. The best Liver Pill ever invented. Cure sick headache, dizziness, constipation. One dose.
