JULY JULEPS.

The Local News Field in Homoeopathic Doses.

She took off her hat in the very first act. And with deftness then laid it down. So just the way she knew it would show. The importer's name in the crown.

Twenty-nine cents will be paid for every fifty-three-cent dollar on presentation at this office.

Messrs. Pease & Mays are shipping 316 bales of wool to Portland today by the steamer Regulator.

At the reunion of Polk county pioneers in Dallas the gold medal for the oldest pioneer couple was awarded to D. R. Lewis and wife of Lewisville. J. B. Empe, born in 1847, was given the prize for being the oldest native-born son of Polk.

William Scott, who was convicted for assassinating his wife in Yamhill county, in 1890, and sent to prison for ten years, was pardoned by the governor. Scott always protested innocence. His guilt never was clearly established in the mind of the public.

J. S. Cooper, commission salesman of horses, Union Stock Yards, Chicago, says: There is but little if any change in the horse market from last week. Good, smooth chunks and toppy drivers are selling fairly well at steady prices, with a little demand for streetcars and draft horses. The demand for western horses is steady at prices from \$25 to \$40. Our next sale will be held July 19th. Consign your horses direct to J. S. Cooper, Union Stock Yards, Chicago.

A picturesque pole kitten has visited us frequently during the summer. He is very gentle and unassuming in his manners and would evidently take up his abode among us with a little coaxing. Our numerous feline gentry defer to him and we have thus far shown him much courtesy, feeling that despite his simple ways, if enraged, he would be terrible as are an army with banners, and could in a flash exert an influence more depressing than the McKinley tariff. He is a living illustration of the absurdity of horn blowing in general; silent influences being so much more powerful.—Skamania County Pioneer.

No instance of a failure on record when Simmons Liver Regulator has been taken. It cures dyspepsia, constipation and sick headache, strengthens the kidneys and gently assists nature.

Ask your dealer for Mexican Silver Stove Polish.

Children's Day at Wasco.

At the June session of the Wasco and Sherman counties council of the Patrons of Husbandry it was decided to have a children's picnic at Wasco on the 8th of July. Accordingly the grange of Sherman county, in company with their children and friends, met in the large tabernacle, where for some time the M. E. people had been holding a camp meeting, and being called together by Mrs. Woodworth of Wasco grange, they proceeded to enjoy the occasion by listening to grange songs and the recitations, essays, dialogues and select reading of the little folks. Soon after being called to order the welcome rain came pattering down on the tabernacle, and ran trickling down on the backs of those in the rear end; but all bore the affliction with smiling faces, thinking of the suffering grain that was being so greatly revived by the shower.

A recess was taken at noon and a most bountiful lunch was spread, and it was feared they would no longer be able to appreciate intellectual food. But the granger is a remarkable animal, he can stand a large amount of sweet "fodder," and yet be ready for "business." At the conclusion of the program impromptu addresses and volunteer recitations and songs were given by Rev. White, John Medler, A. S. Roberts and P. P. Underwood. The exercises lasted till after five o'clock without apparent weariness on the part of the large and evidently well pleased audience. TWO PEAS.

A Chapter of Accidents.

Geo. W. Smith today fell out of a building, on the opposite side of the river, and broke his arm. Dr. Rinehart went across to attend to it.

A messenger arrived in the city this morning for Dr. Doane, who boarded the Regulator for Glenwood, Wash. He was called to attend a clerk for Dr. Chas. Adams, who operates a general merchandise store near Mt. Adams. The clerk, Mr. Royal, it was said, had his shoulder crushed in an accident. The reason of the accident could not be ascertained.

Today about noon Yomer Lauretsen was thrown from his pony and broke his collar bone. A new-fangled bit was in the horse's mouth, which in some way caught his tongue or lip, and when pulled by the bridle rein the body yielded to the motion of the head, which at the time was backward. As nearly as can be stated, the horse fell over himself, and the position of the boy was peculiar. Dr. Rinehart was at once called.

