THE IRRIGATION CONGRESS.

An interesting and important congress will meet at Los Angeles, California, on October 10th, to sit for five days. This is the National Irrigation Congress, the last session of which was held at Salt Lake City in September, 1891, about 700 delegates being present. It is expected that the Los Angeles congress will be numerously attended, not only from all parts of the United States, but from foreign countries as well. The people of the United States have only just begun to realize the importance of irrigation to this country. The available government land in the United States, outside of the arid regions, is almost exhausted. The time is nearly gone when Uncle Sam could give every man a farm. What is left is mostly in the so-called "desert" regions—those dry and forbidding stretches of sage-brush and cactus covered land, which were long believed to be absolutely worthless but which water, directed by science, has in many cases transformed into veritable Edens. It is to these regions that those of the rising generation who desire to follow Horace Greeley's advice and "go west" must look for their independent homes, where they may literally sit under the shade of their own vine and fig tree. If the man who causes two blades of grass to spring up where one grew before is worthy of honor, what shall be said of the man or men, who build flourishing cities, surrounded by smiling orchards and vineyards, in spots where a few years ago a jack rabbit would have starved to death? Los Angeles itself is a good proof of the value of irrigation, for it has grown within a few years from a sleepy semi-Mexican pueblo of 12,000 people to a live and beautiful American metropolis of 65,000 population, and this increase is due to the development of the surrounding country by means of irrigation.

The report of the government board of engineers upon the practicability of a boat railway at the dalles has been completed and submitted. In this it is stated that a canal would not cost more than \$4,000,000. It will be remembered that in Senator Dolph's speech here nearly two years ago he stated as his belief that a canal would cost \$10,000,000 and that he favored a boat railway as being vastly more likely to receive governmental aid. The people of the Inland Empire would gladly accept a portage road, built with reference to a future boat railway. It is a matter of fact that Oregon has received vast sums of money and probably more than her share in river and harbor appropriations, and the task of securing enough to construct a canal triple the cost of the one at the Cascades is obviously impossible for several years to come. At the same time the government has a decided repugnance to expend money on a temporary improvement such as a portage road. So that either a boat railway or a canal and locks would stand little chance of attainment in the near future without a combined and well sustained appeal from the whole region to be benefited. In short the congressmen of Oregon, Washington and Idaho must be a unit for the demand.

Strength and Health.

If you are not feeling strong and healthy, try Electric Bitters. If "la grippe" has left you weak and weary, use Electric Bitters. This remedy acts directly on liver, stomach and kidneys, gently aiding those organs to perform their functions. If you are afflicted with sick headache, you will find speedy and permanent relief by taking Electric Bitters. One trial will convince you that this is the remedy you need. WELL UP IN YEARS.

MARY BURTON, a coy maid of one hundred and one summers, was married in the Grimsby (England) parish church recently.

Twins in Glen Ellyn, near Chicago, lately celebrated the ninety-first anniversary of their birth. Their names are Mrs. Ackerman and Mrs. Christian.

CHARLES REVERE CURTIS, who is still hale and hearty at eighty, lives at Rockland, N. Y., and is a great grandson of the immortal Paul Revere of the famous ride.

VICTOR BAILLOT, one of the few surviving veterans of the French army at Waterloo, recently celebrated his one hundredth anniversary in his native village in the Yonne.

An Irish woman named Mrs. Todd died recently at Donaghmore, Newry, at the age of one hundred and ten years. She well remembered many of the stirring scenes of the rebellion of 1798.

Her Heart Burst Asunder.

BURLINGTON, Ia., June 29.—The suddenness of the death of Mrs. Gus Walden, who was apparently in perfect health, was so strange that a post mortem examination was held. Her heart was found burst asunder. Physicians say no other such case was ever heard of. The cause is supposed to have been a tremendous emotional convulsion.

Gone

—all the painful disorders and chronic weaknesses peculiar to the female sex. They go, with the use of Dr. Pierce's Favorite Prescription. Periodical pains, weak back, bearing-down sensations, nervous prostration, all "female complaints" are cured by it. It is purely vegetable and perfectly harmless—a powerful general, as well as uterine, tonic and nerve, imparting vigor and strength to the whole system. It costs you nothing if it fails to give satisfaction. It's guaranteed to do so, in every case, or the money is refunded. It can be guaranteed—for it does it. No other medicine for women is sold on such terms.

That's the way its makers prove their faith in it. Contains no alcohol to inebriate; no syrup or sugar to derange digestion; a legitimate medicine, not a beverage. Purely vegetable and perfectly harmless in any condition of the system.

Gentlemen:

On arriving home last week, I found all well and anxiously awaiting. Our little girl, eight and one-half years old, who had wasted away to 38 pounds, is now well, strong and vigorous, and well fleshed up. S. B. Cough Cure has done its work well. Both of the children like it. Your S. B. Cough Cure has cured and kept away all hoarseness from me. So give it to every one, with greetings for all. Wishing you prosperity, we are Yours,

WINANS

THE NEW TOWN has been platted on the old-camp ground, at the Forks and Falls of Hood river, with large, slightly lots, broad streets and alleys, good soil and pure water, with shade in profusion, perfect drainage, delightful mountain climate, the central attraction as a mountain summer resort for all Oregon, being the nearest town to Mt. Hood. It is unparalleled as a manufacturing center, being the natural center for 150 square miles of the best cedar and fir timber, possessing millions of horse-power in its dashing streams and waterfalls, easily harnessed. Where cheap motive power exists, there the manufacturing will center, surrounded by soil and climate that cannot be excelled anywhere for fruit and agriculture, and with transportation already assured you will find this the place to make a perfect home or a paying investment.
