It is reported that Walla Walla has offered the U. P. R. R. company ten acres of land and will assume half of the expense of erecting buildings and im-

proving the grounds if the company will locate their machine shops at that city. It is hardly reasonable to suppose the company would leave the main line to select a place for such works on a branch road.

#### THE BENNETTS RETURN.

Chicago's Big Fair—Not a Candidate for the District Attorneyship.

Judge and Mrs. A. S. Bennett returned Saturday night from a trip to Chicago and Washington, D. C. Speaking to a reporter of THE CHRONICLE he said he spent two weeks at Chicago. The Oregon horticulture exhibit, in his opinion was the finest of any state, and the forestry exhibit was equally as good. The agricultural exhibit was not yet at its best, and would be strengthened and improved as the season advanced.

Asked about extortionate charges he said that while everything was held at a pretty stiff figure, a person by exercising care, could get along fairly well. Hotel rates were from \$2 to \$10 per day. He agreed that the best way was to rent a room and take meals at restaurants. Once on the grounds everything was charge. "If you sit down, you are charged," said Mr. Bennett, "and if you stand up, you are charged. You can not get the plainest meal for less than \$1. Every seat has been taken from the grounds, and if you must sit down you are charged 35 cents an hour, 75 with a guide. This chair service is allowed to but one company, as well as the restaurant service, and all others. They each have a monopoly." Asked about the rumor that he was a candidate for the district attorneyship Mr. Bennett said that such a report was unauthorized and that he had not made the first move to that end. On the contrary he had recommended and was working for another candidate.

#### Serious Accident.

Frank Gilsing, working for Will Cates on 3-Mile, lost control of his team this morning, which was attached to a wagon. In the wild flight of the horses he was thrown in such a manner that a hind wheel ran across his stomach, wounding him seriously and perhaps fatally. Blood gushed out from his stomach and from his mouth. A messenger was at once dispatched to The Dalles, and Dr. Rinehart immediately went out to care for the sufferer.

#### Esteb and the Quack.

Dr. W. E. Rinehart performed a very successful operation on Saturday by removing the great toe and a small part of the left foot of Attorney L. A. Esteb. Mr. Esteb has been a great sufferer from this foot for several years. The trouble originated from the operation of a quack doctor in removing a corn. He removed the corn and came very nearly removing a lawyer also. Mr. Esteb will be out in four or five days.

"You don't, eh? Well you're not in it. The proprietor of the new restaurant down town has just purchased a fine soda fountain of Chapman & Co., Madison, Ind., the same I see advertised in the THE CHRONICLE and I was polite enough to ask my lady friends up to take a drink and the soda was so all-fired nice I lost a whole dollar bill before I could get away. Don't lose anything by politeness, eh?"

"Well, it depends on whether there is a Chapman & Co. soda fountain around or not."

The May term of the circuit court began this morning.

The grand jurors drawn for the term are Messrs. C. E. Bayard, J. E. Barnett, C. W. Magill, W. H. Taylor, John Cates, Henry Simons, P. Nesson. Mr. Bayard was appointed foreman.

Reading of the docket was the principal business done today. Little interest is manifested on the part of the public today, there being none present outside of the attorneys but parties interested in the several trials that are to come up.

The case of D. S. Allison will probably come up for trial tomorrow.

#### Monkeying With a Buzz-Saw.

It is rumored that in Salem a compromise is trying to be made whereby the injunction suit will be dismissed, and let the matter die out as peaceably as possible. The sentiment stirred up all over the state away from Salem has proven so strong and so bitter against that city, that they are afraid it will prove a boomerang and they will lose everything. It is not a matter of doubt that they have toyed with a buzz-saw, and unless they go away from the instrument all of their state appendages, including the capitol, will be severed. If they can comprehend this fact, and that right away, they may save themselves, but each day of dalliance endangers what they already have. The universal sentiment here is unfavorable to Salem. It may be pity, but 'tis true.

#### Lost the Suit.

The case of Wagner vs. Hewitt and Ryan was decided against the plaintiff in Justice Davis' court Saturday. The participants were all boys of about 13 years, except Mrs. Wagner. The evidence showed that after school Friday night Hewitt and the two Ryan boys passed Mrs. Wagner and her two boys. In doing so a Ryan brushed a Wagner boy, when the two latter attacked Ryan. Hewitt came to the rescue and was in turn beset by Mrs. Wagner, who kicked him. Thereupon Hewitt struck her in the eye, the result being still noticeable in the court room, as it was blackened. Thereupon Hewitt and the Ryan boys were arrested at the instance of Mr. and Mrs. Wagner. Justice Davis dismissed the case and assessed the costs, some \$63, against Wagner, contrary to the usual custom of making the county stand the costs.
