**WORLD'S FAIR GROUND, CHICAGO, MAY 28.**—Fully 200,000 people came to the world's fair grounds today, and with souls freed from care, drank in inspiring music and feasted their eyes upon the artistic and natural beauties of "the White City," while their minds were improved by studying the works of genius and industry. It was the first open Sunday, and it was a success. The day of rest was but two hours old when the people began to come into the grounds. All modes of transportation brought their quotas, and from the steamer piers and railways came long lines of people; but the masses did not arrive till after noon. Beginning about 2 o'clock, the multitudes floated into the grounds at every gate, and by 4 o'clock 60,000 people were inside the enclosure. The people kept on coming the entire afternoon and overflowed into the Midway plaine, whose every show was crowded until the attendance mark had been elevated to 100,000. After dark the grounds were lighted up, and this, together with other features of illumination attracted still more, and when the crowds were about ready to go home a conservative estimate placed the number for the day and evening at 200,000.

**ALLISON AND IVES.**  
Chiefs of the Departments of Manufacture and Fine Arts.  
James Allison, chief of the department of manufacturers, has command of the largest exposition ever erected, and the manner in which he has handled the exhibits in the department demonstrates the wisdom of his appointment to the most important division of the fair. Mr. Allison is of Scotch descent. He was born at Frankford, Pa., in 1843. Until he was seventeen years of age his life was that of the ordinary farm lad. At an early age he developed a taste for mechanics, but his studies were interfered with by the outbreak of the war. He enlisted as a private and served with credit to himself throughout the war. Halsey C. Ives, head of the art department of the world's fair, has aroused the wrath of the gentlemen in charge of the French art exhibit and A. A. Anderson, of New York. In the French department is a picture painted by Anderson entitled, "A Woman Taken in Adultery." When Anderson offered it for exhibition in the United States art department, it was refused. The reason given was that it was immoral. Several foreign countries at once offered Anderson space for the picture, and he accepted the courtesy of France. Today Ives visited the French department and caused a cloth to be stretched before the picture. The French gentlemen strongly objected, and threaten to take the matter into the courts and have Ives and the crimson cloth enjoined. Halsey C. Ives, chief of the fine arts department of the exposition, was born in Havana, N. Y., in 1848. His entire life since arriving at manhood's estate has been spent in the pursuit of art. Mr. Ives was educated in the public schools of his native town, and received academic instruction at the Union Academy of Havana. He was compelled to start life on his own account at an early age, and chose art as a career. To learn the technicalities of his profession, in 1862 he started as draughtsman in the government service. Ill health caused him to abandon this. Later he studied in New York, St. Louis and Europe. He was appointed chief of the fine arts department, May 1st, 1891, and through his efforts, the art exhibits at the fair will be the greatest the profession has ever had.

**A Smuggling Gang Unearthed.**  
Boston, Mass., May 27.—The United States special treasury agents are of the opinion that an extensive smuggling of Chinese laborers and laundrymen is or has been carried on along the Canadian line, and have been active in their endeavors to put a stop to it.

**THE NICARAGUAN TROUBLE.**  
No Appeal Has Been Made to the United States for a Protectorate.  
WASHINGTON, May 28.—Dr. Guzman, the Nicaraguan minister, has received no official information that the Nicaraguans desire the United States to establish a protectorate over the country, as stated in a New York paper. Dr. Guzman is of the opinion, however, that such will be the ultimate issue under the condition of affairs existing there. The Nicaraguan canal project, he says, closely connects the two countries, and its interests would be greatly enhanced if the United States were given supremacy. Private advices received here state that the revolutionists have found that they have undertaken a greater task than they can manage since gaining the upper hand and will be willing to relinquish control, provided they are granted amnesty and representation in the cabinet.

