Mr. Blount will leave the Hawaiian islands about June 5th and will set sail for Washington, expecting to reach that city about the 17th. It is stated that he has thus far pleased Secretary Gresham, with the exception of the indiscreet admission made by the commissioner on the occasion of his reception of a delegation of Hawaiian women who came to pray for Queen Liliuokalani's restoration. Mr. Blount received their memorials, and in reply to their address said that he would submit them to his government with all other information gathered during his mission, but he was not authorized to take any steps looking to the queen's restoration. This would have been of little consequence but for the practical effect the incident has had upon the queen's party. So long as Commissioner Blount was supposed to have authority to restore the queen they were quite willing to leave the whole matter to him, but now that they understand the real situation, and believe that weeks, and perhaps months, may pass after the commissioner leaves the island before the United States government shall indicate its intentions with regard to Hawaii, it is only natural that they should feel like taking the matter into their own hands and making the most of a favorable opportunity to start a counter revolution, dispossess the provisional government and restore the queen. It remains for Mr. Blount to please and satisfy the other 65,000,000 people of the United States over his conduct while at Hawaii, which is quite an undertaking for one of Mr. Blount's age.

Between The Dalles and Antelope there is but one guide board for the information of the traveler. As there are several important roads leading off from this it is necessary that others should be put up. All through the county the same fault might be cited. Our county roads are often traversed by people ignorant of the country through which they are traveling, and as in many places farm houses are miles apart, it results in a good deal of doubling on the same track, which, as all those who have had to do this know, is most tormenting. A recent law makes the placing of these guide boards a duty of the road supervisors, and as the law provides that they shall not be allowed their pay until they have proven to the county court that they have placed these guide-boards, it ought to be an easy matter to have them all put up within a short time. The CHRONICLE hopes it will not be necessary to touch upon this subject again.

John Ruskin has been proffered the position of poet laureate of England. Ruskin has been a very popular writer, though his physique has not been in consonance with his mental abilities. The position of poet laureate, with a stated salary attached, is peculiarly English, and such a place in the United States would seem very ridiculous, and would be rendered more so by the frail tenure of government positions in general consequent upon changes of administration.

The editor of the Farmington Forum has been sued for libel and required to give bonds in the sum of \$300 to appear before the superior court. In commenting on the case the editor says: "The time for the trial by the superior court has not been set, but we hope it will not take place for some weeks, as it would be doubly severe for us to go to making jute sacks while all is life, beauty and gaiety in the outer world."

A Worthy Laborer.

Willard A. Smith, chief of the department of transportation exhibits, who has labored assiduously for the promotion of this department of the exposition, became a resident of Chicago in 1875, when he was 26 years of age. After graduating from the high school of Rockford, Ill., he entered Shurtleff college at Upper Alton, Ill., and graduated with class honors in 1869. In 1871 he graduated with highest honors from the law school of Washington University, St. Louis, Mo. In the same year he was admitted to practice in the United States' courts.

When you're languid and dull in the spring of the year,
When stomach and liver are all out of gear,
When you're stupid at morn and feverish at night,
And nothing gives relief and nothing goes right,
Don't try any nostrum, elixir, or pill,
"Golden Medical Discovery" just fills the bill.

The surest and best of all remedies for all disorders of the liver, stomach and blood, is Dr. Pierce's Golden Medical Discovery.

Reports From Sheepmen.

Reports received to date from the sheepmen of Northern Grant indicate that in what has heretofore been the most favored localities for lambing has been the worst section this season. Rader & Porter, on Long creek, will make between 80 and 90 per cent.; Harar Bros., 80 per cent.; Conger & Conn, 80 per cent.; Beck Bros., of Creighton, 80 per cent.; Selariff Bros., 80 per cent.; G. V. McHaley, 70 per cent.; Walter Davis 80 per cent.; D. C. Cohoe, of Monument 55 per cent.; Jas. McHaley, 40 per cent.; Emmet Cochran, between 45 and 50 per cent. The small per cent. of lambs marked in the neighborhood of Monument is due to short grass, and scarcity of good lambing range.—Long Creek Eagle.
