TUESDAY, FEB. 28, 1893

If proof were wanted that Mr. Allen's majority is artificial, misrepresentative and delusive, it is supplied by the paradoxical conduct of Senator Van de Venter of King, says the Spokane Review.

It is quite generally known that the largest wheat-growing farm in the world is owned by Buffalo men, but very few men of this city know that a Buffalo man is the owner of the largest farm in the world, that is used exclusively for breeding and raising trotting horses.

There are thousands of acres of marsh lands in the states of Oregon and Washington crying for capital to take hold and develop it. It is as fine land as can be found in the world.

A plow specially constructed for side-hill work has been received at Walla Walla. The Spectator says it is a single plow, but fitted up with gang-plow gearing.

Help Yourself. Astoria Herald.

Oregon has no fish commissioners this year. The old law was repealed by the passage of the new one, and Governor Penoyer fixed the new one with his little veto, consequently Oregon is without a fish commission.

Independence Pleas'd. West Side.

Our people were led to rejoice last Saturday when the news reached us that the normal appropriation amounted to \$22,382. While no new buildings will be built this year, the school will go forward as before, and its attendance be largely increased.

Collection of Taxes. Heppner Record.

The bill to abolish the present system of collecting taxes passed both houses. It goes into effect at once. It does away with the necessity of the sheriff visiting every precinct in the county for the purpose of collecting taxes, and hereafter every person must call at the sheriff's office and pay his taxes there.

Shiloh's cure, the Great Cough and Croup Cure, is for sale by Snipes & Kinnersly. Pocket size contains twenty-five doses, only 25c. Children love it.

The opportunity to get the encyclopedia will soon close.

Not the Grip. There is a family in this city which lives in constant awe of the grip, and this fear is particularly centered on the small boy of the house, albeit he is a robust specimen of his age.

A Mean Plot. Pretty Girl—Do you think it would be immodest for a woman to propose during leap year? Old Bachelor (ferverently)—No, indeed; no, indeed. I think it would be eminently sensible.

Soldier Elisha Ball's Will. An odd will was filed at the probate office in Auburn on Tuesday. It was that of Elisha Ball, of Minot, and was dated in 1867, but the maker of the will had outlived all the witnesses to it, and it had to be proved from the handwriting of the man who drew it.

Blooded Stallions Fight. Two blooded stallions got out of their stable at Chillicothe recently and engaged in fierce contest. The brutes fought up and down the public road for nearly two miles, the battle continuing with unabated fury until one was dead and the other so seriously injured by the steel clad hoofs of his antagonist that he will probably have to be killed.

Sounds Like Human Voices. Our whippoorwill demands his punishment in a distinct imitation of the human voice, and the command of the guinea fowl to come back could easily be mistaken for a human voice.

Explaining a Term. Chemical attraction—a force tending to unite everything that ought to be separated and separate everything that ought to be united.

For Sale or Trade. For Seattle or other city property in Oregon or Washington a fine fruit and stock ranch close to this city. Post-office box 446.

For Rent. The only 3-story, fire-proof brick building in the city. For further particulars inquire of Tom Kelly, at The Umatilla house.

FOR SALE. Ten lots in North Dalles, 50 per cent. less than company prices.

Captain Sweeney, U. S. A., San Diego, Cal., says: "Shiloh's Catarrh Remedy is the first medicine I have ever found that would do me any good."

Always open—the offer made by the proprietors of Dr. Sage's Catarrh Remedy. It's a reward of \$500 cash for an incurable case of catarrh, no matter how bad, or of how long standing.

If you can't be cured, you'll be paid.

The only question is—are you willing to make the test, if the makers are willing to take the risk?

If so, the rest is easy. You pay your druggist fifty cents and the trial begins.

If you're wanting the \$500 you'll get something better—a cure!

WINANS

THE NEW TOWN has been platted on the old camp ground, at the Forks and Falls of Hood river, with large slightly lots, broad streets and alleys, good soil, pure cold water and shade in profusion, perfect drainage, delightful mountain climate, the central attraction as a mountain summer resort and for all Oregon, being the nearest town to Mt. Hood. It is also unparalleled as a manufacturing center, being the natural center for 150 square miles of the best cedar and fir timber, possessing millions of horse power in its dashing streams and waterfalls, easily harnessed. Where cheap motive power exists, there the manufacturing facilities will center, surrounded by soil and climate that cannot be excelled anywhere for fruit and agriculture, and with transportation already assured you will find this the place to make a perfect home or a paying investment

See me on the ground, or address me at Hood River, Wasco County, Oregon.
