### "The Regulator Line" SAVED BY COOLNESS

A Mob Enters a Courtroom to Kill the Judge.

THE TROUBLE OVER WHITE CAPS Only the Latter's Nerve and Decision Save His Life—Further Trouble Evaded by the Militia.

JACKSON, Miss., May 5.—The court of Brookhaven yesterday morning was to be occupied with the cases of ten white caps in jail there for shooting a negro and burning his cabin several months ago. The court had just opened when a mob of 100 men rode into town and surrounded the court house and jail, threatening the life of Judge Chrisman and all officers who dared to oppose them. They would let no one leave the place, and it was some time before the citizens of the town knew of the disturbance. The citizens finally went to the rescue, and the judge, knowing what was coming, used a pistol and led the charge against the mob. They retreated to the suburbs, and the town was in an uproar. The band of outlaws awaited the attack in ambush. Sheriff McNair telegraphed Governor Stone for guns, and with Adjutant-General Henry he went to the scene in person, carrying with him 40 Winchester and 2,000 cartridges. Since his arrival nothing has been heard. Frank Peyton, court stenographer, came up from Brookhaven at 5 p. m. He says that when the band took possession of the court house an important case was being tried. Lawyers, witnesses and auditors were horror-stricken. Judge Chrisman was the only man who kept his senses, and it was only through his coolness that the attacking party was repulsed, without the loss of a single person. But for the timely arrival of the militia companies from Wesson and the city of Brookhaven, Mr. Peyton thinks Judge Chrisman and several others would have been murdered.

THE AFTERNOON BATTLE.  
 NEW YORK, May 5.—The afternoon battle slacked off a trifle in intensity. There were spasms of riotous bidding and selling, however, for a time; but the action again became more rapid. Rarely, if ever, in the history of the stock exchange were such wild fluctuations witnessed. While this condition existed, dazed brokers were throwing over stocks regardless of price. Foreign houses were quietly picking up dividend-payers. It is estimated that up to noon London's purchases aggregated fully 60,000 shares, consisting mostly of St. Paul, Louisville & Nashville, and Washab preferred. This increase in foreign exchange caused a drop in sterling rates to 4.85@4.89, but money continued close at 11@12 per cent. The confidence displayed by foreigners caused the home operators to take courage and a general rally ensued.

Soon after the opening there was a renewal of yesterday's rumors that S. V. White ("Deacon") was in trouble in connection with Cordage. Before three-quarters of an hour after the opening the slump in that stock became too great for him to stand and he went down before the storm. The fact of the failure of the grain speculator, whose going to the wall a year or so ago in a grain deal on the Chicago board of trade caused such a sensation, was known on the street and found its way into the stock exchange room before the formal announcement was made therein. According to his own statement the Cordage deal is the chief element in his failure, but he is also interested in Chicago Gas. Cordage strangled him, but Gas suffocated him. He is unable to go on at present, though he might get up later on, he said.

THE UMATILLA RESERVATION HOSPITAL.  
 WASHINGTON, May 4.—The interior department will in a few days issue a patent to the state for land on the ceded Umatilla reservation for the location of a state hospital. Secretary Smith made the matter special today at the request of several Oregonians.

Some time ago the president set aside \$8 per capita to be paid out of the Umatilla fund, to the Indians of that tribe. At the request of Senator Mitchell, and the advice of the Indian department, the amount has been increased to \$25, which will be paid the Indians in a few days.

BATTLE WITH THE YAQUI.  
 CHIHUAHUA, Mexico, May 5.—A courier arrived here yesterday, bringing information of an attack made by several hundred Yaqui Indians upon a detachment of 150 government soldiers who had been sent against them. The fight occurred near the Chihuahua state

line, west of Sahuaraha, and resulted in a number on both sides being killed and wounded. The Indians were well armed and fought desperately, compelling the government troops to beat a hasty retreat without carrying off their killed and badly wounded from the field. The Indians have sent out word that no troops or strangers will be permitted to enter their country, and, as the government will send a large force of soldiers against them, a bloody campaign is expected.

