## WILL NOT BE ARRESTED

Secretary Carlisle Orders a Stoppage of Proceedings.

THE MONGOLIANS WIN FIRST HEAT

Date of Arrest of Unregistered Chinese Postponed—Reasons for This Last Move.

WASHINGTON, May 4.—The text of the order instructing United States officials not to arrest the Chinese who have not registered telegraphed from the treasury department today as follows:

TREASURY DEPARTMENT, Washington, D. C., May 4.

The time within which the Chinese laborers, required by the act of May 5th, 1892, to procure certificates of residence, will expire on the 5th day of the present month, and it is evident from the partial reports made to this department by the collectors of internal revenue that in some of the states and territories large numbers of such persons have failed or refused to make application as required by the law, but until complete reports are received of the names and residences, those who have registered and procured certificates, and who are therefore exempt from arrest, cannot be officially known. The collectors of internal revenue and collectors of customs and all customs officers of the United States are therefore instructed to refrain from making arrests under the provisions of the sixth section of the act approved May 5th, 1892, entitled "An act to prohibit the coming of Chinese persons into the United States," until further orders and instructions from this department.

J. G. CARLISLE, Secretary.

The attorney-general supplemented this circular by instructing the United States district attorneys to defer proceedings under the act of May 5th, 1892, except under an order of court, until the necessary arrangements for the arrest, imprisonment and deportation of the persons accused can be perfected, of which due notice will be given.

HARRIS MUST DIE.

Governor Flower Has Denied the Application for Clemency.

ALBANY, May 4.—Governor Flower has denied the application for clemency in the case of Carlyle W. Harris, the young medical student, of New York, convicted of poisoning his young wife, and whose trial attracted so much attention in the New York papers. He will be electrocuted next week.

Suggests Another World's Fair.

HADDONFIELD, Pa., May 4.—Jesse E. Peyton, known as father of Centennials, suggests the idea of holding a celebration at Jerusalem, to commemorate the 2,000th anniversary of the Christian era.

A meeting will be held next month at Philadelphia to discuss the advisability of such a celebration. Col. Jesse E. Peyton was the first person to suggest the event 1875 in commemoration of Bunker Hill, also the exhibition at Philadelphia, the erection of the Yorktown monument in 1891, the New York celebration in memory of the inauguration of Washington and the establishment of the government, and the world's fair at Chicago. Col. Peyton is about 75 years of age.

A Very Active Volcano.

SAN FRANCISCO, May 3.—Advices from Honolulu state that not for years has Kilauea, the big crater of Hawaii, been seething, boiling and bubbling as it was at last reports. Just before the Australia left Honolulu, Peter Lee, the hotel man at Hilo, came to the city and reported the volcano was disporting itself in a truly awful way. The lake of fire that for some years has confined itself to an area of about 12 acres in the innermost crater, has risen fully 10 feet, and now the whole middle center, of about 120 acres, is a mass of molten lava.

New Method of Identification.

DETROIT, May 4.—The perfect identification yesterday of the body of the late Dr. Eugene Sloman, of this city, bids fair to become famous in medical jurisprudence, as \$25,000 insurance depends on the result. Dr. Sloman was drowned in Omaha last July. The insurance company demanded the privilege of investigating, professing to suspect something wrong. The work was conducted by three Detroit physicians,

and a professor from Chicago. Decomposition had proceeded so far that all ordinary means of identification were impossible. It was learned that in Omaha Dr. Sloman had had considerable dentistry done, and that the dentist had made a chart of the teeth, and complete notes of his operations. He was brought to Detroit, and yesterday the body was exhumed. The teeth were examined, and a chart and description made that were identical with the records of the Omaha dentist.

Advertised the Fair.

No one questions but what the world's fair has been thoroughly and completely advertised. The one man to whom credit is principally due for this is

Moses P. Handy, chief of the department of publicity and promotion. Mr. Handy has long been a man well known in newspaper circles and the hearty co-operation he has received from the press of the country indicates in a measure the personal popularity of the gentleman in charge of that department. Mr. Handy is a newspaper man, and made a reputation in that line in the east prior to his appointment. He is in the prime of life, a man of great ambition, executive ability and capacity for hard work.

THE CATCH OF SALMON.

An Increase of Thirty-two Thousand During the Past Month.

