Gov. Pennoyer has postponed his trip of inspection to decide upon the location of the insane asylum until Thursday,

owing to a heavy fall of snow over the proposed asylum sites of the Baker City region. The occurrence is unfortunate for those people, for they had hoped to conceal all possible objections to their selection for the asylum; but if they are going to have winter all the year round up there, it might be as well to select the mild, equable, healthful climate

with which The Dalles is blessed. The people of Multnomah county are agitating the question of handling all wheat in bulk, which prevents the great loss usually resulting from sacking it, besides keeping it in better condition. COURT AT MORO.

The Docket Being Vigorously Pushed-Grand Jury Still Busy.

Judge Bradshaw opened the March term of the circuit court for Sherman county, yesterday morning at Moro. A number of Dalles attorneys were in attendance. The court commenced business with an amount of energy that rapidly disposed of the different cases.

The case of the State vs. Z. P. Jones on motion of Jones attorney was continued, a showing being made that Jones was seriously ill.

The case of the State vs. Minton was dismissed on motion of Prosecuting Attorney Wilson.

The civil cases on the docket were put in shape for trial, and disposed of in other ways. The grand jury, who during the day heard the cases of the men who were held for gambling, returned not true bills in each case. It was commonly supposed that about thirty would o'clock this afternoon President Clevebe indicted, but the return of the grand land and Mrs. Cleveland accorded a jury has destroyed the hope of all in special reception to Princess Kaiaulani, that direction.

The grand jury have not yet considered parlor. The princess was accompanied with the murder of old man Kennefick, bill will be returned.

WINANS

The New Town has been platted on the old camp ground, at the Forks and Falls of Hood river, with large sightly lots, broad streets and alleys, good soil, pure cold water and shade in profusion, perfect drainage, delightful mountain climate, the central attraction as a mountain summer resort and for all Oregon, being the nearest town to Mt. Hood. It is also unparalled as a manufacturing center, being the neatural center for 150 square miles of the best cedar and fir timber, possessing millions of horse power in its dashing streams and waterfalls, easily harnessed. Where cheap motive power exists, there the manufactories will center, surrounded by soil and climate that cannot be excelled anywhere for fruit and agriculture, and with transportation already assured you will find this the place to make a perfect home or a paying investment