There are some patent medicines that are more marvelous than a dozen doctor's prescriptions, but they're not those that profess to cure everything.

Everybody, now and then, feels "run down," "played out." They've the will, but no power to generate vitality. They're not sick enough to call a doctor, but just too sick to be well. That's where the right kind of a patent medicine comes in, and does for a dollar what the doctor wouldn't do for less than five or ten. We put in our claim for Dr. Pierce's Golden Medical Discovery.

We claim it to be an unequalled remedy to purify the blood and invigorate the liver. We claim it to be lasting in its effects, creating an appetite, purifying the blood, and preventing bilious, typhoid and malarial fevers if taken in time. The time to take it is when you first feel the signs of weariness and weakness. The time to take it, on general principles, is now.

Salem Real Estate.

Salem property is at a very low ebb, judging from the following from the Journal:

It is pitiful the way property sold for taxes goes begging at the court house. Sheriff Knight and his deputies are making every exertion to close out the delinquent list, but half the time there are no bidders present. Moneyed men are remarkable for their absence. When the money sharks are unable to see a cent in a town lot sold for school taxes at \$1.50, or a quarter section of land at eight or ten dollars, the common sort of speculators seem to think there is nothing in it. Some great bargains are going just the same at those sales.

PERSONAL MENTION.

Mr. J. O. Warner of Nausene is in the city.

Rev. Whisler left for Portland yesterday via the D. P. & A. Nav. Co.

Rev. Severin Yorock of Vancouver arrived today and for a few weeks will be the guest of Father Buchner.

Mr. I. I. Burget and Prof. Brown leave tomorrow morning for Trout lake, Wash., to be absent about a week.

Messrs. C. E. Haight, A. W. Branner, Luke Burham and W. E. Garretson, the noted anglers, will go to Trout Lake tomorrow. Their reputation as fishermen is known and if brain food is necessary to help them out they will get there and get them—the fish.

Mr. George Nolin of 15-Mile is in the city. He informs us that before the rain of last Saturday the people were quite discouraged with the outlook for anything of a crop, but since then they are happy and are sure the question is fully settled that the grain yield will be first-class in this county.

HOTEL ARRIVALS.

Columbia—H. H. Shank, H. Olsen, J. Jensen, L. Hoobly, J. Hobson, Portland; J. E. Randall, Hood River; Miss Brown and 2 children, Dufur; A. E. Bevens, George Nix, Nelson; B. Leas, P. Gras, Hay Creek; V. Snakal and wife, Clatskanie; F. Foster, Oakland; W. G. Odell, Nausene.

Eating at Bedtime.

Eating before sleeping, now so generally recommended by physicians to those troubled with insomnia resulting from nervous trouble, is not a very difficult prescription to fill, but the determination of the question just what to eat is not infrequently puzzling. One who has experimented for years names a glass of warm milk as a good nightcap for many, while for people who have a tendency for biliousness it will not do at all. To the latter, buttermilk, not too cold, is said to be the very best of night-caps. Warm milk with vichy is also recommended. Oranges, and, to a certain extent, hot and very sour lemonade are very good for all. A medical journal says: "Most students and women who are troubled with insomnia are dyspeptic, and they should, therefore, eat before going to bed, having put away work entirely at least an hour before. If they are not hungry they should simply be instructed to eat, and if they are hungry, they should eat whatever they want. A glass of milk and a biscuit is sometimes all that can be taken at once, or mashed potatoes buttered."

Bucklen's Arnica Salve.

The best salve in the world for cuts, bruises, sores, ulcers, salt rheum, fever sores, tetter, chapped hands, chilblains, corns, and all skin eruptions, and positively cures piles, or no pay required. It is guaranteed to give perfect satisfaction, or money refunded. Price 25 cents per box. For sale by Snipes & Kinersly.

CITY COUNCIL.

Important Legislation Comes up at an Adjourned Meeting.

The city council met Saturday night in an adjourned regular meeting, there being present Mayor Rinehart and Councilmen Joles, Kreft, Butts, Hudson and Eshelman.

