A COAL MINE HORROR

Nine Men Instantly Killed by an Explosion.

IT IS INGALLS' TURN NOW

The Bank of Which He is President

Has Failed—Judgment for \$88,000.

KANSAS CITY, Mo., March 14.—A special from McAllister, I. T., says the mine of the Choctaw Coal Company, at Anderson, is reported to have suffered an explosion this morning. Nine men were killed and several dangerously injured.

The explosion was caused by a blast fired by some person unknown. There were only 18 men in the mine, all of whom were firing blast. Of these nine were killed outright, and eight so badly burned they will probably die. The dead and injured are mostly Italians.

The dead taken from the mine so far are: John McWadden, John E. Scanlon, W. E. Warren, Earnest Mathews, Warren Love, and Jules Triolere. The other dead were not identified.

Ingalls' Turn Now.

ATCHISON, Kan., March 14.—A sensation was created last night when Aveling Tufts, of Kansas City, appeared here and took possession of the Kansas Trust and Banking Company, as receiver of the company organized in 1886, with a capital of \$100,000. Ex-Senator John J. Ingalls is president of the concern, R. M. Manley vice-president, and E. G. Armsby cashier. The principal part of the capital was furnished by Manley and family and Ingalls. The latter had \$7,500 invested, and Manley \$200,000. These amounts are lost. The liabilities are \$80,000. The assets, it is believed if prudently managed will pay in full. The bank has 30,000 acres of land and large tracts and lots in the principal towns and cities of the state. The residents of Atchison have \$125,000 invested in the concern secured by debenture of conjectural value. It is believed the decision of Armsby to withdraw hastened the crash. Manley is practically a bankrupt.

KANSAS CITY, March 14.—Ex-Senator John J. Ingalls declined to discuss the bank failure beyond saying he got his money out before the crash came and lost nothing.

The application for a receiver was made by L. F. Baird, of Kansas City, in the United States court at Topeka. R. M. Manley confessed judgment for \$88,000, including \$78,000 to the estate of George Manley for advances on which he had become personally responsible. No other concern is involved in the crash. It is believed nobody except the stockholders will lose anything. The trouble was partly due to an embarrassment two years ago, when many loan companies went to the wall and this one was saved by borrowing heavily. There was no money on deposit, as the company did not do a general banking business.

A Report on Hawaii.

CHICAGO, March 14.—The Herald prints the following from Washington: President Cleveland has fully decided to send a commission to Hawaii to investigate the recent revolution and to report before the meeting of the next congress. The commission will be composed of General Schofield, of the army; Admiral Brown, of the navy; and probably Don M. Dickinson, of Michigan. The president will probably announce to the senate on Wednesday his intention of sending this commission to Hawaii, but as he now views the matter no action on the part of the senate will be necessary. The commission will be a presidential board of inquiry, the expenses of the army and navy officers being borne as those of officers detailed to special duties, and the expenses of the civilian member being borne out of the secret fund of the state department. President Cleveland believes that a commission such as that named will not only be able to arrive at the true inwardness of the revolution in Hawaii, but that its report will command the confidence of the people and of congress. It is expected that this commission will sail from San Francisco in about two weeks, and of course there is unusual pressure for appointment as assistants to the board. The commission will take with it an executive officer, probably a paymaster of the army or navy, and one or two secretaries and stenographers.

Hunting for Railroad Lands.

CINCINNATI, March 14.—For the past four days several strangers have been actively at work in Cincinnati endeavoring to get together men for all kinds of railway work. The number of men wanted by them seems to be unlimited. The hands advertised for are wanted for Chicago. Among the agents employed to come here for the purpose of gathering men to be used in this emergency is Emery Warne, who is said to represent the Chicago & Northwestern Railway company. When seen today Mr. Warne refused to state for whom he is working, and is silent on all points relating to himself. Last Wednesday evening the clerk of the public employment bureau here received a letter from D. Wilson, of Chicago, asking for 1,000 railway men, and stating that there will be 10,000 out on a strike in Chicago in about five days.

A Woman Moonshiner.

ATLANTA, Ga., March 14.—A woman moonshiner, Mrs. Malinda Turner, was arrested yesterday morning and brought before United States Commissioner Gaston in default of a \$3,000 bond. Mrs. Turner acknowledged her guilt, and throughout the trial was very defiant, refusing to make any attempt at giving bail, and ignoring the fact that she could be sworn in her own behalf. She is the mother of John and William Turner, notorious moonshiners in White county. Mrs. Turner has been making illicit whisky for over eight years, and it is said she makes the best quality. The two boys, John and William, are both out on bail now, charged with illicit distilling.

"The people of this vicinity insist on having Chamberlain's Cough Remedy and do not want any other," says John V. Bishop, of Portland Mills, Indiana. That is right. They know it to be superior to any other for colds, and as a preventive and cure for croup, and why should they not insist upon having it. 50 cent bottles for sale by Blakeley & Houghton, druggists.
