OREGON AT THE WORLD'S FAIR.

The following is a list of the superintendents of the different departments of the world's fair commission. Anyone who has anything to exhibit should correspond with the proper officer, one of the following: W. F. MATLOCK, department of agriculture, forestry and forest products, and live stock; Pendleton.

THURSDAY, - - - MAR. 30, 1893

An advertisement in a Portland daily appeared recently for bright young men as detectives during the world's fair, and within a short time a score of Portland's most glib young men answered the "ad." They were informed that it was inserted by the great "world's fair detective Agency" of Chicago, with an important branch in Tacoma.

Virtue may be its own reward all right enough, but it is such poor pay that few men care to waste their lives working for it.

Deserving Praise. We desire to say to our citizens, that for years we have been selling Dr. King's New Discovery for Consumption, Dr. King's New Life Pills, Bucklen's Arnica Salve and Electric Bitters, and have never handled remedies that sell as well, or that have given such universal satisfaction.

COURTESY is that sort of silence that leads us to believe that our friends have not fathomed our little private meannesses.

Goes right to the spot - one of Dr. Pierce's Pleasant Pellets. They do the right kind of work when they get there, too. No violence, no unpleasantness - but a mild and gentle cleansing and regulating of the whole system.

Ask your Dealer - FOR THE - General Arthur Cuban Hand Made Cigar. Lake Geneva Wisconsin, will be the home of the Yerkes telescope and observatory, and Samuel W. Allerton, the citizens' candidate for the world's fair mayor, devotes a magnificent site and a lot of money besides.

WINANS

THE NEW TOWN has been platted on the old camp ground, at the Forks and Falls of Hood river, with large eighty lots, broad streets and alleys, good soil, pure cold water and shade in profusion, perfect drainage, delightful mountain climate, the central attraction as a mountain summer resort and for all Oregon, being the nearest town to Mt. Hood. It is also unparalleled as a manufacturing center, being the natural center for 150 square miles of the best cedar and fir timber, possessing millions of horse power in its dashing streams and waterfalls, easily harnessed. Where cheap motive power exists, there the manufacturing will center, surrounded by soil and climate that cannot be excelled anywhere for fruit and agriculture, and with transportation already assured you will find this the place to make a perfect home or a paying investment.
