**SAME OLD SWINDLE.**

The "green goods" industry has not been attended with any fatality, as far as any records go, since Holland, the little Texan, shot and killed Tom Davis, the big crook, and alleged counterfeit money dealer, some years ago in New York, until the incident of Poughkeepsie, in which George Appo, the half-breed Chinese cook, who attempted to swindle two South Carolina rustics, was shot by one of them. The man who did the shooting, and who gave his name as Ira Hogshead, is now in the Poughkeepsie jail. A curious feature of these swindles is that the would-be purchaser of alleged counterfeit money, "which it is impossible to tell from genuine," come from South and Southwest. The game is old, very old, and the papers have teemed with instances of it for years past; yet victims are still gathered in. The men who come here with the idea of getting something for nothing generally get in to some disgraceful scrape, which exposes their names and identity to the public, and very frequently loses their money and other personal property, in their little ventures. Yet still they come. Perhaps they come from regions where the newspaper does not circulate, and so ignorant of what a hopeless quest they are on. The funny thing about it is that they imagine they are unknown, while the fact is the frequency with which they appear has made their type a familiar one to the police, who can, and usually do, "spot" them very soon after their appearance in public. Since these poor fools never read the papers, cannot some means be taken to warn them of the folly, as well as the criminality, of their attempts to get rich by taking unfair advantage of their neighbors? Why can't clergymen in these benighted regions take up the subject, and give a general, impersonal warning? Of course, it is impossible that the moral side of the question would appeal to their natures, and perhaps is most likely, they consider themselves smart enough to outwit the New York thieves, not knowing how many have failed.—Astorian.

**IT WAS ILLEGAL.**

At the recent meeting of the school taxpayers held in The Dalles a 3-mill tax was levied, which conflicts with a law just enacted by the Oregon legislature, and as it stands at present there is no money in sight with which to pay the old liabilities or any deficiency in the current expenses. We shall have to wait until an assessment roll is compiled by the county assessor, and until the aggregate of the assessable property of this district, as shown by that roll, is certified to us by the county clerk. This will be sometime in the coming fall or winter. This same question has occurred at Salem, Eugene and Portland, and the law has been interpreted as above.

A cable message says that Gladstone was subjected to a hostile demonstration on the aristocracy of Brighton yesterday. On leaving St. Paul's church in the morning with Lord Acton, he found a large crowd outside, including a number of young tory "bloods" who saluted him with vigorous shouting, hissing and cries of "traitor." The liberals present respond with cheers and the tumult was heightened. Gladstone's passage was blocked until a cab was fetched and he drove quickly away.

The advantages of possession of the Hawaiian islands by the United States, in the event of a war with any foreign power, is set forth at length by Captain A. T. Mahan in his article in the March Forum. Summing up, he says: "Upon one particular, however, too much stress cannot be laid, one to which naval officers cannot but be more sensitive than the general public, and that is the immense disadvantage to us of any maritime enemy having a coaling station well within 2,500 miles, as this is, of every point of our coast line from Puget sound to Mexico. Were there many others available, we might find it difficult to exclude from all. There is, however, but the one. Shut out from the Sandwich islands as a coal base, an enemy is thrown back for supplies of fuel to distances of 3,500 or 4,000 miles—or between 7,000 and 8,000, going and coming—an impediment to sustained maritime operations well-nigh prohibitive."

"Golden Medical Discovery" cures those diseases which come from blood impurities—scrofula, and skin diseases, sores and swellings.

But does it? It's put up by the thousands of gallons, and sold to hundreds of thousands. Can it cure as well as though it had been compounded just for you?

Its makers say that thousands of people who have had Tetter and Salt-rheum, Eczema and Erysipelas, Carbuncles and Sore Eyes, Thick Neck and Enlarged Glands, are well today because they used it.

Suppose that this is so. Suppose that a quick-witted man was far-seeing enough to know that to cleanse the blood was to cleanse the life. Suppose that by many experiments, and after many failures, he discovered this golden key to health and that his faith in it for you is so strong that you can go to your druggist, buy a bottle, and if it doesn't help you, you can get your money returned—cheerfully. Will you try it?

The remedy to have faith in, is the remedy the makers themselves have faith in.

**Bucklen's Arnica Salve.**

The best salve in the world for cuts, bruises, sores, ulcers, salt rheum, fever sores, tetter, chapped hands, chilblains, corns, and all skin eruptions, and positively cures piles, or no pay required. It is guaranteed to give perfect satisfaction, or money refunded. Price 25 cents per box. For sale by Snipes & Kinnersly.

Ex-Secretary Foster says: "Congress should have increased the whisky tax 50 cents and given us a chance to replenish our stock of money. The fact is, the demand for gold is perfectly regular; it is not speculative. It is the natural demand of foreign countries that need gold. The only thing artificial or speculative in the situation was the effort made to keep the gold here. That, of course, was to keep the market steady and not to meet business demands. However, there is near \$500,000,000 of gold in the country. The public mind is comparatively easy, and I have no doubt that Carlisle will be able to put himself in a position to meet all demands for gold."

**Of Interest to Merchants.**  
 The suit of A. S. Collins and Mrs. A. S. Collins against H. Herbring of this city, which was to come before the jury yesterday morning, was again postponed. This suit against one of our oldest and best-known dry goods merchants creates considerable comment in commercial circles. It appears that Mr. and Mrs. A. S. Collins obtained under false pretenses and promises at the end of the year 1891, goods to the amount of \$50.80 from the defendant; but instead of paying the bill, as agreed, they shortly afterwards left the city by night and moved to California. Last spring Mr. Herbring learned that all their household goods, etc., were in the hands of the sheriff of Wasco county, and consequently placed a second attachment upon the goods held by the sheriff. A portion of these goods were sold last December by the sheriff of Wasco county, as no

compromise could be obtained by defendant. And now come the plaintiffs and sue through their attorney, Judge A. S. Bennett, the defendant, for the sum of \$175.00. We will watch this suit when it comes before the jury, as we think it is one of great interest to storekeepers.  
**Razor-Edged Technicalities.**  
 The case of A. S. Collins vs. H. Herbring was on trial in the Circuit Court today, and the jury empaneled were E. W. Trout, Geo. Joles, A. Bettington, Jr., Geo. W. Miller, S. B. Adams, James Harper, W. C. Hansell, John Wood. Argument was had this morning on a motion to non-suit, made by defendant's counsel, which was taken under advisement until afternoon, when the Judge overruled the motion. The facts appear to be that the plaintiff left this city owing Mr.

Herbring, and he attached property for the debt. After the sale of the attached property the defendant attempts to set aside the sale and sue Mr. Herbring for damages, claiming that the proceedings were not technically legal. The razor-edge technicalities of law, we presume, will always remain, but it works great hardships on creditors, in many instances, to be debarred from collecting their just claims from the commission of a clerical error or the misinterpretation of a dubious statutory provision.  
 From the Daily Chronicle of Feb. 24th.  
 The suit of A. S. Collins and Mrs. A. S. Collins vs. H. Herbring came to a termination yesterday afternoon, the jury rendering a verdict in favor of the plaintiff. Mr. Herbring considers his defeat as a full accomplishment, and is now more than ever convinced that he has to stick to his old rule and motto—to sell dry goods cheap and for cash only.
