India's Silver Legislation.

LONDON, July 11. - In response to an inquiry in the house of commons today, G. E. Russell, parliamentary secretary of the Indian office, stated the object of the silver legislation in India was not to fix the value of the rupee at 16 pence or any other amount, but to prevent a future fall in price.

Nearly Drowned.

Joe Reburn, in attempting to ford the John Day river one day last week, came near meeting with a fatal accident, says the Antelope Herald.

THE CHICAGO HORROR

Searching for the Bodies of the Victims. WORLD'S FAIR VISITORS MISSING Thousands of People Making Inquiries for Their Friends--Many Bodies Unrecognized.

CHICAGO, Ill., July 11. - Columbian guards on duty at the scene during the fire have constantly maintained that several world's fair visitors and electrical employes and other workers were caught in the flames, and today's discovery lends color to their contention.

The Electric Light company had a number of men in the lower part of the building, stringing wires, when the fire broke out, and several of these are still missing. Four Columbian guards are still unaccounted for. At least 100 people who have missing relatives or friends were around the ruins this morning, trying to identify the bodies discovered.

Many inquiries come from Springfield, Ill., as to the fate of Lieutenant John H. Freeman, of fire company No 1. There is no longer any doubt as to his fate. He was one of the first to reach the top of the burning shaft, and consequently one of the first victims of the fire.

There are three unidentified bodies, known, however, not to be firemen. There are 17 wounded in the hospital and elsewhere. Of these, L. J. Frank, a fireman, will probably die. Among the wounded are: Captain Thomas Barry, arm broken, will have to be amputated; Marshal Murphy, chief of the world's fair fire department, slightly injured; Marshal Kenyon, chief of the battalion, bruised.

Three Columbian guards, who went up the deadly copula to help the firemen draw up the hose, are missing, and it is supposed have shared the fate of the firemen. An examination of the remains of the structure this morning reveals its flimsy character, and many blame the construction department of the world's fair for allowing it to go up in that form.

It is said the council of administration had been warned time and again of the dangerous character of the structure, including once by Marshal Murphy, and that the council, to cut down expenses, ordered the withdrawal of the Columbian guards on duty here, in spite of a protest from the commander. But for the favorable direction of the wind yesterday, it is believed nothing could have prevented the fire from sweeping right through the White city.

The heavy financial loss entailed by the cold storage fire yesterday caused the Hercules Iron Works, owner of the plant, to make an assignment this morning. The company owns a plant at Aurora, Ill. Assets, \$400,000; liabilities, \$200,000. Yesterday's fire caused a loss of \$200,000, which the company will have to stand, as the insurance company recently canceled all risks on the structure. The president of the Hercules company says the plant is unencumbered and sufficient to meet all liabilities. The company will continue in business, but will not rebuild at the world's fair.

Joe Reburn, in attempting to ford the John Day river one day last week, came near meeting with a fatal accident, says the Antelope Herald. The river was higher than he expected it to be and after the team had gone in a short distance they were compelled to swim. The wagon upset and it was only by a miracle that Mr. Reburn clung to the

wagon and saved his life. Some parties who were near by, came to his rescue immediately and the half-drowned man is now lying at Mr. Clarno's residence in a critical condition.

SILVER PURCHASES.

Another Bid by Telegraph Accepted by the Treasury. WASHINGTON, July 11. - There was but one response to the counter proposition to silver brokers yesterday, and that was limited to an offer of 100,000 ounces at 71 1/2c.

WASHINGTON, July 11. - There was but one response to the counter proposition to silver brokers yesterday, and that was limited to an offer of 100,000 ounces at 71 1/2c. This came from New York by telegraph after the close of the office yesterday. It was promptly accepted. Tomorrow another effort will be made to secure more silver, and as the price in London this morning is up to 1/2d to 3/4d, maybe the department will have to pay more than 71 1/2c, if it decided to buy at all.

A TOUGH CIRCUS CROWD.

A Chehalis Sheriff Times the Sanger & Lent Show.