**SHOT BY EVANS AND SONTAG.**  
A United States Deputy Marshal Is Very Badly Wounded.  
VISALIA, Cal., May 27.—Officer Black, who is a deputy United States marshal from San Diego, and a companion named Thomas Burns have been at a cabin near Camp Badger, about four months, lying in wait for Evans and Sontag. Their business was well known to the latter. About 9 o'clock last night, after passing the evening at Camp Badger, Black and Burns returned to Black's cabin, a short distance away. Upon opening the door they heard a noise in the rear of the cabin. Black stepped back from the door to ascertain the cause, when Evans and Sontag, who were in hiding, immediately opened fire. Black fell, shot through the thigh. Burns says the firing was so rapid it resembled a bunch of fire-crackers. Black, as he fell, sung out: "You dirty cuss, you are too cowardly to give a man a chance for his life." Burns, seeing Black fall, called to him, and getting no reply concluded he was dead and left for assistance. Evans and Sontag meantime retreated up the hill, firing as they went. Black then crawled into the cabin and secured his Winchester rifle and fired two shots at the retreating bandits. Burns returned with help, secured a wagon and brought Black here, arriving about six o'clock this morning. Black's clothes are perforated in several places with bullets. The wound in his thigh is serious. Parties living in the neighborhood claim to have seen one bandit alone after the fight, and it is possible one was wounded.

**Specimen Cases.**  
S. H. Clifford, New Cassel, Wis., was troubled with neuralgia and rheumatism, his stomach was disordered, his liver was affected to an alarming degree, appetite, fell away, and he was terribly reduced in flesh and strength. Three bottles of Electric Bitters cured him.  
Edward Shepherd, Harrisburg, Ill., had a running sore on his leg of eight years' standing. Used three bottles of Electric Bitters and seven boxes of Bucklen's Arnica Salve, and his leg is sound and well. John Speaker, Catawba, O., had five large fever sores on his leg, doctors said he was incurable. One bottle Electric Bitters and one box Bucklen's Arnica Salve cured him entirely. Sold by Snipes & Kinarsly.

The promptness and certainty of its cures have made Chamberlain's Cough Remedy famous. It is intended especially for coughs, colds, croup and whooping coughs, and is the most effectual remedy known for these diseases. Mr. C. B. Main of Union City, Pa., says: "I have a great sale on Chamberlain's Cough Remedy. I warrant every bottle and have never heard of one failing to give entire satisfaction." 50 cent bottles for sale by Blakeley & Houghton, druggists.

**THE ATLANTA IN NICARAGUA.**  
Revolutionists Demanding Recognition by Foreign Governments.  
GRANADA, Nicaragua, May 27.—The United States cruiser Atlanta arrived at Greytown Thursday. Lewis Baker, United States minister, telegraphed her commander it was not necessary to land marines from the cruiser. Two hundred and fifty armed men from Matagalpa today joined the revolutionary forces. The revolutionists are now claiming belligerent rights and demanding recognition by foreign governments. Preparations are now being made by the insurgents to march upon Managua and drive Sacasa's government from the Nicaraguan capital. A force was sent against the government forces stationed on the plaza at Tipitapa, after the battle in Barranca pass. They were 800 strong, but retreated toward Managua before the insurgent forces arrived.

There is nothing I have ever used for muscular rheumatism that gives me as much relief as Chamberlain's Pain Balm does. I have been using it for about two years—four bottles in all—as occasion required, and always keep a bottle of it in my home. I believe I know a good thing when I get hold of it, and Pain Balm is the best liniment I have ever met with. W. B. Denny, dairyman, New Lexington, Ohio. 50 cent bottles for sale by Blakeley & Houghton.

**Takes Just a Day.**  
New York, May 28.—At exactly 3 o'clock and 30 seconds this afternoon a 24-hour service between New York and Chicago over the New York Central was inaugurated by the departure of the first train for the west from the Grand Central depot, and the simultaneous departure from Chicago of the east-bound train. The trains in each case consisted of four new Wagner palace cars drawn by one of the great six-wheeled Mogul engines.

Collector Phelps will undertake the contract of deporting seven Chinese under the provisions of the Geary act today.

**American Residents Imprisoned.**  
LA LIBERTAD, San Salvador, May 28.—Advices have reached here from Managua which indicate that President Sacasa of Nicaragua is treating the foreign residents of that country with as much harshness as he visits upon the citizens who oppose him. Many Italians and Americans who reside in Managua are said to have been sent to prison because they spoke in opposition to Sacasa's government.

**The Roslyn Bank Robbery—Evidence From the District Where They Were Captured.**  
FOSSIL, Oregon, Dec. 2, 1892.  
O. W. R. Mfg. Co., Portland, Oregon:  
Dear Sir—Your Congo oil is the boss medicine. I was recently kicked by a horse on the leg, and was hobbling around on crutches. I was induced to try a bottle of Congo oil, and after applying freely for one day I threw away my crutches. It works like lightning. Yours Truly, J. A. HARRISON, City Marshal, Fossil, Oregon.
