CARLISLE'S PROPOSAL

Was Not Accepted By the New York Bankers.

BOSTON BANKERS TO THE RESCUE

San Francisco and Roanoke, Va., Also Offer to Assist—A Turn for the Better.

WASHINGTON, April 25.—The gold in the treasury this morning, over and above the \$100,000,000 gold reserve, is \$900,000. This accounts for the gold taken from the New York subtreasury for export today, also for the gold accepted from Boston bankers. It does not, however, include the gold offered from San Francisco and Roanoke, Va. These amounts will appear in the treasury figures when the actual exchange is made. Secretary Carlisle is much encouraged at what he terms "the patriotic position taken by the Boston bankers." He took with him to the cabinet this morning a bundle of papers, presumably bearing on the conference of the New York bankers with Assistant Treasurer Jordan. In the incomplete condition of that matter, Secretary Carlisle did not deem it prudent to express an opinion.

A Turn for the Better.

New York, April 25.—The Post's London cable says: "The American market has taken a distinct turn for the better. President Cleveland's measures are relied on to postpone a crisis, as the European gold demand is apparently exhausted. Consols are easy, in view of the expected issue of United States bonds."

Gold for Europe.

New York, April 25.—The steamship Trave, which sailed for Europe this morning, took out \$3,400,000 gold and \$99,200 silver.

ALL READY FOR THE REVIEW.

Warships in Line for the Great Naval Display.

New York, April 25.—The overture to the great naval display, set for day after tomorrow, took place today. The Spanish warships arrived in the lower bay last night with the Columbus caravels, Santa Maria, Nina and Pinta. Early this morning tug out these queer primitive vessels loose from the warships and towed them up North river to the accompaniment of the booming guns of the Miantonomoh and the forts along the way, and the screaming of whistles of all sort of craft. Arrived at Ninety-sixth street, they dropped anchor to remain till time for them to take part in the great international naval pageant. Meanwhile the Spanish warships remained at anchor in the lower bay awaiting the arrival of the other vessels of war from Hampton Roads. As to the great land pageant, it is now estimated there will be 3,000 United States sailors and mariners in line, and a like number from foreign vessels, together with 4,000 United States troops and the naval reserves.

SEQUOIA GIGANTEA.

Place of Honor Accorded to California's Big Trees.

CHICAGO, April 25.—The place of honor in the central rotunda of the government building at the world's fair has been given to the sequoia gigantea, or big California tree, which represents, as no other single tree could do, the natural resources of this country and the scope of natural forestry long before the advent of Columbus. This section of the tree is named "General Noble," in honor of the late secretary of the interior. The total cost of cutting, shipping and installing it in the government building was \$10,487. It took 11 cars to bring it to Chicago. As the section of the trunk now stands it is about 39 feet high. It is protected all around by a light ornamental railing. A door has been cut in the immense trunk, and as a major part of the interior is hollow, there are other exhibits inside which will be lighted up with brilliant incandescent lights.

Taking the Flag Down.

Of the Hawaiian situation ex-Postmaster General Wanamaker's remarks were characteristic. "It is a lamentable thing," he said, "that the American flag should be taken down anywhere. Mr. Blount, I know, is a courageous man, and I do not think that he would have taken the course he did without instructions from Washington. It is a grave matter for one administration to undo the acts of a preceding one without good cause, and if any such exists it has not been made public. The

United States minister has been superseded, but Mr. Cleveland is a man of wisdom and must have reason for his policy. The people rule, and the people of the Sandwich islands took the initiatory step. I think the preliminary step taken by the last administration should not have been undone until additional evidence had been secured. As for annexation, I believe it to be the only course, should any other nation interfere. We should have had Cuba long ago.

LARGE CONTEST SUIT.

Hon. I. M. Hall Drops Dead on a Seattle Street Yesterday.

SEATTLE, Wash., April 25.—[Special.]—The commencement of the suit by the step-daughters of the William Renton estate has dragged out a family skeleton, and has developed some startling charges. By reason of some agreements which Captain Renton is said to have entered into with his step-daughters, it is alleged that he defrauded them out of about three million dollars' worth of property. It is also claimed the executor of the Renton will, who is a nephew of Captain Renton, is in collusion with Captain Renton to defraud his step-daughters. This will contest and suit to recover the possession of property is perhaps the largest contest and suit of this nature ever brought in the state of Washington.

