OREGON AT THE WORLD'S FAIR.

The following is a list of the superintendents of the different departments of the world's fair commission. Anyone who has anything to exhibit should correspond with the proper officer, one of the following:

W. F. MATLOCK, department of agriculture, forestry and forest products, and live stock; Peudicton.

C. W. AYERS, department of mines, mining and metallurgy; Ashland.

DR. J. R. CARDWELL, department of horticulture, including floriculture and viticulture; Portland.

GEO, T. MYERS, department of fishing and fishing apparatus, manufactures, electrical and mechanical inventious; Portland.

MRS. M. PAYTON, salem, (until July 1, 1893) and MRS. E. W. ALLEN, Portland, (after July 1, 1893), department of woman's work, comprising the fine arts, household economy and products the year.

thereof.

E. B. McELROY, department of education, including educational exhibits, literary, special, general, music, etc.; Salem.

GEO. W. McBRIDE, department of civil government, including state and county; Salem.

FRIDAY, - - - - - MAR, 24, 1893

Cheer up brethren. Continue to hope, friends of the cascade locks and the famous Isthmus of Corinth is promised in June or sooner. This is a work which dates back to Nero and Julius Caesar and even to Alexander the Great, and the present canal follows exactly the line of that begun by Nero. It is 41/2 miles long, and its cost is now estimated at \$11,500,000, only a little more than half what the Hoosac Tunnel, which is about the same length, cost. It remains to take out a few hundred thousand cubic yards of clay and rock and to pump out a few thousand million gallons of fresh water, so as to get at the bottom and lay up the walls of Corinthian limestone where they have not yet been constructed, before opening the canal to vessels and converting the Peloponnesus into an island. More than 2,000 men are at work. The enterprise was undertaken by a French company in 1882, but its agent, the Comptoir d'Escompte, failed in consequence of the great copper speculation. After a delay of two years, a Greek company took up the job, and is now carrying it through, in spite of the poverty of the country, which has caused cessations of work at times.

When the democrats can get away with Augusta, Maine, there is not a corner of the union to which they can not lay claim. The death of Mr. Blaine has left that state without a leader and it might hereafter be placed in the doubtful list, with assurance as soon as the people become educated they will vote the democratic ticket.-Dispatch.

Republicans can never be educated to do only what is right. The party came into existence as a power little more than thirty years ago and their ranks were supplied by those who cared less for party affiliation and more for patriotism. Because the democrats have gained in power should not be a source of congratulation on their part, for they will never gain of themselves except from birth rate. If the republicans have depreciated it is because of some corruption which has disgusted the rank and file, causing them to seek relief by allying themselves for a time with their opponents. When the occasion demands they will come back again and it will be found that the same old original number of democrats are left, plus the per cent. of birth. Thus the republican party-in other words, the loyal and intelligent citizens of the United States-are the regulating balance wheel of the state machinery, and by their persistent course of placing themselves on the right side, the nation will continue to be blessed. There are newspapers that talk of the republican party being dead and buried. Fie! How long did it take in 1860 to raise a force irresistable and invincible? Take care then, brethren of the democratic persussion, to remain conscientious and patriotic, and be guided by the best intelligence of your capable leaders, and so long you are welcome to the tiller of the ship of state.

The Point Defiance Street Railway is bulding a 57-foot storage battery electric steamer, named Mount Tacoma, to be put on the gig-harbor and floating drydock route, in connection with the streetcar line. The steamer is experimental, but the inventor, Nick Lawson, is a very successful electrecian, and anticipates no special difficulty. The inventor considers his invention revolutionary. He has been at work on the project for the past two years and has made improvements in cells. The elecric boats are to be run as feeders to the street car-line. Boats of this class will be in great demand, and the discovery is held to have solved the problem of cheap Sound navigation. Boats propelled by naptha and steam were proposed, but the cost of running and their small capacity put them out of the question, and the scheme was abandoned. The inventor intends applying his invention to pleasure boats of all kinds, and hopes to make the new method applicable ul-

timately to long-distance traffic. The dry-dock service is very exacting, and material, tools and machine-shop, obtainable only at a city, are often required at short notice and in haste. The new steamers will fill this need. Construction of other steamers will be begun as soon as this one is in commission.

The Salem Democrat advocates a gradual change for the better, since it cannot all be done at once. It says: Where the roads were thrown up and Address all communication to "THE CHRON-graveled they were fine and solid. Let's ICLE," The Dalles, Oregon. gravel some more this summer; next summer some more; and the next summer some more and so on until we get them all graveled. In Oregon gravel beats woodenheaded legislators for mud.

2,228,672.

These figures represent the number of bottles of Dr. King's New Discovery for consumption, coughs and colds, which were sold in the United States from March, '91 to March, '92. Two million, two hundred and twenty-eight thousand, six hundred and seventy-two bottles sold in one year, and each and every bottle was sold on a positive guarantee that money would be refunded if satisfactory results did not follow its use. The secret of its success is plain. It never disappoints and can always be depended on as the very best remedy for coughs, colds, etc. Price 50c. and \$1.00. DEDICATED TO LIEUT. TAYLOR. At Snipes & Kinersly's drug store.

A gentleman from Neal Creek in the Hood River Valley, reports that on the canal. The opening of the canal across night of the 22d ten inches of snow fell in that locality.

Plain enough the way to a clear complexion, free from blotches, pimples, eruptions, yellow spots, and roughness. Purify your blood, and you have it. With pure, rich blood, an active liver, good appetite and digestion, the hue of health follows. Doctor Pierce's Golden Medical Discovery gives you all of them. It is the blood-purifier. There's no lack of them, but there's none like this. It's guaranteed to accomplish all that's claimed for it. In all diseases arising from torpid liver and impure blood, it benefits or cures, or the money is refunded. With an ordinary medicine, it couldn't But this isn't an ordibe done. nary medicine.

It is the che sold, through druggists, because you only pay for the good you get. Can you ask more?

The "Discovery" acts equally well all the year round.

MINANS

The New Town has been platted on the old camp ground, at the Forks and Falls of Hood river, with large sightly lots, broad streets and alleys, good soil, pure cold water and shade in profusion, perfect drainage, delightful mountain climate, the central attraction as a mountain summer resort and for all Oregon, being the nearest town to Mt. Hood. It is also unparalled as a manufacturing center, being the natural center for 150 square miles of the best cedar and fir timber, possessing millions of horse power in its dashing streams and waterfalls, easily harnessed. Where cheap motive power exists, there the manufactories will center, surrounded by soil and climate that cannot be excelled anywhere for fruit and agriculture, and with transportation already assurged will find this the place to make a perfect home or a paying investment.

See me on the ground, or address me at Hood River, Wasco County, Oregon.
