Seats will be reserved at the special service at the Methodist Episcopal church next Sunday evening, for civic or military organizations which desire to attend in a body, provided timely notice is given to the pastor.

The county teachers' institute will convene at Hood River on July 31st, continuing until August 8th. Able instructors will be in attendance and preparations are being made for a thoroughly good session.

A pretty good joke was played the other day in The Dalles when a young fellow calling himself Michell, with an unmistakable Irish brogue, entered the office of the Times Mountaineer, and claimed the editor as a long lost Irish cousin. The joke lies in the fact that

Editor Michell is a thoroughbred Johnny Bull and hates an Irishman as the Devil hates holy water. It is not necessary to say that the little \$6.50 loan wanted by the Irish cousin was not negotiated.—Goldendale Sentinel.

At the July races on the state fair grounds there will be a six-mile race for ladies. They will change horses every mile. Miss Daisy Biers, of Salem, and Miss Beatha Price, of Turner, are the first entries. It is expected that no less than a dozen will start.

F. W. Taylor, while loading hay on Wednesday on Chamberlain Flat, was bitten by a rattlesnake on the back of the hand. Mr. Taylor immediately applied a liberal quantity of moistened tobacco and beyond a short spell of sickness and pain in the arm has suffered little inconvenience. It was fortunate that the fangs did not strike a vein as there was probably not a drop of "rattlesnake medicine" nearer than Grant, 15 miles off. The snake had seven rattles and a button and it is needless to say will never bite another Taylor.—Sentinel.

Fruitgrowers' Meeting.

The meeting of fruitgrowers was called to order today by Mr. Wm. Taylor, who stated that Mr. S. A. Clark of Salem was in attendance who would state something of interest to those present upon the subject of fruit handling.

Among those in attendance were Messrs. Emil Schanno, G. R. Snipes, W. H. Taylor and M. Hill of The Dalles, and Amos Root, Geo. Sellinger and W. A. Hugbanks of Mosier.

Mr. Clark stated that for many months he had been writing for the Oregonian relative to the best manner of handling fruit in the market, and it was a matter in which he was especially interested. He stated that the Earle Fruit Co., of which he was a representative to the producers, was a Los Angeles firm who made it a study and a business to supply all available markets with fruit, taking care to never overcrowd any one market, thereby securing the highest prices for fruit. The senior member of the firm is a young man of singular capacity for the business, who has handled as many as sixteen cars of fruit a day, and all the machinery of business is so conducted as to enable the fruit producers to secure the highest market prices for fruit throughout the season. They furnish a man to instruct them in all the details, and the company furnish paper, boxes, etc., which is paid for only out of the receipts of sales. The firm have branch houses in Chicago and Kansas City, and are represented by agencies in Boston and New York. The business is so thoroughly conducted that a man if producing only one box of fruit, can load at the shipping point, and share the same benefits and profits as the man who raises a carload.

An ocean steamship 700 feet long and driven by 40,000 horse power is the latest project in marine architecture. It is said that the new steamer will make 27 knots an hour. The building of huge monsters for naval use has received a serious check in the disaster which has overtaken one of England's crack battleships. It is to be hoped that the limit may be reached in the building of ships for the merchant marine before the lesson of oversize is learned in the equally disastrous school of experience.

Snow on the Barlow Road.

From a party who has just come over the old Barlow road it is learned that there are 15 miles of snow from one to ten feet deep on the Barlow road, near the Summit. Two small bands of horses, which were being driven across, were turned loose near the snow line, waiting for it to disappear. There has been no snow on this route at this season for many years.

PERSONAL MENTION.

Mr. Ed Wingate of Antelope is in the city.

M. W. Freeman and wife are in from Boyd.

Mrs. Loraine Canfield of Boyd is in The Dalles today.

Miss Van Wagner came up from Salem Thursday with Mrs. J. M. Patterson, and will leave for Dayton today.

THE LAST MEETING.

The Two Years Term Closes for More than Half the Council.

The city council held their regular monthly meeting last night, a little in advance of the usual time, which should have been on the 3d of July, on account of the regular annual meeting, which takes place on that day.

