"The Regulator Line" A ROW AT THE FAIR
Swiss Exhibit Closed by the Commissioners.
CAUSED BY SELLING DIAMONDS
The Swiss Commissioners Will Offer a Resolution to all Foreign Exhibitors.
CHICAGO, May 22.—There is a big row in the world's fair. It came about in this way. Saturday afternoon customs officers arrested P. B. Nemitz, agent for a number of Swiss exhibitors, for selling a diamond brooch contrary to law, all foreign goods being under bond for the payment of duty before sale. The officers then took into custody the Swiss exhibit. When the Swiss commissioner heard of it he became angry, claiming that, though the officers had a right to arrest the offending agent, they had no right to take possession of the entire exhibit. He therefore at once closed the exhibit and telegraphed the Swiss minister at Washington stating his action. A meeting of foreign exhibitors will be held this afternoon, at which the Swiss commissioner will offer a resolution that all foreign exhibits be closed till the question is settled.

Coal Miners' Strike.
PITTSBURG, Kan., May 22.—The indications are that the coal miners strike will spread all over the Southwest. Officials of the Santa Fe road who were expected to bring the matter to arbitration are reported opposed to the plan. They are determined not to recognize the Miners' Union. Five hundred miners in Cherokee and Crawford counties quit today, also those in Yale district, and all the strip miners will quit tonight. The miners in Indian territory are ready to go out when ordered. If this fails, the entire Southwest, except Arkansas will be ordered out.
Sage Used Him as a Fender.
NEW YORK, May 22.—The suit which William R. Laidlaw brought to recover \$50,000 damages, for injuries, against Russell Sage, was called for trial this morning in the supreme court, part third, by Judge Patterson, and marked ready for trial. As soon as there is a vacancy in one of the trial terms, and it is reached on the calendar, it will be sent there for trial. As it is the 15th case on the calendar, there is little probability of its being reached for two or three days. Laidlaw was a clerk in the banking office of John Bloodgood & Co., bankers, on Broadway. He was in Sage's office at the time of the famous dynamite explosion, and was injured. He asserts that Sage used him as a fender.

Irish Demonstration.
LONDON, May 22.—The demonstration of the Irish National League in Hyde Park yesterday was most enthusiastic. A quarter of a million people were present with delegates from all branches of the league in the United Kingdom, and Joseph Arch, leader of the movement for the emancipation of English agricultural laborers, and other well-known men. Resolutions were adopted approving Gladstone's home-rule plan, and accepted it as a statement of the Irish question.

Russia is Dissatisfied.
NEW YORK, May 22.—It is said Russia is dissatisfied with the impression made in the late naval review, in comparison with that of Great Britain, and will send over three of her largest ironclads to remain here a couple of months, to give the Americans some adequate notion of the Russian navy.

THE "AIR-RUNNER."
A New Machine Which Will Soon Be Tried.
Professor S. P. Langley is the inventor of a scientifically constructed flying machine that will fly. It was begun about two years ago and has been built in complete secrecy. It is now finished, and will probably be tried soon in Washington. Professor S. P. Langley is at the head of the Smithsonian Institution at Washington, where he is looked upon as the greatest fountain of knowledge and scientific lore in this country. All of the favored few who have been allowed to see the "Aerodrome" or "Air-Runner," as he has christened his new machine, declare their opinion emphatically that it will fly successfully. The fairy craft is intended simply for

experiment, and not in any sense for practical transportation. It is said to look at first glance not unlike a huge flying fish.
Fire in St. Louis.
St. Louis, Mo., May 22.—A fire at midnight destroyed \$200,000 worth of property and caused a loss of human life. A few minutes before 12 an alarm was sent in from the corner of Channing avenue and Locust street. The fire was of incendiary origin. It completely destroyed a three-story brick block on the corner mentioned, occupied by C. M. Crumm, livery. One hundred and fifty horses were burned to a crisp and the entire lot of buggies, phaetons, other vehicles, harness, etc., were destroyed. On the second floor James Quinn, foreman, his wife and eight children slept. All had narrow escapes, except Eddie, a 7-year-old boy, who was fatally burned before he could be rescued. Crumm's insurance is \$23,000.

The American Arbitrators.
As one of the two American members of the board of arbitration which is meeting in Paris to settle the Behring sea controversies, more than usual attention now centers upon the name of Justice John M. Harlan. He was born in Boyle county, Ky., in 1833 and received his education at Centre college, graduating at JUSTICE HARLAN
17. He early entered public life and when thirty years of age was made attorney-general of Kentucky, and on December 10, 1877, took his seat on the supreme bench of the United States. He is an old soldier, having served under General Thomas, rising to the rank of brigadier-general.
Senator John T. Morgan is the other American member of the Behring sea arbitration board. Besides this he has the distinction of having presented the Hawaii question to the senate in a way to secure its attention. He was born at Athens, Tennessee, in 1824, but since he was nine years old has resided in Alabama. He received an academic education, afterward studied law and was admitted to the bar in 1845. In 1861 he was a delegate to the state convention which passed the ordinance of secession and served in the war as a confederate, he was elected to the senate to succeed Geo. Goldwhite in 1877 and has been twice re-elected.

Do Not Want Free Wool.
SAN ANTONIO, Tex., May 22.—L. B. Rayne, president of the Texas wool-growers' association, has issued a call for a meeting on June 1st, to be held in San Antonio, for the purpose of perfecting a more thorough organization for the protection and promotion of the wool interests of Texas. Mr. Rayne says the Texas legislature is unfriendly to the wool interests of the state, and contemplates such action as will be injurious to the wool-producing interests of the United States. Free wool, the Texas wool-growers assert, will sound the death knell of the wool industry; hence the necessity of united and organized effort of those engaged in the industry.
