LOOK OUT FOR Fresh Paint!

W. C. GILBERT hereby sends his compliments to every friend and enemy—if he has any. Be they few or be they many. The time for painting now has come, and every one desires a home that looks fresh and clean and new. As none but a good painter can do. Painting, papering and glazing, too. Will make your old house look quite new. He will take your work either way. By the job or by the day. If you have work give him a call. He'll take your orders, large or small.

Respectfully,
 W. C. GILBERT,
 P. O. Box No. 3,
 THE DALLES, OR.

No Fit, No Pay.

Union St., opp. European House.

RAINY DAY AT CHICAGO

It Kept Many People From the World's Fair Yesterday.

QUARREL AMONG THE MUSICIANS

Exhibitors Are Rushing Things to Finish Work and Decided Progress Is Being Made.

CHICAGO, May 11.—Lowering skies and downpouring rain this morning had the effect of keeping many persons away from the world's fair grounds; but as the day wore on the clouds thinned, and the prospects seemed better for a good attendance. The committee investigating the charges of favoritism by the department of music, under the chairmanship of P. Lammon, of Salt Lake City, resumed its work this morning. It is not known what the result will be. Lammon said this morning that the committee would make a report to the national commission this afternoon. The question as to whether the council of administration or the national commission has jurisdiction is unsettled. The former claims the commission has no power in the premises, while many members of the commission say that body not only had jurisdiction, but will exercise it. Under sharp orders from the chiefs of the various departments, exhibitors are furiously at work putting their exhibits into shape, and decided progress is being made.

BREAK IN THE LEVEE.

The Mississippi River Is Again on the Rampage.

GREENVILLE, Miss., May 11.—The break in the levee at 1 o'clock this afternoon on the Arkansas side was over 700 feet wide. That portion of Arkansas is under water. It is reported that Arkansas City will be under water by night, as the levee there cannot hold.

MEMPHIS, Tenn., May 11.—Early this morning the levee on the Arkansas side gave way. There is a break 200 feet wide, increasing hourly.

NEW ORLEANS, May 11.—The levee broke today at Lakeport, Ark., and water is filling up the Texas basin and Black river. Both are said to be low and able to hold the water.

A Famous Lost Mine Found.

CHIHUAHUA, Mexico, May 11.—News reached here today that the famous and marvelously rich lost mine in the Chihuahua mountains has been discovered by Martin Lanier and Frank Ponda, two Americans who have been searching for the property for several months. About twenty years ago Lanier and his father and brother were traveling through the Chihuahua mountains and camped on the reservation of the Chihuahua Apache Indians. A member of the tribe showed the Laniers a number of gold nuggets and directed them to the spot from which the wealth was obtained and worked it for a few weeks, taking out several hundred dollars' worth of gold with pick and shovel. The Indians one day made a raid on their camp and killed one of the brothers, and took the other brother and father prisoners. The two survivors were released upon promise to leave the reservation immediately. The father of the boys drew a diagram of the location of the mine, which he kept in his possession until a few months ago, when he died. His son immediately fitted out an expedition in Texas to search for the lost mine, and found it without any difficulty.

Bank Failures.

CHICAGO, May 11.—The Columbia Navigation bank of this city failed this morning. It had a capital of \$1,000,000, and deposits of \$1,400,000. Rumors that it was in trouble have been current nearly a week. It did business with small country banks mostly, and was not in esteem among the other city banks. It is said the cause of the failure was poor collections on loans. This collapse and that in Indianapolis caused a break of 2½ cents in the price of wheat here.

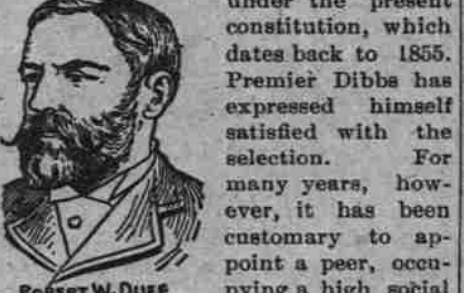

WILMINGTON, Del., May 11.—The announcement of the failure of R. R. Robinson & Co., bankers and brokers of this city, today created a profound sensation. Rumors of the failure of this well-known firm have been on the street several days, and business circles were excited. The liabilities are estimated at \$300,000; assets not to exceed \$100,000. The sheriff seized all property of the bank.

INDIANAPOLIS, Ind., May 11.—The Capital National bank of this city has suspended. The state bank examiner

is in charge. The failure was caused by that of the Chemical National bank of Chicago, which owed the Capital National \$100,000. The Capital also carried a large amount of the Premier steel works paper. The latter went into a receiver's hands Friday. The officials of the bank have made a statement in which they say the capital stock is \$300,000. The bank has done a profitable business. It was run on a conservative basis, and there was nothing in the bank's condition to cause uneasiness till Tuesday, when the failure of the Chemical National of Chicago occurred.

Governor of New South Wales.

LONDON, May 11.—Lord Jersey's successor as governor of New South Wales is the Rt. Hon. Robert W. Duff. He is the first untitled governor of that colony

under the present constitution, which dates back to 1855. Premier Dibbs has expressed himself satisfied with the selection. For many years, however, it has been customary to appoint a peer, occupying a high social position at home. It is not that the colonists care about a title per se, but that they prefer to know that the social functions at government house will be administered by one who is a person a grata at court. It is therefore not certain that Sir George Dibbs' opinion will coincide with the opinions held by the people of New South Wales.

English Arguments.