ASTORIA, Or., May 3.—During the last two days fish have been running well, and, though the stormy weather has prevented a heavy catch, the quality all around is very superior. Yesterday's average was 13 fish per boat; today it was a little over 12. The highest catch recorded today is one of 29 fish, weighing 652 pounds, which figure in bad weather is excellent. Thirty-two of Kinney's boats this afternoon brought in 438 fish. During April the total catch of the seven canneries on the lower river was 23,124 or 24,038 cases.

Cuban Uprising Over.

MADRID, May 4.—The news received here from Havana yesterday that the chief Cuban rebels had surrendered with an expression of profound relief in both political and financial circles. Spanish funds rallied 1 per cent today and Cuban stocks 4 per cent. The official dispatches continue to represent the separatist movement as completely checked.

Railroad Building Stopped.

SIOUX FALLS, S. D., May 4.—Work on the new line of the Sioux & Yankton road came to a sudden stop this morning in Turner and Lincoln counties, 100 teams and 200 men being driven off by farmers through whose lands they were working. The payment for the right of way is not satisfactory.

La Grippe.

During the prevalence of the gripe the past seasons it was a noticeable fact that those who depended upon Dr. King's New Discovery, not only had a speedy recovery, but escaped all of the troublesome after effects of the malady. This remedy seems to have a peculiar power in effecting rapid cures not only in cases of la grippe, but in all diseases of throat, chest and lungs, and has cured cases of asthma and hay fever of long standing. Try it and be convinced. It won't disappoint. Free trial bottles at Snipes & Kinersly's drug store.

## WALL ST. TOTTERING

Three Failures Yesterday and Three More Today.

MILLIONS OF MONEY INVOLVED

Today Closes With an Easier Feeling, but the Uneasiness Not Allayed

Owing to Other Disastrous Rumors.

New York, May 5.—[Special to the CHRONICLE.]—Wall street today is more violently agitated than it has been in history. Houses of world-wide fame and accredited responsibility are tottering and falling on every side, no less than six having failed since yesterday morning. Those of yesterday were Henry Alden & Co., who have large branch interests in Chicago; B. L. Smith & Co., and Schuyler Warden. The market closed with a decidedly panicky feeling and this morning there was a flurry when the Stock Exchange opened. Three failures were announced, those of W. L. Patton & Co., S. V. White and Henshaw & Co. of Boston.

12 m.—After 11 o'clock the excitement in the Stock Exchange abated somewhat, but fluctuations continued wide, and frequent buying offers appeared. Prices jumped three and four points at a time, but any pressure to sell was immediately followed by a break. The close was easier. One of the largest houses on the street is said to be in trouble and certain to fail.

The panic originated from the remarkable decline in the National Cordage stocks, superinduced in part by the recent heavy exports of gold. All stocks have felt the drive, some of the best railroad dropping at a remarkably rapid gait. Northern Pacific fell to 14½, but rallied a little at the close.

Granite For the Cascades.

Major Handbury, United States engineers, has returned from a visit to the granite quarries of Day & Co., at Raymond, Fresno county, Cal., 200 miles from San Francisco, from which the granite for the locks at the Cascades is to be brought. He wished to see what progress was being made with the work there, and found that there was a vast amount of granite in sight, and that some blocks had been quarried out. Derricks were in course of erection, and boilers, engines, etc., were being got together preparatory to doing a large part of the drilling by machinery. The spring has been backward there as well as here, and consequently not so much progress has been made at the quarries as might have been had the season been more favorable. Mr. J. G. Day, Jr., who has been at the quarries, returned to Oregon with Major Handbury.—Oregonian.

Judge Ramsay, while at Genesee, N. Y., holding court, charged a jury at Corning, Steuben county, through a telephone. This, he says, is the first time a jury has been so charged by any judiciary.

Strength and Health.

If you are not feeling strong and healthy, try Electric Bitters. If "la grippe" has left you weak and weary, use Electric Bitters. This remedy acts directly on liver, stomach and kidneys, gently aiding those organs to perform their functions. If you are afflicted with sick headache, you will find speedy and permanent relief by taking Electric Bitters. One trial will convince you that this is the remedy you need. Large bottles only 50c. at Snipes & Kinersly's drug store.

Six hundred and eight Chinese at Portland and aboard the Danube, were not permitted to land.
