MARCH MELANGE.

Stray Bits of News Gathered From All Sources.

He had his neckties and his collars And a lot of iron dollars, All neatly packed away within his trunk; But he got to shooting traps With a lot of other chaps, And his scheme to see Chicago went kerfunk,

Roads are rapidly drying. Property owners have begun cleaning their yards.

The thermometer barely reached freezing last night. Plowing was commenced on the Wapinitia flat last Saturday.

The ferry boat at Arlington is propelled by a gasoline engine.

A party was given by the Misses Cushing at their home on the hill last evening.

A marriage license was issued to Mr. Mark Collins, to wed Miss Julia Porter, both of King sley.

City council meeting tonight. The only unfinished business of any importance is the matter of passing an ordinance for a sewer between Laughlin and Jefferson streets.

The largest greenback extant is a \$10,000 bill, and only one such note has been printed by the government. In looking over our cabinet of curios we find that it is not with our collection.

The Montana legislature has followed the example of Wyoming and adjourned without electing a senator. The dispatch says Governor Richards will appoint one. As this is unconstitutional the report is an error.

Hon. Wm. Kelsay, familiarly known as "Uncle Billy," is in town and will return tomorrow. He says the people of his section are incensed at the verdict against Cal Hale, as it was shown that he was not in the country at the time of the Roysin robbery.

Dance at Klindt's.

A large number of people met at the farm house of Henry Klindt last night and danced to the music of violin and piano until far past midnight. There were fully one hundred people present, many coming from the country.

WOOD, WOOD, WOOD.

Best grades of oak, fir, and slab cord wood, at lowest market rates at Jos. T. Peters & Co. (Office Second and Jefferson streets.)

Proposals for Bids.

Sealed bids will be received at the office of Crandall & Bridget until noon March 20th, 1893, for the superstructure of a proposed dwelling to be built for W. L. Bradshaw on the northeast corner of Washington and Fourth streets, The Dalles, Or., according to the plans and specifications prepared by C. J. Crandall.

Bids will also be received at the same time and place for the mason work of the above mentioned building. Plans and specifications can be seen at the office of Crandall & Bridget.

The right is reserved to reject any and all bids.

The Mohr Portage.

In the matter of the portage road there is little new to report. Contractor Glenn has been in town for several days, but commencement of actual work seems to be hanging on the arrival of Paul Mohr. The scrapers, carts, etc., which arrived from Portland last week were taken up to Grants and there ferried across the river. When work begins it is probable it will be commenced at the east end of the line, near Columbus, though it is not yet definitely settled.

Stock Losses.

Mr. C. W. Haight, of the Des Chutes country, came in town today. Mr. Haight has been riding over the range himself considerably during the past two months, and is as well posted as anybody regarding the loss of stock. He says that the loss of cattle will reach ten per cent., all reports to the contrary notwithstanding. Sheep have fared well and there has been no loss to speak of. Everybody is well supplied with feed and will feed yet for several weeks. On the north hill sides the snow is still solid, but the south sides are bare.

Drive Whist Party.

A very pleasant drive whist party was given last evening at the residence of Mr. and Mrs. J. B. Crossen. An excellent lunch was served and the evening passed off pleasantly. A very pretty event of the evening was a serenade by a party of young men, while the game was in progress, which was enjoyed by those present, for which the host and hostess and those present wish to return thanks. The first prize was won by W. H. Wilson. Those present were Mr and Mrs Judge Bradshaw, Mr and Mrs Dr Rhinehart, Mr and Mrs H M Beall, Mr and Mrs W H Wilson, Mr and Mrs J B Crossen and Master Will Crossen.

Sheep Dip For Chickens.

Walla Walla Statesman. C. E. Sherlock, one of Lake county's greatest sheep growers, says that he has been experimenting with sheep dip. Being informed by the stock inspector that dipping chickens would increase their laying qualities, he dipped eighty of his fine hens. The result was that sixty of the eighty were dead next morning. Some Indians took the dead chickens away and ate them, and in a few days one of them came back and asked Mr. Sherlock when he was going to dip chickens again.