EXPOSITION MAY BE OPEN ON SUNDAYS.  
 CHICAGO, May 5.—A local paper declares positively the world's fair will be open on Sunday. It will be opened without formal action or formal announcement. It has been the rule to have them open Sunday, and Chief Tucker, of the bureau of admissions, receiving no orders to the contrary will continue the custom. He has made arrangements accordingly, ordering all ticket-takers and guards on duty.

A MOTHER WRITES TO THE SPOKANE REVIEW IN WARNING.  
 TO THE EDITOR—It has been definitely ascertained that there is an organized company operating through our country who have taken a contract to furnish the brothels and hell houses of the city of Chicago for the season with 25,000 fresh young girls from the country. The greatest diligence must be practiced by parents and the greatest possible caution by our girls, for these vampires will come to them with soft speech, winning manners, and often wearing the livery of some benevolent organization. Very often they will appear in the somber hues of mourning and open their intrigue by appeals for sympathy in their pretended afflictions. They will not hesitate to use force if there is any chance for it. They will advertise extensively. There will be seen "Girls Wanted" in many of our papers, "good pay and light work." Girls, beware! Yes, you are wanted; 25,000 of you! Fathers, look out! Your daughters are at a premium. No man wants his own girl made a moral wreck, no matter how many other girls he has helped to wreck. Most men have still honor enough left not to want to see their own flesh and blood degraded, even though they have not honor enough to keep from degrading other people's flesh and blood. Drugging will be extensively resorted to. Let no girl "take a drink" even of soda water or lemonade with strangers, or answer in person an advertisement that has not been thoroughly investigated by some personal friend whom you know to be trustworthy. This alarm should be circulated through all our country press. Will our editors give it attention. A MOTHER.

Paper Wheels.  
 A Pullman car is much easier to ride in than one of the ordinary cars. You attribute this to the superior springs, perhaps. The springs, of course, make a difference, and the springs on a Pullman cost probably ten times as much as the springs of an ordinary car. But in reality the springs are a small matter. It is the wheels that make the great difference in comfort and safety, and Pullman wheels are expensive articles. Every wheel on every Pullman car is made of paper. You do not see the paper, because it is covered with iron and steel. The body of the wheel is a block of paper about four inches thick. Around this is a rim of steel from two to three inches thick. It is this steel rim, of course, which comes in contact with the rails. The sides are covered with circular iron plates, bolted on.

The promptness and certainty of its cures have made Chamberlain's Cough Remedy famous. It is intended especially for coughs, colds, croup and whooping coughs, and is the most effectual remedy known for these diseases. Mr. C. B. Main of Union City, Pa., says: "I have a great sale on Chamberlain's Cough Remedy. I warrant every bottle and have never heard of one failing to give entire satisfaction." 50 cent bottles for sale by Blakeley & Houghton, druggists. 1m

Eighty Lives Lost.  
 VIENNA, May 4.—The town of Kowal, Poland, 80 miles south of Warsaw, population 3,500, was swept by a conflagration. One hundred and sixteen houses, including the hospital and asylum, were destroyed. Three hundred families are homeless and destitute. Eighty people perished in the flames.

La Grippe.  
 During the prevalence of the grippe the past seasons it was a noticeable fact that those who depended upon Dr. King's New Discovery, not only had a speedy recovery, but escaped all of the troublesome after effects of the malady. This remedy seems to have a peculiar power in effecting rapid cures not only in cases of la grippe, but in all diseases of throat, chest and lungs, and has cured cases of asthma and hay fever of long standing. Try it and be convinced. It won't disappoint. Free trial bottles at Snipes & Kinersly's drug store.

There is nothing I have ever used for muscular rheumatism that gives me as much relief as Chamberlain's Pain Balm does. I have been using it for about two years—four bottles in all—as occasion required, and always keep a bottle of it in my home. I believe I know a good thing when I get hold of it, and Pain Balm is the best liniment I have ever met with. W. B. Denny, dairyman, New Lexington, Ohio. 50 cent bottles for sale by Blakeley & Houghton. 1m
