WEDNESDAY, JULY 8, 1896

Had the Camperdown been a vessel of a warring nation and her rain been driven against the Victoria in action, all the authorities would doubtless have sprung the conclusion that the collision demonstrated the superiority of this method of naval warfare. As the collision was purely accidental, they have apparently concluded that it demonstrated nothing save some one's inefficiency. To descend from greater to less calamities, numerous instances can be cited of collisions between war ships and the minor vessels of commerce, the war ships suffering in the encounters. Even during the recent naval review on the Hudson, some damage was done to the ships of war by these collisions. It is evident that one point of construction is insufficiently provided for by modern naval engineers in war vessels. This is the rendering them unsteerable. They are necessarily topheavy, and their enormous weight and relatively small freeboard in many cases makes them peculiarly liable to destruction by sinking and capsizing. The efficacy of the ram as a weapon is also exemplified in this deplorable affair. The Camperdown giving a practical example of the use, or rather misuse, of the ship as a quasi-projectile.

A number of applications were presented to the city council Monday evening for the office of street commissioner. Among them was one from Mr. Maddron, stating his peculiar fitness for the office in question, relating among other things that if he was elected it would not cost the city from \$4 to \$5 per month for saw filing. He was elected after a number of ballots, but the fact developed later that it has not cost the city that much a year under the administration of Mr. Jack Stantels. As the election perhaps hinged on this misstatement the council should be wary hereafter in giving credence to a petition from a single individual unsupported by other evidence.

Another fourth of July has come and gone. The old-time manner of celebrating it was observed by most of the citizens of The Dalles at Roseland farm and Hood River. The fourth of July remains the chief of American holidays, and the lapse of 117 years has not lost its pristine enthusiasm. This day marks an epoch in the progress of human liberty, and while the various political parties struggle for supremacy, time proves them to be ephemeral, while the great principles upon which the government was founded remain the same forever.

John Berry won the horse-race from Kansas to Chicago. His horse was a thoroughbred, proving that the staying qualities popularly supposed to be superior in the plains bronchos, are not borne out by the facts.

There will doubtless be a larger amount of fruit canned on the Pacific coast this year than ever before. The canneries are making extensive preparations for this purpose.

A ton of gold is worth \$607,688.21; of pure silver, \$27,764.84; \$1,000,000 in gold weighs 338.34 pounds; of silver, 59,929.9 pounds.

Is Grippe.
During the prevalence of the grippe the past seasons it was a noticeable fact that those who depended upon Dr. King's New Discovery, not only had a speedy recovery, but escaped all of the troublesome after effects of the malady. This remedy seems to have a peculiar power in effecting rapid cures not only in cases of la grippe, but in all diseases of throat, chest and lungs, and has cured cases of asthma and hay fever of long standing. Try it and be convinced. It won't disappoint. Free trial bottles at Snipes & Kinnersly's drug store.

Moro News.

A petition for money to run the public school at Moro is being circulated. Quite a number of the Moro people are attending camp meeting at Wasco. Mr. Damon's new house will soon be ready for occupancy. It is a very neat dwelling.

Mr. Craft has returned from his visit in the east, and reports a pleasant time at the world's fair.

Mr. D. Adams was in attendance at the show in The Dalles last week and reports a pleasant time.

The Odd Fellows installation of officers took place Saturday evening. Mr. Flora, the proprietor of the City Hotel, furnished the supper.

Mrs. E. M. Leslie has returned from a week's visit to Hood River. Several parties from this section are intending to go there to spend the fourth of July. Elder Grant preached to the people of Moro Sunday morning and evening at the Baptist church. He travels one hundred miles to come to Moro, and comes twice a month.

Grass Valley now enjoys communication with her sister towns by the telephone, which I think is only a forerunner of a railroad which is needed in this section of the country.

Mr. J. J. Shaffer braces up quite proudly behind the gold medal on his watch chain, and he has a right to, for the quartette, including himself, which he drilled, won it at the musical contest at Grass Valley.

The east wind on Saturday made some long faces among the farmers, but Sunday the west wind was blowing again with some indications of rain. Grain is burnt some, but a good rain would yet make a good wheat crop for Sherman county.

Mr. M. E. Leslie and Mr. W. J. Peddicord will soon have dwelling houses in course of erection in the south part of town. A part of the lumber is on the ground. Dr. Hill and brother have moved up the old school building into a very convenient dwelling house.

A party of Moro young people will take a trip to the mountains this week. Grass Valley is striving to make the celebration at that place a grand success and they know just how to accomplish it, as was plainly to be seen at the association held there last month.

This belt has been tried by the most eminent physicians and all other means failed, and we give guaranteed satisfaction to the patient and every other one.

A feeble woman is restored to health and strength, by Dr. Pierce's Favorite Prescription. If you're overworked, "run-down," or debilitated, you need it. It's an invigorating, restorative tonic, and a soothing and strengthening nerve, imparting tone and vigor to the whole system. It's a legitimate medicine, too—carefully compounded by an experienced physician, and adapted to woman's delicate organization. For all the chronic weaknesses, functional derangements, and painful disorders peculiar to the sex, it is an unfailing remedy. It's because it is unfailing that it can be sold under a positive guarantee. If it fails to give satisfaction, in any case for which it's recommended, the money paid for it will be promptly returned.

It is a legitimate medicine—not a beverage. Contains no alcohol to inebriate; no syrup or sugar to sour or ferment in the stomach and cause distress. As peculiar in its marvelous, remedial results as in its composition.
