Rowed Forty Miles for Amusement. Willis Holly, Mayor Grant's secretary, used to amuse himself by rowing around Staten Island whenever he got a holiday from his arduous newspaper work...

Muskrat Skins. The muskrat is somewhat similar in appearance to his dry land cousin, but is incomparably larger. The brown muskrat, which is larger than the black muskrat, when full grown will measure twelve to fourteen inches from the tip of his nose to the root of his tail...

Mr. C. F. Davis, editor of the Bloomfield, Iowa, Farmer, says: "I can recommend Chamberlain's Cough Remedy to all sufferers with colds and croup. I have used it in my family for the past two years and have found it the best I ever used for the purposes for which it was intended."

Those who have used Dr. King's New Discovery know its value, and those who have not, have now the opportunity to try it free. Call on the advertised druggist and get a trial bottle, free.

FOR SALE. One lot, with a good dwelling and out-buildings situated west of the Academy grounds, and fronting Liberty street on the east, is for sale at a bargain. Terms easy. Apply at this office for information. Title perfect.

Rheumatism Quickly Cured. Three days is a very short time in which to cure a bad case of rheumatism; but it can be done, if the proper treatment is adopted, as will be seen by the following from James Lambert, of New Brunswick, Ill.: "I was badly afflicted with rheumatism in the hips and legs, when I bought a bottle of Chamberlain's Pain Balm. It cured me in three days. I am all right today, and would insist on every one who is afflicted with that terrible disease to use Chamberlain's Pain Balm and get well at once."

Proposals for Bids. Sealed bids will be received at the office of Crandall & Burget until noon March 20th, 1893, for the superstructure of a proposed dwelling to be built for W. L. Bradshaw on the northeast corner of Washington and Fourth streets, The Dalles, Or., according to the plans and specifications prepared by C. J. Crandall.

Mothers' Recommendation. We are acquainted with many mothers in Centerville who would not be without Chamberlain's Cough Remedy in the house for a good many times its cost, and are recommending it every day. From personal experience we can say that it has broken up bad colds for our children.—Centerville, South Dakota, citizen.

WOOD, WOOD, WOOD. Best grades of oak, fir, and slab cord wood, at lowest market rates at Jos. T. Peters & Co. (Office Second and Jefferson streets.)

FOR SALE. Ten lots in North Dalles, 50 per cent. less than company prices. G. BURLINGAME.

NOTICE. All Dalles City warrants registered prior to May 1, 1891, will be paid if presented at my office. Interest ceases from and after this date. Dated, Jan. 3d, 1893. L. RORDEN, Treas. Dalles City.

A New Lifeboat.

A new kind of lifeboat has been constructed to the order of the Boulogne Humane society on a model designed by one of its members. The construction of the new boat is simple and economical, and could be adapted to any sea-going rowing boat. The invention consists in the introduction of air tight copper chambers, broad at the gunwale and diminishing at the bilge, placed on the outside of the boat, where they are equally distributed, so as not to interfere with the sweep of the oars. The tops of the chambers shelve down outward, forming a smooth gunwale, ten inches broad amidships and tapering away fore and aft.

These compartments are protected from injury by a casing forming double bulwarks, inasmuch as the shape of the hull preserves perfectly its boatlike appearance. It means really a little more beam and consequently more stability. The proposed new feature does not at all affect the speed of the vessel. In addition to these compartments chambers can be fitted fore and aft. It has been usual to place the air or cork lined chambers inside lifeboats, especially on board of ships' lifeboats.

The outward application of these air cases gives greater solidity to the boat's side in the event of being staved in, and will tend to prevent accidents such as happen through people bringing their weight to bear on one side of a boat when pulling a person out of the water. A boat fitted as described has been tested with the combined weight of six persons assembled on one side.

All this weight failed to overturn the boat, the water tight compartments brought into contact with the water resulting only in giving the boat a partial list and so far proving its resisting power and buoyancy. The new boat is 17 1/2 feet long, is built of elm and cost \$125.—London Graphic.

Cholera in Pennsylvania. Swikley, Penn: We had an epidemic of cholera, as our physicians called it, in this place lately and I made a great hit with Chamberlain's Colic, Cholera and Diarrhoea Remedy. I sold four dozen bottles of it in one week and have since sold nearly a gross. This remedy did the work and was a big advertisement for me. Several persons who had been troubled with diarrhoea for two or three weeks were cured by a few doses of this medicine.

P. P. KNAPP, Ph. G. 25 and 50 cent bottles for sale by Blakeley & Houghton.
