No Place for Relatives. WASHINGTON, March 21.—Mr. Cleveland has signified his objections to the nepotism displayed by senators in appointing their sons and relatives to clerkships of the senate committees, and has declared that the advice of such men would have but little weight with him.

The gentleman I recommend is a first-class man, a good fellow, and he is also a relative of yours, Mr. Cleveland. "That settles it," replied the president, his name cannot be considered. And he went on to read the congressional lecture on the evils of nepotism.

Three days is a very short time in which to cure a bad case of rheumatism; but it can be done, if the proper treatment is adopted, as will be seen by the following from James Lambert, of New Brunswick, Ills.: "I was badly afflicted with rheumatism in the hips and legs, when I bought a bottle of Chamberlain's Pain Balm. It cured me in three days.

Mrs. Million's Ride. When Mrs. Million goes to ride she travels forth in state. Her horses, full of fire and pride, go prancing from the gate. But all the beauties of the day she views with languid eye, Her flesh in weakness wastes away, her voice is but a sigh. For Mrs. Million is in an advanced stage of catarrh, and all the luxuries that wealth can buy fail to give her comfort.

California Floods. STOCKTON, Cal., March 21.—About 2 o'clock this morning the residents were aroused by the alarm of flood. The water had overflowed Miner, Stockton and Mormon channels and was rising steadily, and this morning had flooded all the city with the exception of a few blocks in the extreme northern part of Main and Market streets for a length of 14 or 15 blocks.

Not a Monoplist. A Card to the Public. I would respectfully inform the public that I have been able to procure a pretty fair outfit for raising or moving houses, and am willing to do that kind of work at reasonable figures.

More of the Behring Sea Decisions. ST. PETERSBURG, March 21.—The commission appointed to investigate questions connected with the Behring sea seal fisheries, in addition to deciding that the territorial waters around the Behring sea seal fisheries are to be regarded as extending 30 miles from land, say that off the coast of Kamshatka the territorial waters should be regarded as extending 10 miles from the land, seals are wont to swim out 10 miles to obtain food for their young.

Joseph V. Dory, of Warsaw, Ill., was troubled with rheumatism and tried a number of different remedies, but says none of them seemed to do him any good; but finally he got hold of one that speedily cured him. He was much pleased with it, and felt sure that others similarly afflicted would like to know what the remedy was that cured him. He states for the benefit of the public that it is called Chamberlain's Pain Balm. For sale by Blakeley & Houghton, Druggists.

Today will be observed in Chicago by a legal holiday, being Kaiser Wilhelm's birthday. This motion was made by a German alderman who asserted that since St. Patrick's day has been declared a legal holiday, equal courtesy was due the German population. Mayor Washburne addressed a sarcastic note to the council, telling them that if the calendar days cannot be exhausted by foreign saints and heroes, they might fill out the remainder by observing the birthdays of a number of Americans.

Captain Sweeney, U. S. A., San Diego, Cal., says: "Shiloh's Catarrh Remedy is the first medicine I have ever found that would do me any good." Price 50 cts. Sold by Snipes & Kinerally.

Wrecked by a Mirage.

A mirage in the Caribbean sea was the cause of the total loss of the new American barkentine Steadfast, while bound from Port of Spain to Philadelphia. When the Steadfast sighted the lofty peaks of St. Croix the atmosphere assumed a peculiar light color, and it became impossible to detect the sky from the island, everything assuming a similar shade and color resembling the cirrostratus clouds, hiding the entire lower portion of the island. The peaks and mountain appeared to be twenty miles away.

The tops of the mountains seemed to be inverted, the tall cocoanuts appearing to grow from the sky to the earth. The sugar grinding mills were pouring their smoke downward, and the workmen working upside down. The Steadfast was kept under easy sail and perfect control. Everything went well until a grinding sound was heard, and a sudden tremor went through the ship. The vessel crashed over the reefs and was soon fast on the rocky shore, where her wreck still remains. The mirage made the island appear twenty miles away.—Boston Transcript.

The Cost of Italian Opera.

Talking of money reminds me that Signor Vianesi says he left the Paris opera, where he has been conductor for the last four years, because the salary was not large enough and the work too exacting. He received \$2,400 a year for ten months' work, and very hard work at that. He comes to America and gets \$8,000 for seven months. Mr. Abbey's salary list is a formidable one. Miss Van Zandt gets \$1,000 a performance, Miss Eames, \$800; Lasalle, the French baritone, \$500; Mme. Albani, \$600, and five other singers from \$400 to \$500. There is a chorus of eighty, averaging \$20 a week, or \$1,600, and an orchestra costing \$2,000 a week.

The expenses of giving opera with such a company cannot fall below \$5,000 a performance, so that even at five dollars for a parquet seat, the price for the coming season, Mr. Abbey may not make a fortune. The average cost of the German performances at the Metropolitan last season was \$2,600.—New York Epoch.

Stockings Kept Black.

Black stockings are apt to assume a greenish look after repeated washings. We are told that a simple way of preserving the color is to wash them in soap free of soda, and in the last rinsing water to add a tablespoonful of good vinegar. Wring them out and clap them into shape. A hot iron tends to destroy the color, particularly if they are wet.—New York Journal.

This remedy is becoming so well known and so popular as to need no special mention.
