The annual report of the director of the mint for 1892 shows the value of the gold product of the United States to be \$33,000,000, about the average of recent years. The product of silver was 58,000,000 ounces, of the commercial value of \$50,750,000, a falling off of 330,000 ounces from the preceding year. The amount of silver purchased by the government during the year was 54,129,827 fine ounces, costing \$47,394,291, an average of 87 1/2 cents per fine ounce. From it 6,333,245 silver dollars were coined during the year. The imports of gold aggregate \$18,165,050 and the exports \$76,745,592, a net loss of \$58,570,536. Silver imports were \$31,450,968 and exports \$37,541,301. The amount of money in circulation (exclusive of the amount in the treasury) was \$1,611,321,753 on January 1, an increase of \$18,925,124 during the year. There was an increase of over \$12,000,000 in the gold product of the world during the last calendar year; of this \$2,500,000 was from Australia and over \$9,000,000 from South Africa. The total silver product of the world increased about 7,650,000 ounces, occasioned chiefly by an increase of 4,600,000 ounces in the product of Mexican mines and 2,400,000 in Australian.

A. B. Ford, an independent salmon canner of Yes bay, Alaska, views with complacency the recent movement on the part of the Alaskan canners to form a permanent organization. "There are a few of us yet," he said recently to an Oregonian reporter, "who stand upon an independent basis, and we shall perhaps do better now than before the trust was formed. I think the trust is a good thing, inasmuch as it regulates the season's pack and keeps the market from becoming overstocked. The capital of the new concern is said to be \$500,000. The trust of last year was simply an experiment, but it proved to be such a success that now they have all gone into a permanent organization. You see, the cost of packing will be greatly reduced because supplies can be purchased in such large quantities that the discount will be heavy. Then a large number of superintendents, processors, bookkeepers, etc., can be done away with. Probably the biggest saving will be in the shutting down of expensive canneries and increasing the output of those that can be run cheaper. The Alaskan trust will fix the prices of their salmon, and really control the market, although their fish is inferior to the Columbia river product."

As compared with the stage area of "The MacKaye Spectatorium" the ordinary theater stage is that of a babe to a Titan. The largest theater in the world is the Grand Opera House at Paris and this has a scenic area of 20,000 square feet, while the area of the scenic department in "The MacKaye Spectatorium" is about 104,000 square feet. Every inch of this stage room is necessary for the proper manipulation of the immense spectacular features of the spectatorio to be given in the building. Every one of the scenes used is novel and covered by patents issued to the inventor, Mr. Steele MacKaye. A \$30,000 model has been constructed which is said, by those who have seen it, to realize results in art, transcending in beauty and wonder anything that has ever been revealed in this field.

Mr. Gladstone claims direct descent from Henry III., king of England, and from Robert Bruce, king of Scotland. It is thought that the reason why he has invariably refused any title or peerage is because of his knowledge of his royal descent from the kings of both England and Scotland.

One of the largest orchards in the state is to be planted in the Yakima valley next year, at which time 107,000 trees will be set out. The orchard will cover 1,300 acres and will be planted principally with apples and prunes, although 100 acres each will be set to pears and peaches and 200 acres to grapes.

Two new counties in Western Oregon have been formed and given the names of Lincoln and Blaine. They were cut off from the counties of Benton and Lane respectively, which were named in the days when Oregon was counted in the democratic column.

The Czar of Russia personally spends about \$10,000,000 annually and thousands of his subjects go hungry and in rags to furnish him with everything he desires.

Treas. Dalles City.

ELECTRIC FLASHES.
The troops for Hawaii will probably go from this coast, if any are sent.
The receivers of the Reading road met at the general offices of the company yesterday, and busied themselves in going over the affairs of the road.
A passenger train on the West Shore road was wrecked at Palmyra, New York, yesterday afternoon, in which three persons were killed and twelve wounded.

