"The Regulator Line" A DECISIVE BATTLE

The Nicaraguan Insurgents Were Victorious.

A RAGING FIRE OF ARTILLERY

Large Numbers of Government Troops Killed and Wounded—United States Warship Needed.

New York, May 25.—The Herald's special cable from Granada, Nicaragua, gives additional details of the decisive battle of Barranca Pass, May 19, near Masaya. Reliable data show that the government's losses were 155 killed and 267 wounded. This was largely due to the terrible raking fire of the revolutionary artillery, which occupied a strong position on Coyotepe hill and threw out its murderous messengers of death with scientific precision and deadly effect.

The revolutionists outfought the government troops. The half-paid and undisciplined soldiers were in no sense a match for the well-paid and well-fed troops which have joined the revolution. Carrying away their wounded with them, Sacasa's troops were finally forced to leave the field. When the fight had ended they filled three cars with their wounded soldiers and sent them back to Managua. None of the revolutionists were injured. The real battle, however, was fought on May 20. It began with heavy cannonading at 8 o'clock in the morning. Thirteen hundred government troops attempted to fight their way out to the position held by the insurgents, who numbered a little more than 1,000, and were commanded by General Barranca, but they attempted what it was almost impossible to accomplish. The revolutionists held so strong a position in the mountain pass that a much larger attacking force would have been required to dislodge, even if they had not been backed by artillery. Supported by their field pieces on Coyotepe hill, however, they made it so uncomfortable for the attacking party that the enemy was forced to retire with heavy loss. Two hours later the government forces had been re-formed, and were ordered again to the attack, and after an hour's terrific fighting the government forces were forced to retreat. Disorganization and demoralization prevailed in the ranks. In Managua it is reported that 200 government troops were about to desert and go over to the revolutionists when their plans were revealed and they were imprisoned. President Sacasa is reported to have fled to Corinto and is ready to go on board a steamer and leave the country the moment he is convinced he cannot win. His government is in a desperate situation, and has now little chance to gain what it has lost. The presence of a United States warship in Nicaraguan waters is needed for protection of American interests.

THE CARSON MINT.

Owing to the Expense There Will Be Suspension of Coinage.

WASHINGTON, May 25.—Owing to the small amount of gold bullion deposited, about \$100,000 per month, and the heavy expenses of coinage at the mint at Carson City, Nev., Secretary Carlisle has directed the suspension of coinage at that mint after June 1. Gold and silver bullion will, however, be received for parting and refining. Gold deposits will be paid for in coin or fine bars as preferred by the depositor. Returns for silver deposits will be made in unparted or fine bars as desired. Purchasers of silver bullion under the act of July 14, 1890, will be continued as heretofore. The forces in the mint at Philadelphia and New Orleans will probably be reduced. With the suspension of coinage at Carson City the coinage of silver dollars will be discontinued for the present, as there is no demand for this class of money.

The Salmon Industry.

ASTORIA, May 25.—The fish catch today reached the 5,000 mark, the boats averaging 9 1/2 salmon per boat, with an average weight of 23 1/2 pounds. The trapmen are retrograding, even from their meager catch of yesterday. In fact, the principal feature of this year's work will undoubtedly be the extinction of the trap industry on the lower river. Reports from above Tongue point show the same state of things. The catch for the season to date reaches 205,610 fish or about 67,750 cases, Astoria's contribution being 47,946 cases. Fish for the past six days have averaged 23 1/2

THE SUNDAY OPENING

Attorney-General Olney Issues His Instructions.

WILL APPLY FOR AN INJUNCTION

District Attorney Gilchrist Lost No Time in Complying With Instructions.

WASHINGTON, May 25.—As a result of United States District Attorney Gilchrist's talk with Attorney-General Olney yesterday, he left last night with explicit instructions, if he should find on arrival at Chicago that the plan was still adhered to to open the world's fair Sunday, to "Present the matter to the federal court and ask for an injunction, or any other legal process which the facts would warrant, and which would prevent a violation of the laws of the United States."

District Attorney Gilchrist lost no time in complying with the instructions of the attorney-general. He telegraphed ahead to the assistant attorney-general, instructing him to prepare a bill for an injunction restraining the management of the fair from opening the gates next Sunday. The bill will be filed as soon as it can be prepared, probably Friday or Saturday.

Forged a Check.

J. P. Wager, at one time a prominent man in Oregon, is confined in the county jail in Portland to answer to the grand jury for the crime of obtaining money under false pretenses. Wager gave O. Donoghue of that city a check bearing the forged signature of George H. Moffitt, manager of the Portland Telegram. Mr. Wager was a senator from Umatilla county in the legislature of 1887 and 1889, and was the brightest and most eloquent of that body. He was editor and proprietor of the Pendleton East Oregonian for several years and had the honor of being the only democrat whom H. W. Scott, of the Portland Oregonian, thought a foe man worthy of his steel. Wager was employed upon the editorial staff of the Evening Telegram a few months and then tried to practice law at Condon, Morrow county. Drink has caused his downfall.—Statesman.

A Woman Burned to Death.

ROCKLIN, Cal., May 25.—At 2:40 this morning, fire started in the kitchen of the Davies hotel; its origin is unknown. It burned 25 buildings, including two-thirds of the business section of the town. The total loss is \$75,000, insurance about one-third. Miss Alice Irish, of Georgetown, working at the Davies hotel, got out once, but went back for her clothes, was caught in the flames and burned to death. A heroic attempt was made by William Davies and Will Landis to save her, but the building collapsed. The other occupants of the hotel barely escaped with their lives.

A Woman Cremated.

ATLANTA, Ga., May 25.—Dora Schun, a woman of bad character, recently had her thoughts turned to the evil of her ways, and became convinced that burning was her lot. Last night she decided to settle her fate at once. Seizing a lighted lamp, she smashed it on her head. The oil fell on her clothing, and she was soon a pillar of fire. Her injuries were such that she died today.

Specimen Cases.

S. H. Clifford, New Cassel, Wis., was troubled with neuralgia and rheumatism, his stomach was disordered, his liver was affected to an alarming degree, appetite fell away, and he was terribly reduced in flesh and strength. Three bottles of Electric Bitters cured him.

Edward Shepherd, Harrisburg, Ill., had a running sore on his leg of eight years' standing. Used three bottles of Electric Bitters and seven boxes of Bucklen's Arnica Salve, and his leg is sound and well. John Speaker, Catawba, O., had five large fever sores on his leg; doctors said he was incurable. One bottle Electric Bitters and one box Bucklen's Arnica Salve cured him entirely. Sold by Snipes & Kinerly.

Notice.

Owing to the present stage of water we have been compelled to discontinue through connection to Portland. Steamer Regulator will make a trip, Dalles to Cascades and return, every Saturday. Through business will be resumed as soon as possible. D. P. & A. N. Co.
