JULY JULEPS.

The Local News Field in Homopathic Doses.

I. I. Burget assumed the duties of city treasurer today.

The Heppner Gazette celebrated by printing its fourth of July edition in red and blue on white paper.

Every one is invited to the M. E. church this evening, where the ladies will serve ice cream and cake.

This morning's passenger train did not arrive until 9 o'clock this morning. It was delayed on the Short line.

The Regulator covered over 200 miles yesterday, besides taking on twenty tons of fast freight at the Cascades.

Saltmarsh & Co. shipped two cars of beef cattle yesterday from their stock yards; also one car of mutton sheep for the Sound markets.

D. C. Herrin gave a dozen pictures to the prettiest girl yesterday, which fell to Addie Steele after due deliberation. There were several close seconds.

The wool receipts at the warehouse, continue to arrive without much abatement. So far over 4,000,000 pounds have been delivered this season. Two million pounds more are expected.

The residence of Bud Hamilton, at Spokane, was destroyed by fire last Sunday evening. They lost all of their clothing and most of their furniture. Mr. Hamilton formerly resided at The Dalles.

A notice to the members of company A, Third Regiment, O. N. G., of this sort means business: All the members of A company must return their uniforms to the armory on Friday night. By order of Captain Buschke.

The notorious woman tramp who has been reported at Pendleton, Walla Walla and Spokane took the Regulator yesterday for Portland. She is tolerably well dressed and is about 64 years old. She will lay over for a day at the Cascades.

Messrs. Farley and Mack's "Annita" was taken to Salem today to enter the course for the prize money in the Salem races now going on. Annita is the favorite trotter, having gained for herself a fine reputation as a goer. She, in all probability, will be taken to Chicago soon, as a specimen of Eastern Oregon bred horses.

Rev. June Hawk will lecture in the Congregational church Friday evening at 8 o'clock on "The Religion and Customs of the Chinese." Mr. Hawk was converted to Christianity in St. Louis

four years ago and has conducted a Christian mission in New York city, and lectured in many of our leading cities. He comes highly recommended by the press and will deliver a good lecture.

Dr. J. G. Boyd, formerly a resident of The Dalles, assisted by Drs. Northrup, Carlton and Fields, performed another laparotomy operation on Mrs. Lillie Murchison some ten days since. The patient has about recovered, and will soon be able to attend to her household duties. This is the second operation of the kind performed by Dr. Boyd during the past three months. His skill and success as a surgeon is highly complimented by all, especially his patients.—Velasco Times.

Another Floating Body.

Monday evening about 5 o'clock while Walter Klindt and Mr. Matz of Seattle were walking near the bank of the river on the opposite side about five miles down from The Dalles they observed the dead body of a white man floating past them about 50 feet away in the swift current. The only garments upon him were an undershirt and drawers of a light color. He apparently weighed about 160 pounds, and was about five feet, six inches in height. The hair was all off the back of the head. It was impossible for them to recover the body.

May Lose His Sight.

Chas. Decket sustained a serious injury at 2 o'clock this morning at the Brookhouse place about twelve miles from the city. He placed a quantity of powder on an anvil, and without putting a weight upon it touched it off with a match. The result was a frightfully burned face, and it is thought at this writing he will lose the sight of both eyes. The unfortunate victim is only 17 years old.

Crop-Weather Bulletin.

EASTERN OREGON.

Weather: Since June 30th, warmer weather has prevailed.

Crops: Rain is badly needed for the cereal crops, especially for that sown in spring plowed land. Only in unusually favored years does the cereal crop yield any good crop when it is sown in spring plowed land. The summer fallow and fall sown grain is most promising, and will not be injured by the absence of rain; but it would be materially benefited by rain. The present outlook indicates only a fair wheat crop in Wasco, Gilliam, Morrow and Baker counties; in all the counties, however, the late spring sown will not make one-half a crop, and much of it will most likely be cut for hay unless a good heavy rain should occur soon. The fruit prospects are good in Union county, and in the Snake river country; they are fair in the other sections. Hay is generally in progress and good yields are reported. Apparently the climate conditions have been favorable to the cereal crop, yet many of the correspondents report crops not up to the average.

Rivers: The warmer weather is causing the snow to melt more rapidly; but the major portion has already been melted so that there is no longer danger of floods.

Ask your dealer for Mexican Silver Stove Polish.

Notice.

All city warrants registered prior to July 23, 1893, will be paid on presentation of the same at my office. Interest ceases after this date.

CITY COUNCIL.

Election of Officers—Comprehensive Talk by the Mayor.

When the roll was called at the city hall Monday evening there was present Mayor W. E. Rinehart and Aldermen Kreft, Joles, Lauer, Eshelman and Butts. The familiar faces of Robt. Mays, Chas. Haight, Thos. Wood and Ed. Williams were missed and the complexion of the city council has undergone a radical change.

Dr. Rinehart, the new mayor, opened the meeting by calling for the credentials of the newly-elected members, and stated that, as there was a vacancy of one existing in the council, and as he wished to name the committees, he would advise an immediate election. C. L. Schmidt and T. A. Hudson were placed in nomination, and Mr. Hudson elected on the first ballot, and soon afterward that gentleman arrived in response to a summons.

The following committees were then named:

Judiciary—Lauer, Hudson and Eshelman.

Finance—Joles, Butts and Kreft.

Streets and public property—Kreft, Lauer and Butts.

Fire and water—Joles, Kreft and Lauer.

Health and police—Eshelman, Joles and Hudson.

The board of health—Rinehart, Maloney and Hudson.