J. W. Frost, who murdered Henry J. Roth, at a railroad camp at Wright's near San Jose, Cal., has been arrested at Los Gatos by a deputy sheriff and brought to jail. Frost claims that he acted in self-defense.

Governor McKinley is a bankrupt. He indorsed R. L. Walker's notes for five times what they were worth. An investigation into the failure of Walker, shows that Governor McKinley's liabilities as indorser are from \$100,000 to \$110,000. He emphatically denies the report that he intends to resign the governorship.

Mr. Albert Favorite, of Arkansas City, Kan., wishes to give our readers the benefit of his experience with colds. He says: "I contracted a cold early last spring that settled on my lungs, and had hardly recovered from it when I caught another that hung on all summer and left me with a hacking cough which I thought I never would get rid of. I had used Chamberlain's Cough Remedy some fourteen years ago with much success, and concluded to try it again. When I got through with one bottle my cough had left me, and I have not suffered with a cough or cold since. I have recommended it to others, and all speak well of it." 50 cent bottles for sale by Blakeley & Houghton, Druggists.

A Million Friends.
A friend in need is a friend indeed and not less than one million people have found just such a friend in Dr. King's New Discovery for Consumption, Coughs, and Colds. If you have never used this Great Cough Medicine, one trial will convince you that it has wonderful curative powers in all diseases of Throat, Chest and Lungs. Each bottle is guaranteed to do all that is claimed or money will be refunded. Trial bottles free at Snipes & Kinersly's drug store. Large bottles 50c and \$1.00.

Shiloh's cure, the Great Cough and Croup Cure, is for sale by Snipes & Kinersly. Pocket size contains twenty-five doses, only 25c. Children love it.

Gen. G. T. Beauregard, who has been seriously ill for a couple of weeks, died in New Orleans city at 11 o'clock Monday night.
Joseph V. Dory, of Warsaw, Ill., was troubled with rheumatism and tried a number of different remedies, but says none of them seemed to do him any good; but finally he got hold of one that speedily cured him. He was much pleased with it, and felt sure that others similarly afflicted would like to know what the remedy was that cured him. He states for the benefit of the public that it is called Chamberlain's Pain Balm. For sale by Blakeley & Houghton, Druggists.

make a long tail (tale) short. A man, after he has eaten a good dinner, may feel extravagantly joyous; but the next day—oh! but he is surly and grim, his stomach and liver are sluggish, he is morose, despondent and "out of sorts" generally. But he may get a prompt return for his money by purchasing Dr. Pierce's Pleasant Pellets.

There's nothing like them. They are tiny Liver Pills, sugar-coated, but thorough in results. One Pellet is laxative, three to four cathartic.

For Indigestion, Biliousness, and all derangements of the Stomach, Liver and Bowels, they work like a charm, and you get a lasting benefit and a permanent cure.

They're the cheapest Pill, because safe and sure, while the manufacturers guarantee they'll give satisfaction, or your money is returned!

You only pay for the good you get. Can you ask more?
What's the use! suffering any more from those dizzy spells, the headaches and all; make the attack yourself, with one or two of these little, Sugar-coated Pellets, and they will do the rest. They are a perfect vest-pocket remedy. Purely vegetable and perfectly harmless. By druggists. 25 cents a vial.

WINANS

THE NEW TOWN has been platted on the old camp ground, at the Forks and Falls of Hood river, with large slightly lots, broad streets and alleys, good soil, pure cold water and shade in profusion, perfect drainage, delightful mountain climate, the central attraction as a mountain summer resort and for all Oregon, being the nearest town to Mt. Hood. It is also unparalleled as a manufacturing center, being the natural center for 150 square miles of the best cedar and fir timber, possessing millions of horse power in its dashing streams and waterfalls, easily harnessed. Where cheap motive power exists, there the manufacturing will center, surrounded by soil and climate that cannot be excelled anywhere for fruit and agriculture, and with transportation already assured you will find this the place to make a perfect home or a paying investment.

See me on the ground, or address me at Hood River, Wasco County, Oregon.