PARIS, May 11.—Hon. James B. Eastie, the American ambassador, was present today at the session of the Behring sea tribunal of arbitration. Sir Charles Russell resumed his argument, which was largely devoted to the technical features of the controversy. Sir Charles argued it was impossible that there could be property rights in the seals in Behring sea, and he supported his contention with quotations from American jurists, and in particular from Professor Wolseyley's writings on international law. Sir Charles dwelt on the far-reaching effects upon international rights that would ensue from conferring the power claimed by American counsel in behalf of the United States to seize foreign vessels in time of peace. Sir Charles claimed that Great Britain represented, in this controversy, the rights of nations.

A Life Insurance Decision.

NEWPORT, Ky., May 11.—The Kentucky court of appeals has handed down a decision of great moment to insurance companies. The court decides that a policy taken out by a wife on the life of her husband, without his knowledge, cannot be collected in case of death, as an insurance contract is a personal contract. The court further holds that where a wife has used her husband's money in paying for such policy he may recover by civil process.

Chinese Exclusion.

WASHINGTON, May 10.—The special session of the supreme court today to hear arguments upon the constitutionality of the Geary Chinese exclusion act, upon an appeal from the judgment of the United States circuit court for the southern district of New York, attracted an attention that more than exhausted the limited accommodations of the courtroom. The visitors included many prominent members of the bar and a large number of ladies.

A Drouth in Italy.

ROME, May 11.—Reports to the government from all parts of Italy show the drouth so damaged crops it will be necessary to import 113,500,000 bushels of grain more than usual. It is believed the import duty on this will cover the deficit in the budget.

Karl's Clover Root, the new blood purifier, gives freshness and clearness to the complexion and cures constipation. 25c., 50c. and \$1.00. Sold by Snipes & Kinersly, druggists.

WOOD, WOOD, WOOD.

Money to Loan.
 I have money to loan on short time loans.
 GEO. W. ROWLAND.

Highest of all in Leavening Power.—Latest U. S. Gov't Report.

Royal Baking Powder

ABSOLUTELY PURE

Mrs. Lease shows Her Womanliness.
 TOPEKA, May 11.—Mary E. Lease is president of the state board of charities, which consists of three populists and two republicans. A vote was taken yesterday for superintendent of the Soldiers' Orphans' Home. The republicans voted for Falkner, the present incumbent, and two populists for a new man, Mrs. Lease, having the casting vote, declared that Falkner never would be put out by her vote. "He was a member of the famous bucktail regiment," she said, "and stood beside and cared for my two brothers who died on the battlefield. He is a republican, but for that deed he deserves my everlasting love and support." The populists roundly abuse Mrs. Lease.

London Stock Exchange.

LONDON, May 11.—The Bank of England today advanced the rate of discount from 3 per cent to 3½. The stock exchange opened intensely excited. Difficulty was found in arranging the accounts. Union Pacific, Atchison, Topeka & Santa Fe and other American shares declined up to 1 per cent.

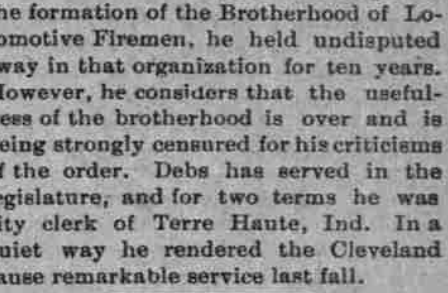

Old Landmark Destroyed by Explosion of a Gigantic Blast.

One of the biggest blasts of dynamite that has ever taken place in a quarry, if not the biggest, occurred the other day at the Palisade quarries about two miles from Fort Lee. The palisades at this point, which is just opposite Fort Washington, were shown of about one thousand feet of surface and the displacement extended about three hundred feet on an average into the rock.

"Washington's Head" has been a landmark for many years to boatmen and tourists going up and down the river, the grim profile looking startlingly distinct just when it came into view through its resemblance to that of the Father of His Country. Washington's head is no more. It tottered and went down in the general havoc caused by the blast, and lies broken in a hundred pieces at the foot of the palisades. The blast was hardly felt at Fort Lee, where it simply made the earth quiver a little, like an infant earthquake. Two miles or more of fissured rock makes a good buffer, and the shock was pretty well exhausted when it reached the village. About four thousand pounds of dynamite was used and the weight of the rock displaced was estimated at one hundred thousand tons at the lowest calculation.

A Coming Labor Leader.

Eugene V. Debs, the promotor and president of the American Railway organization which will henceforth be such a factor in labor affairs, is a man of rare power with the laboring men, and it is believed that in the next few years his name will become as familiar to the readers of newspapers as a labor leader, as that of Powderly or Gompers. He helped in the formation of the Brotherhood of Locomotive Firemen, he held undisputed sway in that organization for ten years. However, he considers that the usefulness of the brotherhood is over and is being strongly censured for his criticisms of the order. Debs has served in the legislature, and for two terms he was city clerk of Terre Haute, Ind. In a quiet way he rendered the Cleveland cause remarkable service last fall.

Shiloh's Vitalizer is what you need for appetite, torpid liver, yellow skin or kidney trouble. It is guaranteed to give you satisfaction. Price 74c. Sold by Snipes & Kinersly, druggists.

From now until further orders I will make cabinet photos at 90 cents per dozen. The best finish that can be put on a photograph. 11.3c

Found.
 A lady's gold watch and chain was found last night, and the owner can learn of its whereabouts by calling at THE CHRONICLE office.
