Among the freaks secured for the world's fair is a specimen of the laughing jackass. And with an extravagance that seems almost wanton the management sent clear to South Australia for it.

The man who attempts to do busines without advertising has been aptly compared to a young fellow winking at a pretty girl in the dark. He may know what he is doing but nobody else does.

With four newspaper men in the cabinet, Mr. Cleveland ought to get along pretty well. Mr. Carlisle once filled the editorial chair. Mr. Lamont was a newspaper man when Cleveland discovered him, Hoke Smith runs a paper now, and J. Steriing Morton was in his younger days connected with the Chicago Times. What would this country do, anyway, if it wasn't for the newspapers?

The reduction of registration of letters to eight cents is gratifying, not only to the public, but to postoffice clerks, who have been much bothered by the old law. It is hard to make many who register letters see that the extra two cents for postage was still needed after the registry fee was paid. The registration business will probably pay the government more at eight cents than at the old figure. It will make registry clerks work a little harder, but that will not hurt most of

WASHINGTON NEWS.

The Allen Farce Will Injure the Republicans --- Yesler Will Case.

SEATTLE, Wash., March 17, 1893 .-(Special to THE CHEONICLE.)-It is the universal opinion of all thinking men that the proceedings of the late legislature of Washington have conduced to lower the republican party, and to confirm the issues in the next campaign between the democrats and the people's party. General satisfaction on the part of the republicans is expressed by virtue of the governor appointing Mr. Allen TUESDAY - - - MAR. 21, 1893 United States senator, but much doubt is expressed as to the probabilities of the senate confirming Mr. Allen's appointment. In case the senate does not Carlyle Harris, the wife murderer, is confirm this appointment, and seat Mr. condemned to electrocution, and has Allen, the state of Washington will be been denied a new trial. For Mrs. Million is in an advanced stage of catarrh, and all the luxuries that wealth can buy fail to give her comfort. She envies her rosy waiting-maid, and would give all her riches for that young woman's pare breath and blooming health. Now, if some true and disinterested friend would advise Mfs. Million of the wonderful merits of Dr. Sage's Catarrh Remedy, she would learn that her case is not past help. \$500 reward is offered by the manufacurers for a case of catach in the head which they cannot cure.

Joseph V. Dory, of Warsaw, Ill., was troubled with rheumatism and tried a number of different remedies, but says none of them seemed to do him any good; but finally he got hold of one that speedily cured him. He was much pleased with it, and telt sure that others similarly afflicted would like to know what the remedy was that cured him. He states for the benefit of the public that it is called Chamberlain's Pain Balm. For sale by Blakeley & Houghton, Druggists.

Used up. It's the only way to use some things, but it's a bad condition for a man or woman. It means disease. Take Dr. Pierce's Golden Medical Discovery. That means health. It invigorates the liver and kidneys, purifies the blood and cleanses and renews the whole system. For all scrofulous humors and blood-taints, and even consumption (or lung-scrofula), if taken in time, it's a positive remedy. It's a guaranteed one. In all diseases of the liver, blood and lungs, it's warranted to benefit or cure, or the money is refunded. No other medicine of its class is sold, through druggists, on this pe-culiar plan. You can judge why. You only pay for the good you get.
