President Cleveland has, it is stated, offered Joseph J. O'Donoghue the position of assistant treasurer of the United States at the subtreasury, Washington, but O'Donoghue declined it. Some very interesting correspondence on the subject is said to have passed between the president and the coffee merchant. O'Donoghue is said to have taken offense at the offer and the way in which it was made, and, according to report, has written a letter to Cleveland, reminding him in very plain words of an alleged pledge made last December regarding the collectorship of this port.
