MURDERERS AT LARGE

Daring Escape of Two Men From Sing Sing.

THEY PEPPERED THE GUARD'S EYES

Invited Carlyle Harris to Go, but he Refused--Some Victims of the Cyclone.

SING SING, April 21.—Roehl and Pallister, murderers, under sentence of death, escaped from prison last night. Both men are under sentence to be electrocuted soon. Guard Hulce said that at 7 o'clock last night he passed supper in to Pallister, the condemned man, who threw a handful of pepper into his eyes. Hulce was blinded and pallister rushed on him, took his revolver away, and under threats of death forced Hulce into Pallister's cell, first taking his keys from him. He then locked Hulce in the cell, and unlocked the cell of Murderer Frank Roehl. The two murderers unlocked the cells of Carlyle W. Harris and murderer Osmond and invited these two to escape with them, but both Harris and Osmond refused. Pallister and Roehl waited until 9 o'clock, when guard Murphy came on duty. As Murphy entered the corridor Pallister presented a pistol to Murphy's head, and taking his keys from him locked him in Roehl's cell. Pallister then took Hulce's shoes and cap from him and put them on himself, threatening to kill the guards if they made an outcry. The two murderers then climbed down into the yard and made their escape, whether by the river or over the wall is not known. The terribly stormy night facilitated their escape. It is supposed that Pallister has been saving the pepper given him daily with his meals with the object of an escape in view.

A BROTHER FROM GERMANY. NEW YORK, April 21.—In connection with the escape of the two condemned murderers it leaked out this morning that a brother of Roehl arrived in this city 10 days ago from Germany with \$7,000, which Roehl inherited. The brother, upon his arrival here, called upon Goldberg & McLaughlin, prisoners counsel, and informed them that he was going to Sing Sing. After a stay of a few days there he returned to this city and said he would immediately return to Europe. He is believed to have remained in the country and assisted his brother's escape. It is believed Harris' refusal to take advantage of the opportunity to escape will have some weight with the governor in deciding his case.

Prospects of a Rate War.

CHICAGO, April 21.—On and after May 30, the Atchison will no longer be a member of the Western Passenger Association. This is the only definite result of a four weeks' protracted meeting of general managers and general passenger agents of western lines, and of four months of work put on the proposed, but now rejected, agreement for an association. World's fair rates on the basis of a 20 per cent. reduction from rates had been agreed upon for the territory east of the Missouri, but this agreement is not now binding, and rates are at the mercy of any line which wishes to lower them. No world's fair rates have been agreed to from trans-Missouri or trans-continental territory, but those lines are still in session discussing the question. Passenger Traffic Manager White, of the Atchison, electrified today's meeting when he gave notice of withdrawal from the association. The action was entirely unexpected, but the Atchison's competitors freely acknowledge the justice of White's reasoning and conclusions. He said his line could not secure protection in the world's fair rates west of the Missouri river, where it did the biggest business. The Denver & Rio Grand has refused to join the association unless its local troubles with the Colorado Midland were settled. The Burlington and Rock Island had taken the stand that an agreement west of the Missouri was impossible without the Denver & Rio Grande. This was the splitting point and it proved an effectual one. Atchison people say they withdrew not with any intention of cutting rates, but simply to protect their revenues.

Strike at Buffalo.

BUFFALO, April 21.—Builders and contractors are uneasy over the signs of discontent in the labor organizations. From surface appearances there is going to be a general strike of the building trades unions unless the demands of the plasterers, bricklayers and stonemasons are granted. All the plasterers except 40 are on a strike for \$3.50 a day, an advance of 50 cents. The bricklayers and masons struck for eight hours a day with

the present wages, \$3.50. Carpenters are talking of demanding higher wages, and unless the bosses and employers get together and settle their differences there is likely to be a general strike.

HAS FIGURED IT OUT.

Prof. Totten Says the World Will End in 1899.

"The world will come to an end ere this country has passed into history," says Prof. Chas. Adiel Lewis Totten. He has figured it out that the advent of the Messiah, the restoration of all things as they were in the days of the prophets, will occur about 1899. He disclaims any intention of posing as a "crank" of the type that predicts storms and earthquakes, saying there will be an end of all people who have not followed and literally obeyed the word of God. Prof. Totten was compelled to surrender the chair of military tactics in Yale on account of his eccentric theories. He is extremely nervous, and has the eyes and forehead of a "pronounced religious enthusiast."

