THE TICKET.

Vox populi, vox Dei. Democrats, republicans, mugwumps, populists, men of all trades and professions—a vast number of them, comprising a great share of the actual voting population of The Dalles, were in attendance at the court house last night to determine who a majority of them favored for their city officials for the ensuing year. No studied speeches were made, and there was an absence of anything approaching trickery, coercion or undue persuasion.

Dr. W. E. Rinehart was chosen by acclamation to run for mayor. Mr. Rinehart will serve our city wisely and well. He announced last night that if elected he would make the health of citizens the first great desideratum. This work has been undertaken by the present council, with the full approval of a majority of citizens. The maddening cry of reform has not as yet attacked the health proposition. The election of Dr. Rinehart will give a stimulus to this one great question that alone will make his choice a wise one. With the death rate lessened and sickness reduced to a minimum, a blessing is conferred that is inestimable, and taxes will be easier to pay when the money does not have to go for doctor bills.

The selection of Douglas Dufur for recorder could not have been improved, and there were good men contending against him in the convention. Mr. Dufur is a young man of more than ordinary intelligence, of exemplary habits, and ambitious. He possesses great native ability, to which is added a special training for his duties which should be required of every incumbent. Like his predecessor, Mr. Menefee, he will save the city many dollars for lawyers' fees. Possessing all these merits, it will not be surprising if Mr. Dufur leads his ticket.

Mr. I. I. Burget for treasurer will poll a large vote, as it is conceded that he is fully competent to attend to the duties that are required, and is personally agreeable.

Dan Maloney has filled the office of marshal fairly well, having proved himself to be an industrious officer, though lacking in judgement on one or two notable occasions, but his methods in politics the last few days is at least questionable. Having secured the nomination on the regular democratic ticket it is not strictly the part of wisdom to accept like honors at the hands of the citizens convention. He should repudiate the latter, since it is now too late to repudiate the former. Geo. Herbert who is his partner in misfortune, did the honorable thing in refusing to be a nominee last night, was wise as well.

The fast trains from New York to Chicago have been pulled off because they wouldn't pay expenses. A general complaint also comes from the steamer lines that travel to Chicago is so light that they are losing money when they expected to do a booming business. The people of the United States are not patronizing Chicago like they did Philadelphia in 1876. They like to be humbugged, but they don't like to be robbed and then laughed at for their indiscretion in going to Chicago. There must be a great change made in the methods of that city, and that soon, if they ever hope to recover their money. Chicago has overreached herself this time, and has given us a reputation among neighboring nations of being a people given to extortion.

Are you insured? If not, now is the time to provide yourself and family with a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy as an insurance against any serious results from an attack of bowel complaint during the summer months. It is almost certain to be needed and should be procured at once. No other remedy can take its place or do its work, 25 and 50 cent bottles for sale by Blakeley & Houghton, druggists.

Karl's Clover Root, the new blood purifier, gives freshness and clearness to the complexion and cures constipation. 25c., 50c. and \$1.00. Sold by Snipes & Kinerly, druggists.

Dr. Collyer's Explanation.

Robert Collyer, who goes around the country preaching Dr. Talmage's sermons, which he creditably performs, has made an explanation of his peculiar action. We quote a paragraph from his explanation, as follows:

"For the past fourteen years I have been engaged in ministerial and evangelistic work, preaching and lecturing, employing such methods as my judgment dictated, and have always been supplied with the literature I have described; my work has been successful; in a large degree and thousands have been converted under my preaching. During the past year I have assisted in organizing and building two churches, and during my ministry I have organized and built about seventy-five and the number of conversions runs well up into the thousands. We are warned not to preach any other gospel and the announcement has gone forth, 'by their fruits ye shall know them.' In conclusion, Christ is my guide and God is my judge. Who accuses me of preaching anti-Christ? Lastly, I ask the public to take note that it was the clergy who precipitated these reports of plagiarism, not the public, and, besides, my sermons were more than one-half original as all must admit."

A DEAD SHOT

right at the seat of difficulty, is accomplished by the sure and steady aim of Dr. Sage's Catarrh Remedy. Don't fool around with a pop-gun, nor a "Flint-lock," when this reliable "Winchester" is within reach!
Dr. Sage's treatment of Catarrh in the Head is far superior to the ordinary, and when directions are reasonably well followed, results in a permanent cure. Don't longer be indifferent to the verified claims of this unfailing Remedy.
The worst forms of Catarrh disappear with the use of Dr. Sage's Catarrh Remedy. Its mild, soothing, cleansing and healing properties effect a perfect and permanent cure, no matter how bad the case, or of how long standing. It's a remedy that succeeds where everything else has failed. Thousands of such cases can be pointed out. That's the reason its makers back their faith in it with money. They offer \$500 reward for a case of Catarrh which they cannot cure.
It's a medicine that allows them to take such a risk.
Doesn't common sense lead you to take such a medicine?
"An advertising fake" you say.
Funny, isn't it, how some people prefer sickness to health when the remedy is positive and the guarantee absolute.
Wise men don't put money back of "fakes." And "faking" doesn't pay.

WINANS

THE NEW TOWN has been platted on the old camp ground, at the Forks and Falls of Hood river, with large, slightly lots, broad streets and alleys, good soil and pure water, with shade in profusion, perfect drainage, delightful mountain climate, the central attraction as a mountain summer resort for all Oregon, being the nearest town to Mt. Hood. It is unparalleled as a manufacturing center, being the natural center for 150 square miles of the best cedar and fir timber, possessing millions of horse-power in its dashing streams and waterfalls, easily harnessed. Where cheap motive power exists, there the manufacturing center, surrounded by soil and climate that cannot be excelled anywhere for fruit and agriculture, and with transportation already assured you will find this the place to make a perfect home or a paying investment.
