W. C. GILBERT hereby sends His compliments to every friend and enemy—if he has any. Be they few or be they many. The time for painting now has come, and every one desires a home that looks fresh and clean and new. As none but a good painter can do. Painting, papering and glazing, too. Will make your old house look quite new. He will take your work either way. By the job or by the day.

If you have work give him a call. He'll take your orders, large or small. Respectfully,

Chinese Attorneys Hope for a Stay of Proceedings, and Repeal of The Law.

WASHINGTON, May 19.—President Cleveland and his cabinet have arrived at a definite conclusion as to the action to be taken with reference to the Chinese exclusion act. The president and members of his cabinet, who have charge of this matter, have decided to put the law into operation provided the attorneys for the Chinese Six Companies do not obtain a stay by bringing forward additional legal obstacles. Attorney Riordan proposes, if possible, to carry back from the supreme court to the circuit court, from which the appeal came, the mandate of the court to carry the law into effect. This point may not be successful, but is a very important one. The attorneys assume that it will sufficiently delay action until congress meets again, and then it is hoped by the attorney of the Chinese, and probably by that government's officials, that at least that provision of the Geary act providing for the deportation of the Chinese will be repealed. In the event that no further stay can be secured by the attorneys of the Chinese, there is no longer any question but what the administration will attempt to carry out the provisions of the Geary act just as far as it is possible for them to do with the money on hand to pay the necessary expenses. This action was determined upon at a conference between President Cleveland and Secretaries Carlisle and Gresham and Attorney-General Olney yesterday.

She Loves the Chinese.

CHICAGO, May 19.—The National Editorial Association today chose Asbury Park, N. J., the next place of meeting. Papers were read, and addresses made by Emory Herbert and Colonel F. B. Anthony, of Kansas; Joseph M. Chapell, of Ashland, Wis. William E. Pabor, of Florida, read a poem. Isabella Beecher Hooker was introduced by the chair, and said: "I came here to arouse indignation. My husband writes me that the supreme court has sustained the wicked anti-Chinese Geary act. I protest in the name of Thomas Hooker, one among those who framed the first free constitution on earth. We, his descendants, claim to know something about constitutions. The United States constitution is based on justice to all people. What kind of justice is it to persecute the Chinese as long as they are law-abiding? It is not the justice of Christ. All these Oriental people with their beautiful religion should send missionaries to us to teach us Christianity. When you destroy the liberty of the Chinamen you insult your God." Mrs. Hooker also spoke warmly against the Sunday closing of the world's fair.

EXPORT AND IMPORT STATISTICS. A Very Large Decrease in the Former and Increase in the Latter.

WASHINGTON, May 18.—The chief of the bureau of statistics in his statement to the secretary of the treasury reports that the total value of the exports of merchandise from the United States during the 12 months ending April 30th, 1893, were \$848,584,427, a decrease of \$162,748,746 from the preceding year. The value of imports during the same period was \$926,151,988, an increase of \$94,006,617. The exports and imports of gold and silver for the same period and in comparison with the same months of the previous year were:

	1892-3.	1891-2.
Gold—	\$110,000,000	\$75,614,762
Exports	19,541,000	49,103,923
Imports	90,459,000	26,510,839
Silver—	\$38,950,757	\$29,765,574
Exports	22,466,244	18,571,747
Imports	16,484,513	\$11,233,826

Excess of exports... \$15,485,513
This showing is the worst made by the government in years.

A MISSING MAN FOUND. But He Had Been Dead and Buried for Some Time.

RIVERSIDE, Cal., May 19.—March 21 A. Potter, of San Jacinto, left home for Oregon, having \$2,500 on his person with which he expected to close a real estate deal. Since that time no trace of him has been found. Eight days after Potter's departure a body was found near this city with a bullet hole in the forehead. At that time no intimation was given that the body was that of Potter, who was not then supposed to be dead. The coroner's jury rendered a verdict to the effect that the man had been

and son of the missing man, hearing of the case, made an investigation, and today the body was exhumed. It was unrecognizable, but her son said it was his father and identified him by his shoes. Mrs. Potter is heartbroken and says her husband was murdered for his money. Others are of the opinion that the body is not Potter's.

World's Fair Rates. CHICAGO, May 19.—A meeting of the general managers called to settle the world's fair rates in the west discussed the subject all day and finally left the matter in the hands of the committee of seven, which will report tomorrow. The committee has no power of settlement and will do nothing but recommend. Several roads in the Western Passenger Association are seriously considering a reduction of west-bound rates, if the Atchison persists in reducing its tariff into Chicago.

Surgeon Going to Chicago. LONDON, May 20.—[Special.]—Thomas Spurgeon sailed from Auckland, New Zealand, for San Francisco today. He will pass several days in Chicago and assist Dwight Moody in evangelical work in that city.

