**THE BEHRING SEA TRIBUNAL.**  
**Frederick Couderc Speaks in Support of Mr. Carter.**  
**PARIS, May 3.**—At the meeting of the Behring sea tribunal of arbitration today, Hon. John W. Foster, agent for the United States, informed the tribunal that the authentic report of the speech delivered by James C. Carter, of counsel for the United States, would be presented this week. F. R. Couderc, esq., of counsel for the United States, then spoke, giving the outline of arguments which he proposed to offer in support of Mr. Carter. The defense of the sealing industry in Behring sea by the United States was, Couderc declared, imperative, and an attack on the sealing industry was an attack on the United States. The United States raised seals at Pribiloff islands in the same sense that Australia raised sheep, and it was impossible that the nurture and culture of seals at Pribiloff islands could exist in common with pelagic sealing. The seals at Pribiloff islands, continued Mr. Couderc, were absolute property just as cattle and sheep were absolute property.  
 Sir Charles Russell, of counsel for Great Britain, here interposed with the remark, "Certainly not." Mr. Couderc admitted that proof as to ownership was impossible. Some propositions were self-evident, although they could not be demonstrated by proof. However, when the seals were at the islands they could be branded and their ears clipped. The British commissioners recognized that the seals were American property when they said that a guard was inefficient to protect the seals from raiders. In that statement the right of the United States to protect the seals within certain limits was recognized, and it was absurd to say that the United States was unable to protect the seals outside of that limit. The seals, Couderc argued, were not fera nature.

**Novel Wall Paper.**  
**INDIANAPOLIS, May 3.**—Jonathan Stanhope is a wealthy farmer of the section known as the "Blue Lick Hills," in Wayne county. He is 84 years old, a widower, and very eccentric. Recently he went to Richmond and presented his check for \$3800 to Postmaster Jenkinson, asking that Columbian stamps be given in exchange. The postmaster was unable to fill the order, but Stanhope insisted upon leaving the check and the stamps have been ordered from Washington. Mr. Stanhope said he had decided to paper the parlor of his home with Columbian stamps of 1, 2 and 5 cents, and he has estimated it will cost \$3800 to carry out his project. Word was sent to his son, who lives in Kansas City, and young Stanhope is already at Richmond trying to prevent his father from carrying out his purpose.

**Gold Nuggets on the Columbia.**  
**UMATILLA, Or., May 3.**—The excitement over the gold find along the Columbia increases every day. About 100 claims have been staked out, and the river front for seven miles between here and Stokes station is all taken up by eager gold-hunters. The Portland Amalgamator company has had an expert here for a week, prospecting with a view of putting in some patent gold-saving machines. It is said the prospects are flattering. Several nuggets have been found in this locality. One worth \$15 was picked up by a Pendleton man on the shore of the Columbia.

**Cheap Rates to California Points.**  
**NEW YORK, May 2.**—The Trunk Line rate commission met today for the purpose of figuring rates to California points, as well as to Chicago. The Missouri river lines having named \$45.50 as the rate from all points on the Missouri river, a rate of \$10.50 from Chicago to Kansas City, first-class, was named and will be used in figuring through rates to California. If the ideas of the Trunk Line rate commission are carried out it will cost \$80 to see the big fair, go through to California and return to New York.

**In Seventy Hours.**  
**TACOMA, Wash., May 3.**—Assistant General Superintendent Dickinson, of the Northern Pacific, left tonight for the East. He goes to arrange for a new fast train to leave the Sound in the early morning and run through to St. Paul from Portland in 70 hours. The train will be largely to accommodate the world's fair travel, but if the government will send the mail by this route it will be made permanent. The mail is now sent big Union Pacific on account of the fast time made.

**Opposition to Home Rule.**  
**LONDON, May 3.**—This city was the scene today of an unusual demonstration. Eight hundred brokers, headed by leaders bearing Uncle Jack flags and wearing Union Jacks of paper in their hats in token of their devotion to the cause of union and in opposition to Irish home rule, marched in procession from the Stock Exchange to the unionist meeting at Guildhall. Upon reaching Guildhall the brokers sang "Rule Britannia" and cheered loudly for union, for Lord Salisbury and other unionist leaders. A crowd assembled evidently not in sympathy with the brokers, and lent variety to the cheers by occasional hoots.

**THE RULER OF HAWAII.**  
**Claus Spreckels, the Sugar King, in Honolulu.**  
**SAN FRANCISCO, May 3.**—The steamer Australia arrived from Honolulu this morning, bringing the following advices under date of April 26:  
 A factor which cannot be called new, but is more than ever important, has made its appearance in Hawaiian politics by the arrival of Claus Spreckels, the "sugar king." Spreckels' influence in the islands is very great. His opinion on the question of annexation versus restoration has been eagerly sought. An Associated Press correspondent sought an audience with him. Mr. Spreckels was in a talkative mood. "I was here when the revolution broke out," he said, "and I have come down to investigate. The labor question is an important one, and constitutes my only objection to annexation. The planters must have much labor, and this in the necessities of the case must be Asiatic labor. Whites could not and Kanakas will not work in the cane field. Negroes have been spoken of for laborers, but it is impossible to keep them in the country—they always want to go home. The contract system will not be tolerated by the United States, but that system is not essential. There are three conflicting elements—the missionaries, the Kanakas and the opposing party of white adventurers—which cannot be united. The Kanakas are simple children. There is a gap between them and the whites which cannot be bridged—a missing link which will never be found. There is no danger, though, from England or Japan. Uncle Sam will not allow any power to take these islands. They are the commercial highway of the North Pacific, and I believe they belong to the United States if any nation is to have it. The Kanakas, though, are easily influenced, and I can't be here all the time."

**World's Fair.**  
**Chicago, May 3.**—Less than 1,500 people, it is said, paid cash for admission the second day of the exposition, although about 10,000 people were in the park. The paid admissions at Philadelphia the second day numbered 14,722. The revised official figures for the first day's attendance here are 31,500, of which 14,100 were paid tickets. The arrangements are found to be quite inadequate, many people pressing past the large force of guards, to say nothing of a large number of agile people who enter by jumping the fence.

**The Northern Pacific seems to be the favorite route to the world's fair.** The passenger equipment is excellent. The tourist sleeping cars have been upholstered and are very comfortable. For rates and other information call at the Regulator office. 2tdwft.