A Chehalis dispatch says: Last night one of the film-flamers accompanying the Sanger & Lent's show beat a German farmer out of \$20 by means of the short change racket. The German swore out a warrant for his arrest, which was put in the hands of Deputy Sheriff Ed. Barnett to serve. Barnett went to the show train while the outfit was packing up after the performance and arrested his man. As he was leaving with him, employers of the show, headed by the manager, assaulted him together with two other officers, beat him insensible and rescued the prisoner. A free fight with citizens seemed imminent as soon as the affair attracted attention. At this juncture Sheriff Barnett, accompanied by Deputy Carpenter, arrived on the scene with drawn revolvers and proceeded to search the show train for the short-change sharp. They were unable to find him, but arrested four employes of the show. The manager in the meantime escaped to the hotel and had gone to bed. They hunted him up, got him out of bed and took him with his hired men to the county jail. The five prisoners were charged with assaulting the officers, and were to have had a hearing this morning, but it was postponed till Wednesday. The show proceeded to Olympia without a manager and several specialty artists. The manager was released on bail this afternoon, furnished on a telegram from the Oregon National bank of Portland.

Last fall I was taken with a kind of summer complaint, accompanied with a wonderful diarrhoea. Soon after my wife's sister, who lives with us, was taken in the same way. We used almost everything without benefit. Then I said, let us try Chamberlain's Colic, Cholera and Diarrhoea Remedy, which we did, and that cured us right away. I think much of it, as it did for me what it was recommended to do. John Hertzler, Bethel, Berks Co., Pa. 25 and 50 cent bottles for sale by Blakeley & Houghton, Drug-gists.

The New Comet.

NEW YORK, July 11. - The new comet has been watched at the observatory. It appears about the size of a star of the second magnitude, and will probably grow brighter during the coming few days.

Onion of Prevention vs. Pound of Cure.

Such may be applied in many cases. People go on from day to day, having all the symptoms of a disordered liver, such as loss of appetite, foul tongue, sour stomach, heartburn, fullness after meals, bad taste in mouth after rising in the morning, headache, nausea, vomiting, dull pain through the eyes, biliousness, etc. Does any of this strike you? If so, take time by the forelock and seek relief. Dr. Grant's Cloalo will be found invaluable and will remove any or all of the symptoms enumerated. It is gentle in its action, no purging, and one bottle will make you feel like a new being.

The Coming Institute.

To the Teachers of Wasco County: Our county institute this year will be held at Hood River July 31st to Aug. 8th. The following leading teachers of the county have agreed to act as instructors: Prof. John Gavin, The Dalles; Aaron Frazier, Dufur; C. L. Gilbert and P. A. Snyder, Hood River, and P. P. Underwood, Boyd.

It has been determined to hold two classes simultaneously, embracing every day each one of the ten studies required of teachers in examination. By examination of the program it will be seen that any six of the ten studies can be taken at one course. It is expected that each teacher will select such a course as best suits their wants, and keep to that throughout.

A great deal of time and money is spent on these institutes for the sake of the teacher, and it is earnestly hoped that all will attend. Remember the law requires you to attend at least two days; and you cannot possibly keep up with the school work in the county unless you do attend. Good board and lodging can be had at not to exceed \$1 per day. Any that wish to camp will have a commodious place furnished to pitch their tents free of cost. The round trip fare from The Dalles by railroad is \$1.60, by boat 75 cents. An excursion will be planned for Saturday, Aug 5th.

Interesting lectures and general exercises will be held several evenings. Come, bring your text books, and help make it a grand success.

DAILY PROGRAM - FIRST CLASS.

9 to 9:10. Opening exercises. 9:10 to 10. Mental Arithmetic, Prof. Gavin. 10:10 to 11. Spelling, Prof. Gilbert. 11:10 to 12. Written Arithmetic, Prof. Underwood. 1:30 to 2:10. General discussion. 2:15 to 2:50. Math-Geography, Prof. Gavin. 2:55 to 3:40. Adv. Grammar, Prof. Frazier. 3:45 to 4:30. Reading, Prof. Underwood.

SECOND CLASS.

9:10 to 10. History, Prof. Frazier. 10:10 to 11. Language work, Prof. Snyder. 11:10 to 12. Physiology, Prof. Gavin. 2:15 to 2:50. Writing, Prof. Gilbert. 2:55 to 3:40. Geography, Prof. Snyder. 3:45 to 4:30. Theory, Prof. Gilbert. Ten minutes between each recitation in the morning and five minutes in the afternoon.

(Save this for future reference.) Yours very truly, TROY SHIELDS.

The State Prison.

SALEM, Or., July 11. - The report of Superintendent Downing, of the state penitentiary, for the quarter ending June 30th, has been filed with the secretary of state. It shows the number of convicts in the institution to be 304, a gain of one during the quarter. The earnings of the penitentiary during that period were \$3,063.39, of which \$520 were for board of United States prisoners, \$2,523.01 for convict labor furnished the foundry, \$42 for rent of cottage and \$8.35 for old iron and rags. The expenses foot up \$10,652.
