THE DALLES OREGON

Ran on Gardu Rocks.

SAN FRANCISCO, July 10.—The British tramp steamer Bawnmore, which sailed from this port for Nanaimo in ballast last Friday, ran on Gardu rocks at 6 o'clock Saturday morning and at once began to fill. The Bawnmore was never a fast steamer, and her crew now realized that unless assistance could be had the chances of the ship's reaching San Francisco were very slim. Captain Woodside hoisted a signal of distress. It was seen by the steam schooner Del Norte, which took the disabled ship in tow and started for the Golden Gate. The Del Norte held on to the Bawnmore for six hours and then the hawser parted. Believing that the steamer was doomed, the crew hastily packed up their clothes and prepared to leave her. Captain Woodside refused to leave his vessel, however, and said he would sink or swim with her. A dispatch to the Merchant's Exchange this morning from Caspar, Mendocino county, states that the steamers Emily and Wecott have arrived there with the British steamer Bawnmore in tow, and beached the vessel.

Wanted for Murder.

KLAMATH FALLS, Or., July 10.—There was a race over the mountains last night on the Ashland-Klamath Falls road, between Tom Shattuck, sheriff of Josephine, and a brace of constables from the same locality. There is \$500 reward offered for the capture of the murderer of Antone Joseph, who was assassinated on Williams creek in Josephine county two weeks ago. Sheriff Gowan has under arrest Charles Slagle, aged 22, charged with arson committed here on June 4th, and there is strong evidence that he did the killing. Slagle was held in \$5,000 bonds today to appear before the grand jury for the local crime, and the Josephine officers cannot gain possession of the prisoner. G. W. Meek was also arrested here by Sheriff Gowan today on suspicion of being implicated in the murder.

Preaching the End of the World.

TIPTON, Ind., July 10.—Twelve preachers, calling themselves recruits of heaven, have put up a tent and are holding service day and night without intermission. They preach the early end of the world with the fervor of fanatics. Hundreds flock to hear them. They profess to go into trances and preach while in that condition. Some of their converts develop strange powers and tell wonderful tales of their visits to heaven and hell.

Vice-President Stevenson Coming.

BLOOMINGTON, Ind., July 10.—Vice-President and Mrs. Stevenson will start on a tour tomorrow morning. They go first to Chicago, thence to Salt Lake city and thence to San Francisco. After a brief stay there they will go to Portland. They will return early in August. A few days later they will go to Washington to remain during the special session.

"My little boy was very bad off for two months with diarrhoea. We used various medicines, also called in two doctors, but nothing done him any good until we used Chamberlain's Colic, Cholera and Diarrhoea Remedy, which gave immediate relief and soon cured him. I consider it the best medicine made and can conscientiously recommend it to all who need a diarrhoea or colic medicine. J. E. THE DALLES

Wasco County, Oregon.

The Gate City of the Inland Empire is situated at the head of navigation on the Middle Columbia, and is a thriving, prosperous city.

ITS TERRITORY.

It is the supply city for an extensive and rich agricultural and grazing country, its trade reaching as far south as Summer Lake, a distance of over two hundred miles.

The Largest Wool Market.

The rich grazing country along the eastern slope of the Cascades furnishes pasture for thousands of sheep, the wool from which finds market here.

The Dalles is the largest original wool shipping point in America, about 5,000,000 pounds being shipped last year.

ITS PRODUCTS.

The salmon fisheries are the finest on the Columbia, yielding this year a revenue of thousands of dollars, which will be more than doubled in the near future.

The products of the beautiful Klickitat valley find market here, and the country south and east has this year filled the warehouses, and all available storage places to overflowing with their products.

ITS WEALTH.

It is the richest city of its size on the coast and its money is scattered over and is being used to develop more farming country than is tributary to any other city in Eastern Oregon.

Its situation is unsurpassed. Its climate delightful. Its possibilities incalculable. Its resources unlimited. And on these corner stones she stands.