An Armistice Agreed Upon. WASHINGTON, May 19.—Unofficial advice is received at the state department that an armistice has been agreed upon between the government and the revolutionists in Nicaragua. The news is believed to be true.

Students' Excursion. PORTLAND, May 20.—[Special.]—The students of the university made an excursion on the Harvest Queen to Multnomah falls and Brownsville today. The object of the excursion is not money, but a gala day for the students and their friends.

Jews in Russia. MERV, May 19.—A new ukase has been issued, expelling the Jews from the Asiatic provinces of Russia. It will cause widespread suffering.

ELECTRIC FLASHES. The Infant's Eulalia is in Washington, D. C.

The Pacific Mail and the Panama railroad have settled their difficulties, and the Panama railroad will withdraw its steamer service.

The president has appointed John M. Jones of Idaho, receiver of public moneys, and John G. Brown of Idaho, register of the land office at Blackfoot, Idaho.

The boiler of a locomotive at Imenau, Saxe-Weimar, Germany, exploded, instantly killing five persons and so seriously wounding eight others that they are dying.

The Chinese building at the world's fair was dedicated yesterday. The dedication consisted chiefly in serving the invited guests cups of strong tea, without sugar or cream.

The reports of the committee on temperance of the Presbyterian Assembly, now in session at Washington, contemplate with shame the spectacle of a "vast national grog shop" at the world's fair. It favors the establishment by congress of an impartial commission to inquire concerning the liquor traffic, such as has been provided for in the bill passed several times by the senate, but defeated by the liquor interest in the house. The report emphasizes the statement that the church is not a political organization, but if the question of morals becomes a question of politics also the church is not precluded on that account from dealing with it. The report also protests against the system known as the army canteen, in which it is claimed officers and soldiers are detailed as saloon-keepers.

While Mr. T. J. Richey of Altona, Mo., was traveling in Kansas he was taken violently ill with cholera morbus. He called at a drug store to get some medicine and the druggist recommended Chamberlain's Colic, Cholera and Diarrhoea Remedy so highly he concluded to try it. The result was immediate relief, and a few doses cured him completely. It is made for bowel complaint and nothing else. It never fails. For sale by Blakeley & Houghton, druggists, 1m

NEWS OF THE STATE.

Five hundred more Chinamen have arrived in Portland on the Danube.

The great quantity of drift wood about Astoria makes fishing dangerous in the river.

A Southern Pacific train arrived in Portland yesterday consisting of six tourist cars from California, all the occupants of which are bound for the world's fair, via the Canadian Pacific.

Governor Penoyer has made the following appointments of delegates from Oregon to represent this state at the anti-trust conference at Chicago, June 5th and 6th: J. B. Eddy, of Portland; J. W. Lewis, of Sparta; E. M. Waite, of Salem; J. J. Daly, of Dallas.—Pendleton Tribune.

The governor has pardoned the following: James McGuire, D. W. Moore and Chas. Pierce, Multnomah county; Frank Bradburn, Umatilla county, restored to citizenship; Sam Horn, sentenced in 1890 to serve ten years for rape from Portland; Chas. T. Michels, sentenced to five years for murder from Clatsop.

An Astoria fisherman, speaking of the small salmon catch assigns as the reason that the immense quantity of water in the river does not compel the salmon to come inside, as they can get all the fresh water they want outside until the eggs are ripe and they are ready to spawn. In addition to this the fish are certainly growing scarcer.

The Agricultural Department. W. J. BUCHANAN.

W. J. Buchanan, chief of the agricultural department of the world's fair, was born in Miami county, Ohio, in 1853. Like most country boys, he attended school during the winter months and worked on the farm in the summer. In 1870 he removed to Rochester, Ind., and lived with his grandfather, who was a farmer. In 1871 he learned the trade of making edged tools. He was appointed engraving clerk in the Indiana house of Representatives in 1872, and served two terms. In 1881 he removed to Sioux City, Iowa, where he has since been prominently connected with the leading enterprises of that city. He was instrumental in establishing the celebrated "corn palace" in 1887. In December, 1891, he was appointed to the position he now holds.

A. B. HURT. A. B. Hurt has been secretary of the agricultural department of the world's fair ever since its organization. He was born in Mississippi and was a member of the legislature of that state when he was 23 years of age. Later he was secretary of the committee of postoffices and postroads, and superintendent of railway adjustments in the post-office department. During the Fifth congress he was door-keeper of the United States house of representatives, an office having more than 150 employees. At the expiration of his term he removed to Chattanooga, Tenn., and engaged in the newspaper business, and is at present president of the News Publishing Co., of that city.

There is nothing I have ever used for muscular rheumatism that gives me as much relief as Chamberlain's Pain Balm does. I have been using it for about two years—four bottles in all—as occasion required, and always keep a bottle of it in my home. I believe I know a good thing when I get hold of it, and Pain Balm is the best liniment I have ever met with. W. B.