Election of night watchmen was pronounced next in order, resulting in the election of R. V. Gibbons for the city proper. Each councilman nominated a candidate for night watchman for the East End, to the amusement of several citizens in attendance, and the mayor asked if the recorder had any one to name. Receiving a negative reply, he asked if any other gentleman present wished to nominate anybody. Several ballots were taken, resulting in the election of B. Harper.

M. A. Maddron was elected street commissioner after several ballots were taken.

The retiring recorder, Mr. Menefee, then presented his annual report as follows:

ANNUAL STATEMENT.

To the Hon. Mayor and Common Council of Dalles City.

I herewith beg to submit my report of the financial affairs of Dalles City, as shown by the records of my office at the close of my term, Monday, July 24, 1893:

Bal. warrants outstanding June 4, 1892	\$2,549.72
Issued from July 1, 1892, to July 2, 1893	4,726.56
In payment for salaries of city officers	4,726.56
" " " " " "	1,196.29
" " " " " "	305.28
" " " " " "	1,985.72
" " " " " "	2,147.65
" " " " " "	1,657.29
Total	\$16,688.45
Less warrants redeemed since July 1, '92	8,922.59
Warrants outstanding July 3, 1893	\$7,765.86
Less cash on hand	3,899.36
Net liabilities on warrants outstanding	\$3,866.50

Respectfully submitted,

FRANK MENEFEE,

Recorder of Dalles City.

Ald. Joles stated that no impounding report had been submitted by the marshal, and he was accordingly instructed to prepare one for next meeting.

A communication was read from Mr. Urquhart, stating that the bill of Tom Maloney for \$14 for attendance on diptheria case was unearned, and supported the statement by affidavit. Referred to the judiciary committee.

Ordinance No. — was carried, transferring out of the general fund to the

city officers' fund, \$1570; to the police fund \$255; to the lamp fund \$500; to the fire department fund \$80; to the current expense fund \$325; and to the sewer and street improvement fund \$250; same to be used in redemption of county warrants outstanding against said funds.

Ald. Eshelman then called attention to the thistles, which should be destroyed at once, to prevent them seeding; and it appearing that there was an ordinance on the books concerning them, the matter was referred to the marshal for enforcement.

The mayor then said:
Gentlemen of the council, I am not prepared with a set speech this evening as to the needs of the city of The Dalles. I am not sufficiently familiar as yet with the condition of affairs now existing; but will from time to time speak of them as they occur to me in the course of my administration as your mayor. I will say that I am not surprised that the city is in debt. The great fire and its wholesale destruction is known; then the removal of the shops took away a great share of the revenue which was materially helpful. The fact exists that the present debt of the city is \$33,000, which is several times greater than the law really allows, and which is so staggering at the outset, that we must make up our minds to not increase the indebtedness by another dollar, but rather diminish it, which I hope will be accomplished by the completion of the fiscal year. There are some things I wish to speak of, however, which have already come under my observation and which I trust will be remedied, and can be remedied at no great expense. There are a few cess pools which the marshal should compel the owners of the lots they are in to fill up. They are a standing menace to the health of the city and the cost of filling them would be a comparatively small amount. Another matter that has come to my attention is that there are a good many houses adjacent to sewers, which are not connected with them, and a good many more where sewers are already laid which are not attached. The owners of these should be compelled to attach as soon as possible. Then the termination of all the sewers should be carried to deep water; that is below the low water mark in the river. A notable instance is the sewer back of the Union street lodging house, which is frightful and to allow it to remain so is little short of murder. I have no doubt that several deaths can be traced to this one sewer. This can be remedied at slight expense to each taxpayer. In regard to a new sewer up Washington street, while there is urgent call for it, it will perhaps be better, considering the condition of our finances, to postpone it for a while. However it should receive the needed consideration at the hands of the proper committee. Many new buildings have been and are being erected which are connected with the sewer all right, but which are not provided with a vent, a simple and inexpensive contrivance for shutting out the sewer gas, which without it is to all intents and purposes as bad as no sewer at all. Many cities command these vents to be put in as a necessary part of the work. In regard to dangerous flues the ordinance providing brick flues within fire limits, or of tin under certain conditions, should be rigidly enforced. As to delinquent taxes I shall insist upon these being all collected. Then there are from 10,000 to 15,000 dogs in the town which are unlicensed. I shall insist upon the collection of dog licenses.

Ald. Kreft, at the conclusion of the mayor's remarks, spoke of the increase of taxes which would be collected this year, because of the new laws, knocking out the indebtedness clause.

Ald. Hudson spoke of unsafe crosswalks and sidewalks, stating that the incoming street commissioner should examine all of them and report such as are in bad condition. A motion to that effect was carried.

Jud. Fish as fire warden, referring to the portion of the mayor's speech concerning flues, said that the ordinance in relation to it was defective, and desired that the recorder draw up a new one, which, upon motion, was carried.

Adjourned to meet Saturday evening at 8 o'clock.

PERSONAL MENTION.

Mr. O. Jacobs, of the Oregon City Wooden Mills, is in the city.

Mrs. Esther Menefee left for Wasco today, where she is engaged as school teacher.

Mrs. J. A. Vawter is visiting Mr. and Mrs. H. S. Ward of this city, and will return to her home at Willows tomorrow.

Norman C. Wilson has returned from California where he went to visit his father, who was recently stricken with paralysis.

M. W. Orton of Albany was a visitor in the city today. He lost a wife and five children within a year. But one child remains, a little boy of about 8 years.

HOTEL ARRIVALS.