There were present Hon. Robert Mays, mayor, and Councilmen Kreft, Joles, Laner and Williams.

The resignation of Chas. Haight, councilman from the first ward, on account of removal from said ward, was read and, on motion, accepted.

Licenses were granted to the various liquor firms to sell liquor in less quantities than one quart, for the ensuing six months.

Ordinance No. 278 was passed, granting to the Oregon Telephone and Telegraph company the right to place and maintain its poles, wires and lines in and along certain streets, alleys and public ways of Dalles City.

The names of C. L. Schmidt and T. A. Hudson were presented to fill the vacancy caused by the resignation of Chas. Haight. The vote resulted in a tie, and will be concluded next meeting.

The Pacific coast states are warm rivals at the Chicago fair. Oregon is in the thick of it, with pears like pumpkins and prunes almost as large as foot-balls. Here are some of the signs over the Oregon department: "Oregon the land of the big red apple." "Peaches 17 1/2 inches in Oregon." "Roses bloom every month in Oregon." "No cyclones, or blizzards in Oregon." "Oregon is the home of the prune." "Two bites to a cherry in Oregon." The visitor must not linger for any time within sound of the Oregon man's voice or he will become convinced that all other states are barren deserts compared with the balm and prolific groves of Oregon. "Washington and Idaho rather caught the crowd until we got opened up in good shape," said he recently, "but people admit now that they never saw any cherries like those. If you didn't know you would say they were plums, wouldn't you, now? See those apples, three to a jar."

For Rent.

Rooms to rent at Rev. A. Horn's residence on Ninth street. 6-23 law.

Dr. M. J. Davis is a prominent physician of Lewis, Cass county, Iowa, and has been actively engaged in the practice of medicine at that place for the past thirty-five years. On the 26th of May, while in Des Moines en route to Chicago, he was suddenly taken with an attack of diarrhoea. Having sold Chamberlain's Colic, Cholera and Diarrhoea Remedy for the past seventeen years, and knowing its reliability, he procured a 25 cent bottle, two doses of which completely cured him. The excitement and change of water and diet incident to traveling often produce a diarrhoea. Every one should procure a bottle of this Remedy before leaving home. For sale by Blakeley & Houghton, druggists.

WE HAVE CURED THESE—WE CAN CURE YOU! LAME BACK AND RHEUMATISM.

GENERAL DEBILITY CURED. Portland, Oregon, September 26, 1892. Dr. A. T. Sanden, Dear Sir:—I used your belt for a week, and it cured me of my lameness. I was troubled with lameness, and weakness, and I could not get up with a very tired feeling, bones aching, etc. Since using your belt I have had a new lease of life. I now enjoy the best of health. I have the honor to acknowledge the receipt of your statement, also have others write or call on me. Truly yours, H. A. BROWN, 25 and 26 Third St.

RHEUMATISM AND LAMENESS CURED.

Portland, Oregon, April 18, 1892. Dr. A. T. Sanden, Dear Sir:—I got on from lameness, from which I suffered for several years. For the past six months I had not been able to walk. Your belt has placed me in almost perfect health in the two weeks I have used it. I can walk comfortably, and feel like a new man generally. M. E. HUGHES, Proprietor International Hotel.

NERVOUS DEBILITY—LOSS OF VIGOR.

Tacoma, Wash., October 25, 1892. Dr. A. T. Sanden, Dear Sir:—I have been using your Electric Belt for general nervous debility, and feel much better than I have for five years. I have gained in vigor daily, and am strong in every part. Yours gratefully, CHAS. LUTKA.

THE DR. SANDEN ELECTRIC BELT

is a complete galvanic battery, made into a belt so as to be easily worn during work or street, and it gives soothing, prolonged currents which are instantly felt throughout all weak parts of the body. It has an Improved Electric Support, the greatest boon ever given weak men, and we warrant it to cure any of the above weaknesses, and to enlarge shrunken limbs, or parts of the body. It is the only remedy which will cure you in a few days, and which will follow you wherever you go. It is the only remedy which will cure you in a few days, and which will follow you wherever you go.
