MARCH MELANGE

Stray Bits of News Gathered From All Sources

"Her brow was like the snow drift,
Her neek was like the swan,
And her face it was the fairest
That e're the sun shone on."
But she went to the beach for bathing,
And her fair complexion's spoiled!
Her cheeks are tuned and her nose is red
As a lobster when its boiled.

Long Distance Angling.

A song just issued would indicate that either men are getting scarce on this terrestrial globe, or that the girls intend My sweetheart's the man in the moon

"My sweetheart's the man in the moon."
I'm going to marry him soon.
Twould fill me with bilss just to give hi a a kiss,
But I know that a dozen I never would miss.
I'll go up in a great big balloon
And see my sweetheart in the moon:
Then behind some dark cloud,
Where no one is allowed,
I'll make love to the man in the moon."

"The people of this vicinity insist on and do not want any other," says John perior to any other for colds, and as a preventive and cure for croup, and why should they not insist upon having it. 50 cent bottles for sale by Blakeley & Houghton, druggists.

FACT AND FANCY.

A Decidedly Chilly Place Is Oregon According to the Telegram

A Telegram reporter in yesterday's issue, prints an interview from a "wellknown gentleman in Portland who just returned from an extended trip through Eastern Oregon." If he is very well known he must be known as a consumshould inspire disbelief to the most gullible, and a closer analysis would reveal to a stupidly ignorant person that Bargains gullible, and a closer analysis would rethe individual is possessed of Munchauthe individual is possessed of Munchausen proclivities, minus that author's Bargains brilliance and plausibility. Note the following. In the first column are extracts from this interview and opposite are the actual facts:

PANCY. The hills of Was-co, Gilliam, Morrowing is general all and Crook counties over Eastern Oreare covered with gon. Potatoes even snew, and the frozen are being planted. ground only melts The crows have ar-

in the moon sun to rived, announcing freeze again with that it is time to plant corn.

The outlook is far from encouraging views published in for a successful seaton, and from all indications the wool readers know this and motton supply to be untrue. Two

indications the wool and mutton supply will be short this year.

The mortality among lambs from cold will this year be large, and lack at from \$8 to \$10 of feed gives rise to grave apprehension. At the present We should think time sheep are traveling from three to four miles an hour, and even at that rate cannot secure enough to eat.

Two be untrue. Two per cent. loss is the highest any report.

All have plenty of feed and, if not, hay can be got anywhere be large, and lack are from \$8 to \$10 of it.

At the present We should think not. A man traveling from three to four miles an hour, speed would not have time enough to look at the scenerough to eat.

rate cannot secure to look at the scenerough to eat.

With the thermometer has not been down about zero the lamb to zero since early comes to certain in February, and death. Heat is the since that time has prime factor in his seldom been below welfare, and unless 32 degrees. If a that can be given lamb's chances for his chances for life depended on an are small. The average sheepherd-The two adventurers who were successful in working the check racket here eft on the midnight train for way points ast.
