

The Dalles Daily Chronicle.

THE DALLES OREGON
Eastern Oregon Fruit Outlook.

The following is taken from Observer Pague's report of date July 11th:

Fruit: The fruit crop is no better than it is in the western portion of the state. Insects are marked by their absence, though in Wasco county a few codlin moths are to be observed; in Unatilla the green aphid and codlin moth are quite injurious; in Klamath the green aphid has done damage to some of the fruit trees. As in Western Oregon the cool weather abates the development of the fruit pests.

The strawberry crop is about over in the Columbia river valley, they are ripening in the interior; about 100 tons were shipped from Hood River valley alone. They were shipped to Montana points, to Denver, Kansas City and to Omaha. Car load lots were wanted, but they could not be furnished. Clarks seedling are the best berries for the climate, the acreage of strawberries will be increased fully 100 per cent. Cherries are ripening and the crop will soon be secured, except in the interior counties, where they are now turning color; the cherry crop was generally poor, in many sections not enough to supply home use. Wasco county had the best cherry crop, where it was about the average. In Wasco county the apple, prune and pear crop are a full average crop, the prune crop being very heavy. In the John Day country the fruit crop is a fair one, nearly up to the average. Along the Snake river the peach crop will be almost to the average; in Morrow county many of the fruit trees were winter killed. Generally speaking, apples will be about 80 per cent, of an average; peaches about 50 per cent; prunes a full average or more; pears 60 per cent; in Malheur county prunes do very well; but the orchards are young and no yield will be had this year. Apples, prunes and peaches are being mostly increased. About The Dalles there has been an increase of fully 100,000 prune trees in the past year.

From the present outlook Oregon crops can be summed up as follows: Cereal crop an average one in yield and product. Hay crop above the average. Fruit a decidedly short crop, except prunes and berries, prunes an average crop. Berries a large crop. Vegetables a good crop, especially potatoes.

New York Silver Market.

New York, July 11.—Silver was weak and lower, certificates falling to 71 3/4c at the stock exchange. Treasury purchases yesterday were disappointingly small and accounts for the weakness of the market. Commercial bar silver fell to 70 3/4c. Mexican dollars unchanged at 57c. Money on call is easier at 6 1/2c. Time money is difficult to obtain. The rate is still nominally 6. There is a better inquiry for commercial paper, the banks in some cases advising purchases. Sterling exchange is heavy, posted rates reduced to \$4.82 1/2 and \$4.84 1/2. Good supply of commercial bills, demand light. The rates are gradually sinking to a gold-importing point.

"My little boy was very bad off for two months with diarrhoea. We used various medicines, also called in two doctors, but nothing done him any good until we used Chamberlain's Colic, Cholera and Diarrhoea Remedy, which gave immediate relief and soon cured him. I consider it the best medicine made and can conscientiously recommend it to all who need a diarrhoea or colic medicine. J. E. The Dalles Daily Chronicle.

HAS A FAMILY OF 2000 READERS. They read The Chronicle to get the latest and most reliable news. And they read every line that is in the paper. That is what makes the Chronicle an invaluable advertising medium. The newspaper that goes to the family circles is the one that the advertisers of today patronize when they desire to reach the people. When they want your trade-announcements will be found in the paper. Look over our columns and observe the verification of the truth of this assertion. Remember, a trade of a family of two thousand is worth asking for through these columns, especially so at our very cheap Advertising Rates.

THE DALLES

Wasco County, Oregon.

The Gate City of the Inland Empire is situated at the head of navigation on the Middle Columbia, and is a thriving, prosperous city.

ITS TERRITORY.

It is the supply city for an extensive and rich agricultural and grazing country, its trade reaching as far south as Summer Lake, a distance of over two hundred miles.

The Largest Wool Market.

The rich grazing country along the eastern slope of the Cascades furnishes pasture for thousands of sheep, the wool from which finds market here. The Dalles is the largest original wool shipping point in America, about 5,000,000 pounds being shipped last year.

ITS PRODUCTS.

The salmon fisheries are the finest on the Columbia, yielding this year a revenue of thousands of dollars, which will be more than doubled in the near future.

The products of the beautiful Klickitat valley find market here, and the country south and east has this year filled the warehouses, and all available storage places to overflowing with their products.

ITS WEALTH.

It is the richest city of its size on the coast and its money is scattered over and is being used to develop more farming country than is tributary to any other city in Eastern Oregon. Its situation is unsurpassed. Its climate delightful. Its possibilities incalculable. Its resources unlimited. And on these corner stones she stands.

THE DALLES CHRONICLE

Daily and Weekly Editions.

THE CHRONICLE was established for the express purpose of faithfully representing The Dalles and the surrounding country, and the satisfying effect of its mission is everywhere apparent. It now leads all other publications in Wasco, Sherman, Gilliam, a large part of Crook, Morrow and Grant counties, as well as Klickitat and other regions north of The Dalles, hence it is the best medium for advertisers in the Inland Empire.

The DAILY CHRONICLE is published every evening in the week Sundays excepted at \$6.00 per annum. The WEEKLY CHRONICLE on Fridays of each week at \$1.50 per annum.