"Dimpled cheeks and eyes of blue, Mouth like a flower fresh with dew; And little teeth just poking through, This is the baby."

Photo by Herrin, enlarged picture free.

Mr. C. F. Davis, editor of the Bloomfield, Iowa, Farmer, says: "I can recommend Chamberlain's Cough Remedy to all sufferers with colds and croup. I have used it in my family for the past two years and have found it the best I ever used for the purposes for which it was intended. 50 cent bottles for sale by Blakeley & Houghton, Druggists."

An Estray Bay Mare.

Came to my place last fall a bay mare about five years old, with small white spot on right side, also white spot on left hip, star in the forehead, with some dim brand on left shoulder, weight about eight hundred pounds. Owner can have the same by proving property and paying costs. V. J. KELLY, 15-Mile creek.

FOR SALE.

Ten lots in North Dalles, 50 per cent. less than company prices.

G. BURLINGAME.

Herrin's Discovery.

We were shown today by Photographer Herrin a block of wood upon which a photograph had been made direct, a discovery made by him, which five years ago would have made his fortune. Though the process is not new, it is none the less a discovery, for the secret has been jealously guarded by its possessors, and there is no one in Portland today, and but one in California who knows how it is done. There are many who can photograph on wood by first coating it with gelatine or some other substance, but it serves no purpose to the engraver, as he cannot tell whether he is cutting the wood or not. For more than a year Mr. Herrin has been experimenting and was about to give it up, when one day recently, in an idle moment, he picked up a negative at random and was surprised to find that he had hit upon the formula. He has had several orders already from engravers in Portland and Oakland, California.

The Nimrods.

Corvallis Gazette. The Allen Bros. of Philomath, went out hunting with their hounds in the region of Mary's peak. As they were scouting through the timber the dogs ran onto a large panther, which had just killed a deer and was about to make a meal of it. The panther, on the onset of the dogs, took to a tree, while the hunters came up and secured the deer. They then shot the panther, flayed it and brought the skin into Corvallis in a fine state of preservation, where it was bought by Professor Washburn to be prepared and mounted in the agricultural college museum. The animal measured seven feet in length, and was an unusually fine specimen.

A Wonderful Opportunity. Closed This Week.

The surprising opportunity of securing the great Encyclopedia Britannica, elsewhere presented, closes, so far as this paper is concerned, with this week. Our arrangement with the publisher was for four weeks only, and this is the last of the four. It is the great genuine Encyclopedia Britannica, over 20,500 pages, 10,000 illustrations and 100 maps, in good cloth binding, all for \$20.00, and even that payable (with \$1.00 extra) in installments of \$1.00 every twenty days. We are ordering the work ourselves; you can join us, if you please, and save some trouble and expense. It costs nothing to see a sample at this office.

There's a good deal of guarantee business in the store keeping of today. It's too excessive. Or too reluctant. Half the time it means nothing. Words—only words.

This offer to refund the money, or to pay a reward, is made under the hope that you won't want your money back, and that you won't claim the reward. Of course.

So, whoever is honest in making it, and works—not on his own reputation alone, but through the local dealer, whom you know, must have something he has faith in back of the guarantee. The business wouldn't stand a year without it.

What is lacking is confidence. Back of that, what is lacking is that clear honesty which is above the "average practice."

Dr. Pierce's medicines are guaranteed to accomplish what they are intended to do, and their makers give the money back if the result isn't apparent.

Doesn't it strike you that a medicine which the makers have so much confidence in, is the medicine for you.

Very Clever.

Thomas A. Edison has completed arrangements to show his latest invention, the kinetograph, at the world's fair. The kinetograph is a remarkable device, but not very useful; an instrument by which every gesture of a speaker may be photographed and at the same time every word he utters is recorded on the cylinder of a phonograph. The two devices are then connected, the photographing apparatus and the phonograph. By throwing the photograph on a screen and starting the talking machine the words and gestures of any speaker can be reproduced. The effect produced is that the figure on the screen is doing the talking. The deception is said to be very clever.