Yesterday Hon. I. M. Hall dropped dead on Second street. Mr. Hall was at one time the leading lawyer of Washington territory, but dissipation caused a rapid decline, which resulted in his death. The demise is a sad one to the community, owing to the high position which Mr. Hall once occupied. Appropriate resolutions were passed at a meeting of the Bar Association.

These books are always in large type, printed on fine paper, the cloth binding being of excellent quality, and the half-morocco, gilt top style fit to adorn any library. A 32-page descriptive pamphlet may be had free, or a 128-page catalogue, a veritable feast for book-lovers, may be had for a 2-cent stamp. Address JOHN B. ALDEN, Publisher, 57 Rose Street, New York.

The large mercantile firm of McConnell & Maguire, at Moscow, Idaho, was attached and closed by the sheriff on Monday. The assets amount to about \$80,000 in stock, a large book account, and the firm's business property, which is mortgaged for \$25,000. This mercantile establishment was started by Gov. McConnell when Moscow was in its infancy. Two years ago the firm was incorporated for \$100,000. The cause of the assignment is attributed to the recent depression in wheat.

Captain Sweeney, U. S. A., San Diego, Cal., says: "Shiloh's Catarrh Remedy is the first medicine I have ever found that would do me any good." Price 50 cts. Sold by Snipes & Kinerly.

Stock and Crops.

The increase in acreage is quite considerable. Reseeding of winter sown grain is almost completed. Sheep shearing will begin as soon as the weather settles. Throughout the state there is an unanimous desire for less rain, more warmth and bright sunshine.

From thorough reports the following information is compiled by the Oregon weather bureau relative to the number of cattle, etc. in the state on April 1st, 1893.

Stock	Cattle	Horses	Sheep	Hogs
Number	888,297	299,463	2,456,077	204,909
Est'd val.	\$14,811,291	\$13,718,442	\$5,900,182	\$912,760

Making a total value of the above named varieties of live stock in Oregon of \$35,343,075. In making the above estimate, horses have been averaged at \$45.86 apiece. Cattle at \$16.67 apiece. Sheep at \$2.40 apiece and hogs at \$4.46 apiece.

Considering that the sheep will clip seven pounds of wool to the fleece; we have over seventeen million pounds of wool for sale within the next three months.

The condition of the stock is generally good. The winter was comparatively severe, but as a rule food was plentiful and the loss was very small. The weather has not been favorable to the lambing season, yet so far it has been very successful, the increase being generally estimated at 90 per cent. The sheep are in good condition and the fleece promises to be heavy and of quite long staple.

CROPS, ETC.

The peach, cherry, apricot and pear trees are coming into full bloom through the Columbia river valley along the Snake and John Day, but in other sections the buds are just beginning to swell. The present fruit prospects are excellent. Some damage was done to peaches about Hood River by the cold weather of last winter.

Shearing has commenced in Morrow county and good fleeces are being had. The lamb crop has been good; fully 80 per cent. of the lambs being saved.

Fall wheat is above the ground and early spring wheat is showing. Spring seeding and plowing is being rapidly pushed to completion. Re-seeding of winter-killed wheat is about finished. The wheat outlook is excellent and farmers are, as a rule, very jubilant.

The general atmospheric conditions are such as to indicate a continued improvement in the weather, i. e., more sunshine, less rain and warmer weather. The spring season of 1893 can be said to have commenced on the 20th inst., with weather which usually is present about April 1st.

Judge Bellinger will qualify the first of May.

It Would Be in Every House

J. B. Wilson, 371 Clay St., Sharpshooters, Pa., says he will not be without Dr. King's New Discovery for consumption, coughs and colds, that it cured his wife who was threatened with pneumonia after an attack of "la grippe," when various other remedies and several physicians had done her no good. Robert Barber, of Cooksport, Pa., claims Dr. King's New Discovery has done him more good than anything he ever used for lung trouble. Nothing like it. Try it. Free trial bottles at Snipes & Kinerly's. Large bottles, 50c. and \$1.00.

Enforce the Law.

He reports 21 cases in Portland of prosecution for violation of the law prohibiting their sale, and says there will be three cases in Corvallis next week. It is strange anyone can be found who will sell them to boys.—Journal.
