"You light two crackers there," she said. "That's yours, and I'll take this. And now, if yours should go off first. Why, you can claim a kiss."

Remember the lecture by Rev. Jue Hawk to-night.

One car of beef cattle was shipped last night from the Saltmarsh & Co. stock yards; also one car of horses.

Two hoboes were arrested last night and later recited the first lesson in the child's primer: "Let us go."

Dr. Eshelman's thistle agitation is bearing fruit. Vast numbers of them have been cut down in all parts of the city.

If you want to see something nice go over to H. C. Nielsen's and take a look at a picture he has just received from the east.

The salmon catch is very light for this stage of the river and our fishermen report the catch for the season as being unusually short.

Mat Webber, sentenced to 18 days in the county jail from the Cascade Locks was delivered at The Dalles yesterday by Deputy Sheriff A. N. Barrett.

The Union Pacific in self defense, has met the cut of the Northern Pacific and Great Northern, the fare now being \$33.00 to Chicago. True to its instincts it did not lower a dollar until compelled to, and for several months it has done no through business.

Dennis Bunnell, while fishing on Chenoweth creek yesterday, came upon a colony of Denny (Chinese) pheasants, about thirty in number. This shows they are increasing rapidly, and as the new law forbids their killing for five years east of the Cascades they will doubtless become very numerous by the end of that period.

The Oregon Telegraph and Telephone company are distributing poles as fast as possible and are setting them and stretching the wires and completing as fast as their supplies are delivered. The line is laid within two and one-half

miles west of this city. The Eastern division is coming this way and it is expected to reach the Western section in a couple of weeks.

A party was arrested on the noon train today by Marshal Maloney, in response to a telegram from Portland. The complaint is for embezzlement. The prisoner had with him his wife and her brother, a boy about 14 years.

Justice is dispensed at the recorder's office from a nice new oak chair, one of the best carried in stock by the Printz & Nitzsche furniture house. It is not the stiff-backed, horizontal chair of royalty, but one of generous dimensions of the fan-tail variety, and moreover is cushioned, with a gilt clover-leaf in the upper corners.

Judge Blakeley's court has been in session since Tuesday, the majority of the business done being the consideration of bills.

A petition for a liquor license of P. McAlling, Falls precinct, was not allowed, and one of T. W. Lewis of the same place did not comply with the law in the manner of getting up the petition. The petition of A. S. Roberts and others was not allowed for a county road beginning four rods east of the east end of the county bridge on 15-Mile creek.

In conversation with some of the fruit growers of this section, the fruit yield will be good, especially that of apples, pears and prunes. The insects that usually put in an appearance before this time of season, have not made themselves known and the fruit is fine and promises well. Reports from some sections confirm the statement that the prune acreage has been increased 25 to 30 per cent. In some places even more than that.

The following named cadets, among others, have been appointed to the West Point military academy:

Oregon—A. A. Fries, of Medford; F. L. Trullinger, alternate of Yamhill.

The term of these cadets begins June 1st, 1894.

"A Talented Editor."

During the coming months, or the heated period, those who are traveling or contented with a trip away from home should read the following letter from a brilliant and well known editor and provide themselves against attacks of headache and dizziness.

GENTLEMEN—I had occasion to use several boxes of Kinase's Headache Capsules while traveling to Chicago to attend the National Dentistic convention. They acted like a charm in preventing headaches and dizziness. Have had very little headache since my return, which is remarkable. Yours respectfully,

JOHN F. SHAFER, Ed. Renovo, Pa., Record, Druggists, 125 Second St., The Dalles, Or.

SHOT BY INDIANS. The 13-Year-Old Son of M. Moran a Target for Bullets.

Mr. M. Moran and his 13-year-old son was working in the field yesterday near Centerville stacking hay, when Mr. Moran went to the house on an errand. As he was returning his boy came running toward him in great excitement. He was holding one hand up, and it was evident something unusual was the matter. The cause did not long remain a matter of speculation. Blood was flowing freely from his hand, and the boy said that two Indians, who were riding along the road, shot at him with the result of a wound in the hand. He was brought to The Dalles this morning and the injured member dressed by Dr. Rinehart. It was impossible to follow and capture the Indian desperadoes.

A Terrible Accident.

Captain N. B. Humphrey met with a distressing accident at Meacham yesterday which resulted in the loss of a limb. He had been at Meacham as orator on the fourth of July, and in attempting to board the train for Pendleton which passed there yesterday about noon, slipped and fell under the rear car, which caught his foot just above the ankle, smashing it to a jelly, and before the train was brought to a stand still Mr. Humphrey was dragged a distance of about fifty feet, sustaining severe bruises about the head and body. If the train had not been preparing to stop at the station Mr. Humphrey no doubt would have been killed. He was brought to Pendleton and Dr. C. J. Smith, assisted by Drs. Guyon, Martin Pelkington and Vincent, amputated the injured limb about four inches above the ankle. The patient withstood the operation with great courage and is getting along nicely. The friends of the sufferer here, who are legion, are doing all in their power to make him as comfortable as possible, and unless some unforeseen difficulty arises, Mr. Humphrey will soon be on the highway to recovery.—Tribune.
