A. ULRICH & SON.

What is lacking is truth and con-
fidence. If there were absolute truth
on the one hand and absolute confidence
on the other, it wouldn't be necessary
for the makers of Dr. Sage's Catarrh
Remedy to back up a plain statement of
fact by a \$500 guarantee. They say—"If
we can't cure you (make it personal
please), of catarrh in the head, in any
form or stage, we'll pay you \$500 for
your trouble in making the trial." "An
advertising fake" you say. Funny isn't
it, how some people prefer sickness to
health when the remedy is positive and
the guarantee absolute. Wise men
don't put money back of "fakes." And
"faking" doesn't pay.

2,228,672.

These figures represent the number of
bottles of Dr. King's New Discovery for
consumption, coughs and colds, which
were sold in the United States from
March, '91 to March, '92. Two million,
two hundred and twenty-eight thousand,
six hundred and seventy-two bottles
sold in one year, and each and every
bottle was sold on a positive guarantee

isfactory results did not follow its use.
The secret of its success is plain. It
never disappoints and can always be de-
pended on as the very best remedy for

SEATTLE'S MERCURY

Editors of a Sporting Paper Come
to Grief.

PEOPLE'S THEATER MEN MAD

Because They Designated It "A
Branch of Hell."

PUNISHMENT ON BOTH SIDES

Legal, Meteorological and Legislat-
rial News Happenings in the
Washington Town.

SEATTLE, Wash., Feb. 17.—[Special.]—
In order that the city of Seattle may
maintain her dignity among the other
cities, two young men, by the names of
Johnson and Levere, began the publica-
tion of a "Sunday Mercury," about
three months ago, and the articles there-
in contained have not been much
noticed, other than receiving the quiet
condemnation of the respectable citizens,
until last Saturday, one John W. Con-
sidine, proprietor of the People's Theater,
and one of the theater's attaches,
called at the Mercury office and pro-
ceeded to punish the editors for calling
the theater "a branch of hell." Several
shots were exchanged and the People's
Theater attache received a bullet in his
shoulder, while one of the editors of the
paper received such a beating with the
butt of Considine's revolver that it is
thought he will die. The people, while
not in sympathy with the paper, are
not at all in sympathy with the mode of
punishing editors.

The Yessler will case is yet in progress
and it is hoped that the preliminary ex-
amination will soon reach a termination.
The defence has argued for a non-suit,
and unless same is granted, evidence on
behalf of the defendant will be intro-
duced, which will take another week.

The weather has been beautiful for
the last three or four days, rain having
fallen instead of snow. The great fall of
snow has not been equalled in thirteen
years, but most of it has disappeared.

The side show at Olympia, in which
they are trying to elect a United States
senator, seems to keep up the interest
of the people without much effort. It
is believed that a man whose name is
not yet before the legislature will be the
ultimate choice for United States senator.
The democrats are in hopes of
causing a deadlock and having the leg-
islature adjourn without electing a United
States senator, in which event the gov-
ernor will appoint Mr. Allen's successor,
who will hold the office until the next
legislature, at which time the democ-
rats hope to have sufficient strength to
elect a United States senator.

Kanakas Can't Kick.

WASHINGTON, Feb. 16.—The treaty of
annexation concluded between Secretary
of State Foster and the commissioners
of the provisional government of Hawaii
was transmitted to the senate yesterday,
but was not made public.

The message of the president was
brief. It stated that it is deemed more
desirable fully to annex the islands than
to establish a protectorate. The president
says the overthrow of the monarchy was
not in any way prompted by this gov-
ernment; that the restoration of Liliu-
okalani is undesirable, if not impossible;
that unless actively supported by the
United States restoration would be ac-
companied by serious disaster and the
disorganization of all business interests.
He further says: "It is essential that
none of the great powers shall secure
these islands. Such possession would
not be consistent with our safety, nor
with the peace of the world."

Until congress provides otherwise, the
existing government and laws of the
Hawaiian islands will be continued sub-
ject to the paramount authority of the
United States. The president is to ap-
point a resident commissioner, who
shall have power to veto any act of said
government until congress enacts the
necessary legislation, excepting that the
commercial relations of the Hawaiian
islands, both with the United States
and foreign governments, shall continue.
The further immigration of Chinese
into the islands is prohibited, and the
Chinese now in the islands shall not be
permitted to come into the present ter-
ritory of the United States.

The public debt of the islands is es-
timated by the United States to the ex-
tent of \$3,250,000. The United States
agrees to pay Queen Liliuokalani \$20,-
000 a year during her life, and Princess
Kalaulani \$15,000.

MAKES IT OVER A MILLION.

The Appropriation to Oregon Is Retained
Again.

WASHINGTON, Feb. 16.—In the senate,
the discussion reverted to the sundry
civil bill, and the appropriation for the
canal at the cascades of the Columbia
river, Oregon, was, on motion of Mitch-
ell, fixed at \$1,239,050, instead of \$800,-
000, as proposed by the committee.
The vote was 24 to 20.

The Kansas Trouble.

TOPEKA, Kan., Feb. 16.—The city is
black and blue today—black with people
come to see the fun; blue with troops.
Every train arriving for the past twelve
hours has brought troops and republic-
an and populist volunteers, armed with
all sorts of weapons, anxious to take a
hand in the fight.