The impounding report of the marshal for the month of June, showing the receipts and amounts due the city, was read, accepted and placed on file.

Under reports of standing committees Ald. Kreft made a verbal report concerning the telephone and telegraph company. They first desired to put in their poles on Second street, and for the purpose, wanted the shade trees in front of Wiseman's saloon cut down. This was refused and they were given permission to erect their poles in the alley between First and Second streets. Being found not continuous they were told they might put them in on First street. Here again it was found that it would conflict too badly with other poles and wires, and it was finally agreed they could plant them on the north side of Second street, the electric light company agreed to remove their poles, the city council agreeing. A motion was carried that the report be accepted and placed on file, and the recorder, who has just finished paying for a new \$100 type writer, will now be compelled to anticipate his coming six months salary, and add to his machinery a phonograph.

The Epworth League fountain was offered the city, on condition that it should be kept in repair; the communication was referred to committee on fire and water.

The fire warden made a report upon the insecurity of flues and the matter was referred to the committee on fire and water, with instructions to examine the ordinance relating to it (129) and ascertain wherein it was faulty.

An informal talk about a dog tax was next had. The general sentiment was that the tax be reduced from \$1.50 to 50 cents per year and collection enforced.

A recommendation was made by the mayor that receipts be issued by the recorder to owners of impounded stock, upon payment, so that such owners could recover their stock at any time; referred to committee on streets and public property.

The road tax question came up and it was decided to collect all taxes possible that were due and delinquent. The amount ought to foot up to about \$1200 and will be materially helpful.

Adjourned to meet August 3d.

Use Mexican Silver stove polish.

SHARPSBURG, Pa., Jan. 27, 1892.

MR. J. J. KEIL, Sharpsburg, Pa.
DEAR SIR—I have used Krause's Headache Capsules for some time and want to testify to their value. I tried various well recommended medicines, but got no relief until I used these, and now would not be without them for ten times their cost.
Yours respectfully,
CHARLES T. SEDGWICK.

Senator Mitchell Leaves for the East.

United States Senator John H. Mitchell left for Washington this morning on the 11:30 train. He had not expected to leave till several weeks later, but the special session of congress caused a decided change in his plans. In order to attend to private business in Chicago, and New York before congress meets he was compelled to get away at once; and then he wishes time for conference with his fellow senators on the work before them. His departure was almost delayed by the unfortunate accident of his grandson, Mitchell Handy, and had the little boy not shown signs of rapid recovery he would have remained longer. The senator leaves behind in Portland as a permanent resident his widowed daughter, Mrs. Maggie Mitchell-Handy, and her two young sons, Mitchell and Hobart.

Mexican Silver stove polish causes no dust.

Last fall I was taken with a kind of summer complaint, accompanied with a wonderful diarrhoea. Soon after my wife's sister, who lives with us, was taken in the same way. We used almost everything without benefit. Then I said, let us try Chamberlain's Colic, Cholera and Diarrhoea Remedy, which we did, and that cured us right away. I think much of it, as it did for me what it was recommended to do. John Hertzler, Bethel, Berks Co., Pa. 25 and 50 cent bottles for sale by Blakeley & Houghton, Druggists.

Forty-four counties in Kansas, possessing poor houses and farms, were a few months ago without a single pauper and in thirty-seven counties of Kansas at the last term of the district court there were no criminals for trial.

La Grippe.

During the prevalence of the grippe the past seasons it was a noticeable fact that those who depended upon Dr. King's New Discovery, not only had a speedy recovery, but escaped all of the troublesome after effects of the malady. This remedy seems to have a peculiar power in effecting rapid cures not only in cases of la grippe, but in all diseases of throat, chest and lungs, and has cured cases of asthma and hay fever of long standing. Try it and be convinced. It won't disappoint. Free trial bottles at Snipes & Kinersly's drug store.

Money to Loan.

I have money to loan on short time loans. GEO. W. ROWLAND.