A Fortune in His Hands.

Pendleton Tribune. The water of the famous Bingham spring that gurgles from the mountain side thirty miles above Pendleton on the banks of the Umatilla river that has gone to waste for ages, notwithstanding its wonderful mineral qualities, will soon be utilized. It has been until recently controlled by a non-progressive individual who made no attempt to economize it, and recently the property has changed hands and the exclusive right to bottle and handle this wonderful water is now controlled by Arthur Hammond, the proprietor of the Goldea Rule hotel of this place, who will have upon the market within thirty days an ample supply. Old residents of this county who for more than a decade have used the water from this wonderful spring are a unit in speaking its praise. Many an inebriate whose stomach was worn threadbare by king alcohol has been speedily healed by this beverage. It is a fact that for stomach troubles and nervous debility, this water cannot be excelled. Mr. Hammond has a fortune in his hands, for so soon as his goods are placed upon the market and a fair trial given them, the demand is bound to be enormous.

Rheumatism Quickly Cured.

Three days is a very short time in which to cure a bad case of rheumatism; but it can be done, if the proper treatment is adopted, as will be seen by the following from James Lambert, of New Brunswick, Ill: "I was badly afflicted with rheumatism in the hips and legs, when I bought a bottle of Chamberlain's Pain Balm. It cured me in three days. I am all right today; and would insist on every one who is afflicted with that terrible disease to use Chamberlain's Pain Balm and get well at once." 50 cent bottles for sale by Blakeley & Houghton.

NOTICE.

All Dalles City warrants registered prior to May 1, 1891, will be paid if presented at my office. Interest ceases from and after this date. Dated, Jan. 3d, 1893.

L. RORDEN, Treas. Dalles City.

Cholera in Pennsylvania.

Swickley, Penn: We had an epidemic of cholera, as our physicians called it, in this place lately and I made a great hit with Chamberlain's Colic, Cholera and Diarrhoea Remedy. I sold four dozen bottles of it in one week and have since sold nearly a gross. This remedy did the work and was a big advertisement for me. Several persons who had been troubled with diarrhoea for two or three weeks were cured by a few doses of this medicine.

Stockholders' Meeting.

THE DALLES, Or., March 3, 1893. Notice is hereby given that there will be a stockholders' meeting of The Dalles, Portland & Astoria Navigation Co. at THE CHRONICLE hall on Tuesday, April 4th, 1893, at 2 o'clock p. m. for the purpose of electing seven directors, and transacting such other business as may properly come before said meeting. By order of the President. S. L. BROOKS, Sec'y.

Mothers' Recommendation.

We are acquainted with many mothers in Centerville who would not be without Chamberlain's Cough Remedy in the house for a good many times its cost, and are recommending it every day. From personal experience we can say that it has broken up bad colds for our children.—Centerville, South Dakota, citizen. 50 cent bottles for sale by Blakeley & Houghton.

Senator Stanford Wanted to Expel 300.

Stories are already beginning to come from Leland Stanford, Jr., university, at Palo Alto. Last week about 300 students let off the brakes of a flat car which was standing near the university, and many of them got aboard and started down grade toward the station. In a short time the car was spinning along at a lively rate, and the lads did not stop it until it had reached Palo Alto. The car was missing the following morning, and a special engine had to be sent from San Jose to haul it back.

Senator Stanford was wrathful when he heard of the incident, and proposed to expel the ringleaders. It was discovered that there were fully 300 boys engaged in the affair, and the senator gave orders that they should all be required to leave. The order would probably have been enforced but for Mrs. Stanford. She interceded for the youngsters, and excused them by saying that it was only a boyish prank. She finally succeeded in inducing Stanford to change his resolution.—Cor. Chicago Inter-Ocean.
