OUR TICKET.

The following ticket The CHRONICLE believes to be representative of the very best elements to be found in the city. Brain, judgment, energy, enterprise and perseverance all prime requisites for the best administration, are personated in the various individuals therein named. For mayor, the name of

DR. W. E. BINEHART.

DOUGLASS S. DUFUR,

Candidate for recorder, is a young man not quite 24 years of age against whom

nothing can be claimed and for whom

much can be urged. He comes from a family whose members have been in the

habit of making their mark in the world,

and we doubt not Douglas will maintain

the family reputation. The greater part

business principles with which he became inculcated. In 1890 he took charge

of the Slusher farm, on the decease of Thos. Slusher, and managed it for two years to the entire satisfaction of the

heirs. For nearly two years past he has been in the law office of Dufur & Men-

efee, reading law at the same time, and his services are considered invaluable.

make comment superfluous; his acquain-

tances will say for him that he is indus-

trious, of good habits, attends to his own

business, is reliable and trustworthy,

and if elected, will make as good a

marshal as The Dalles ever had, and this

is saying a good deal when the services

of Mr. Beers, Mr. Thurston and Ralph Gibons are remembered. A kindly eye

sided in The Dalles, has yet to hear the first imputation against his private or public life. Eminently respectable, trustworthy, loyal and personally deserving, the office of treasurer could fall to no person more appropriate than Mr. I.

W. H. BUTTS

Is a public-spirited man, known to all classes of our citizens as a man of jovial temperament. He is brainy and has an element of cautiousness that prevents reckless experimenting with the public

The city council, as we hope to see it elected Monday, will include two physicians-Dr. Rinehart mayor, and Dr. Eshelman councilman. Both are avowedly for war on filth, disease and pestilence. Carelessness on the part of the citizens and indifference on the part of officers in the past are undoubtedly responsible for much sickness and death. The cases of diphtheria in the old garrison are believed to be due to the filthy surroundings, which might have been ohviated by the proper attention. By all means let us have one administration which will look out for sanitation. Ben Butler won his greatest laurels because of vigilance at New Orleans in his sanitary measures. Health is the spigot and disease the bunghole.

Pierce's Golden Medical Discovery).

There are some patent medicines that are more marvelous than a dozen doctors' prescriptions, but they're not those that profess to cure everything.

Everybody, now and then, feels "rundown," "played out." They're the will, but no power to generate vitality. They're not sick enough to call a doctor, but just too sick to be well. That's where the right kind of a patent medicine comes in, and does for a dollar what the doctor wouldn't do for less than five or ten.

We put in our claim for Dr. Pierce's Golden Medical Discovery.

We claim it to be an unequaled remedy to purify the blood and invigorate the whole

It's the cheapest blood-purifier, sold through druggists, no matter how many doses are offered for a dollar.

Why? Because it's sold on a peculiar plan, and you only pay for the good you get.