The republican house is still besieged
in the representatives hall, and the
force of state militia is still posted
around the capitol. Colonel Hughes
has again declined to obey the governor's
order to eject the republicans, and the
only resources the governor has beside
the regular militia are three companies
of populist provisional troops.

The troops sympathize mostly with
the republicans; so, in spite of the ad-
jutant-general's orders not to allow food
to be taken into the capitol, the soldiers
conveniently fail to see well-filled
baskets of provisions hauled up to the
representative hall by means of ropes.
The Wichita battery even went so far
as to bring its gattling on the ground
unfit for use. One very essential part
of its mechanism was removed. The cap-
tain of the battery seemed greatly sur-
prised when his attention was called to
the fact, and called up his men one by
one and questioned them about it. All
denied any knowledge of the circum-
stance, and the piece still frowns im-
potently at the supposedly invading rep-
ublicans.

There was no sleep for the imprisoned
republicans in representative hall.
With the heat shut off, they had to or-
ganize pedestrian matches and other ex-
ercises to keep up circulation of the
blood. At 4 o'clock half a dozen gaso-
line stoves were sent up to them by
ropes, and the members gathered around
them to get what warmth they could.

The populists planned to assault the
republican stronghold at 3 o'clock this
morning, hoping to take them by sur-
prise.

Colonel Hughes learned of the plan
and informed the republicans that they
had nothing to fear from him. A little
later he was summoned to the governor's
office, the plan laid before him and he
was ordered to carry it out. He posi-
tively refused, declaring that he was
there as a peace officer; that the repub-
lican house was the only legal one, and
he would not interfere with it.

The governor threatened to relieve
him. He retorted that the regiment
would disband at the same time.

This piece of insubordination, to-
gether with the fact that nearly all the
commanders of the state troops are rep-
ublicans, about decided the governor to
place no more reliance on the militia.

Among the arrivals today were about
400 armed republicans and 100 armed
populists.

Sheriff Wilkerson is swearing in a
posse of 1,000 men, ostensibly to pre-
serve the peace, but it is generally be-
lieved to support the republican posi-
tion. A conflict may take place when
the posse is put to work.

At 2 p. m. the governor's private
secretary appeared and submitted a
proposition in writing from the governor to
withdraw the militia and not allow the
populists to be interfered with by the
republicans if the republicans would drop
all legal proceedings against the popu-
lists and if the sheriff would disband his
posse, the agreement to last till the close
of the session of the legislature. The
republicans are now considering the
proposition.

Parents of the Girl Consulting With

RIOTS ANTICIPATED IN IDAHO

Two Thousand Men Will Be Thrown
Out of Employment in the Cœur
d'Alene.

BOSTON, Feb. 16.—Boston's swell club,
the Algonquin, is minus its secretary,
W. W. Gooch, who has run away. Miss
Carrie Herrick, the pretty daughter of
S. H. Herrick, the millionaire wine
merchant, is also missing, and those
who know something of the history of
each have no hesitancy in assert-
ing that they have eloped. Mrs.
Gooch is prostrated at her home at Rox-
bury Highlands, and the parents of the
missing girl have spent most of the en-
tire day at the Gooch residence in con-
sultation with Mrs. Gooch and her
mother. Mr. Gooch is the son of the
late Daniel Gooch, who formerly was in
congress.

Death of Rev. Cushing Eells.

TACOMA, Wash., Feb. 16.—Rev. Cush-
ing Eells died of pneumonia at his son
Edwin's residence in Tacoma, at 2:30
this morning. Death occurred on his
83d birthday. He was born in Massa-
chusetts, and graduated at Williams
college in 1834. He leaves two sons,
Edwin, the Indian agent of the Puyallup
reservation, and Rev. Myron, of Sno-
homish, Wash. He was an Indian mis-
sionary in Eastern Washington from '43
to '48, taught at the Willamette univer-
sity of Salem in 1861, and helped found
the Pacific college at Forest Grove, Or.
He also founded and contributed \$30,000
for the establishment of Whitman col-
lege at Walla Walla.

Labor Riots Anticipated.

BOISE, Idaho, Feb. 16.—Advices from
the Cœur d'Alene silver and lead min-
ing districts of Shoshone county say that
owing to the low prices of silver the
mines will, within a few weeks, be com-
pelled to shut down. This will throw
2,000 men out of employment and have
a disastrous effect upon Northern Idaho.
Mine-owners fear that a general closing
down will lead to a repetition of the
labor riots of last July.

"A library in itself," a trite phrase,
often misapplied, means something,
when applied to this magnificent work.
It is the product of nearly 1,200 of the
world's most eminent scholars, in every
department of learning. There is hardly
anything in any department of knowl-
edge that is "worth knowing" that will
not be found here elaborately and clearly
set forth—and all fairly within reach
of every school-boy—all for a payment of
only 5 cents a day, for 420 days, or for
\$20 cash down. See advertisement else-

office, and join us, if you please, in

Mr. Albert Favorite, of Arkansas City,
Kan., wishes to give our readers the
benefit of his experience with colds. He
says: "I contracted a cold early last
spring that settled on my lungs, and had
hardly recovered from it when I caught
another that hung on all summer and
left me with a hacking cough which I
thought I never would get rid of. I had
used Chamberlain's Cough Remedy
some fourteen years ago with much suc-
cess, and concluded to try it again.
When I got through with one bottle my
cough had left me, and I have not suf-
fered with a cough or cold since. I have
recommended it to others, and all speak
well of it." 50 cent bottles for sale by