TOO MUCH CIVILIZATION.

Esquimaux at the World's Fair on a Strike.

CHICAGO, April 21.—After several weeks of murmurings and threats, the Esquimaux who have comprised the Esquimaux village in Jackson Park, since last winter, have packed up their queer-looking belongings and taken their departure. They are tired of being compelled to wear heavy sealskin clothes in warm weather, they say, and of being restricted to the extent that their managers demand, and they have determined to revolt and run a village of their own. John Sugarloaf, who, with his four sons, cleaned out a dozen Arabs in a street fight the other day, is the instigator of the uprising. He proposes to rent ground near Jackson Park and set up a new village. Owing to the decision of the court not long ago, it seems that the men who put up the money to bring the Esquimaux here from Labrador are powerless to prevent their leaving. It is said that the managers of the concern are out about \$30,000 by the operation.

In Favor of Annexation.

W. H. Wilson passed through Portland today on his way to his home in Seattle, having just returned from Australia via Honolulu, leaving the latter city only about 10 days ago.

"The people there," says he, "are generally in favor of annexation. I saw quite a number of white residents of different nationalities and they all favor annexation to America. The interests of the islands are essentially American, and financially the country can be called American. The natives also favor annexation or want to be let alone. Of course, they stood by their sovereign as long as the monarchy existed, but the government has always been a white one with a black head. People generally want annexation or want to be let alone."—Telegram.

Two Entirely Different Stories.

KANSAS CITY, April 20.—Officials of the Union Pacific road say the strike on their system is causing but little trouble. The road is not crippled in the least, they say, by locomotives being disabled, for they are all in good repair. The strikers, on the other hand, say that, in spite of the statements made by the company to the contrary, the road is suffering from a scarcity of locomotives in good repair.

Victims of the Cyclone.

BARNETT, Miss., April 21.—Over one hundred houses are in ruins, as a result of Wednesday night's cyclone. People have been either killed or wounded by the score. The house of William Risher was carried away, and his family of seven have not been heard of. William Parsin, wife and four children were killed. At Quitman, the havoc wrought by the cyclone was more severe than at first reported. Though few were killed outright, several who were wounded cannot live.

FINANCIAL SITUATION

Secretary Carlisle's Statement Causes Much Discussion.

WALL STREET IS DISSATISFIED

The Cabinet Discussed the Matter This Afternoon--Republicans Fired Up to Date.

New York, April 21.—Secretary Carlisle's statement on the gold situation was the general topic of conversation on Wall street this afternoon. It was not favorably received, on the ground that it was felt to be too indefinite. Most of the bankers seen expressed themselves unable to comprehend the secretary's intention in reference to the treasury notes. J. Edward Simmons, president of the Fourth National bank, said Mr. Carlisle had announced no policy; his words mean nothing so far as the situation of the question is concerned. Some of the foreign exchange dealers are again allowing a premium of 1/2 of 1 per cent. to those paying for their remittances in gold.

Russell Sage said this morning: "I believe that if the people do not lose their heads we shall weather the storm, and the currency question will eventually be arranged satisfactorily. It is a pity, however, that Secretary Carlisle does not take a bold stand upon the subject, and give us an idea of what he intends to do."

At the sub-treasury \$2,000,000 in treasury notes were deposited against the withdrawal of an equal amount of gold. Of these notes \$400,000 were treasury notes and the remainder gold certificates and United States notes. Cashier Muhlemann, of the sub-treasury, has not received any word from Washington to make a change in the method of receiving payment for gold.

Austria Refuses to Receive Judd.

VIENNA, April 21.—Count Kalnoky, the Austrian premier, has given notice to the American minister than the Austrian government will not grant an exequator to Max Judd, of St. Louis, appointed by President Cleveland consul-general of the United States at Vienna. Count Kalnoky states that his reason for refusing the exequator is because Judd is an Austrian by his former allegiance and is engaged in the immigration business.

The Tunnel Crib Horror.

MILWAUKEE, April 21.—The bodies of two victims of the tunnel crib horror were picked up on the beach early this morning. The steamer Burroughs went to the crib this morning and secured ten bodies. Foreman Barber, of the tunnel construction gang, says there were 15 men in the crib when it was overwhelmed.

Distributing Ducats.

CORVALLIS, Or., April 21.—The Oregon Pacific pay car went over the road and paid all employes 46 per cent.
