LOOKS MUCH LIKE WAR. French Minister Ordered to Leave Bangkok. LONDON NEWSPAPERS ARE BITTER. Say France's Action is Intended Solely for England--Sentiment all One Way.

PARIS, July 24.—The government has not yet notified the powers of an intention to blockade the Menam river. It is stated the French minister has been ordered to leave Bangkok in 24 hours.

LONDON, July 22.—Commenting on the Franco-Siamese difficulty, the London Globe says: The flagrant French aggression is aimed at England. Siam is merely a pretext.

CHICAGO, July 24.—General A. J. Warner, member of congress from Ohio, and president of the American Bimetallic League, is here to arrange for the bimetallic convention August 1st.

Our convention is called to deliberate as to the course to be pursued by those opposed to the repeal of the Sherman law without a satisfactory substitute.

A friend in need is a friend indeed and not less than one million people have found just such a friend in Dr. King's New Discovery for Consumption, Coughs, and Colds.

My little boy was very bad off for two months with diarrhoea. We used various medicines, also called in two doctors, but nothing done him any good until we used Chamberlain's Colic, Cholera and Diarrhoea Remedy.

English Papers Are Belligerent. LONDON, July 24.—The papers generally are commenting in a belligerent strain on the French proceedings in Siam.

The Ultimatum Rejected. NEW YORK, July 24.—The World's Bangkok special says the French ultimatum has been rejected and diplomatic relations terminated.

LEAVES TOMORROW. Diplomatic Relations Between France and Siam Suspended. BANGKOK, July 24.—M. Pavie, the French minister resident, has lowered the flag over his office.

THE SILVER QUESTION. The Reason Free Coinage Was Stopped in India. NEW YORK, July 24.—Richard Lacey has received a letter on the silver question from Richard Lacey Everett, M. P.

First—Because it had taken a step of world-wide importance without consulting parliament, though parliament was sitting at the time.

Second—Because, having in the early part of the session indignantly denounced "tampering with currency," it has now tampered with it in a way that rests upon no principle.

Third—Because it did all it could to frustrate coming to an international agreement as to silver and gold at Brussels, while it now seeks to carry out bastard bimetalism between India and England by their joint action alone.

Fourth—Because, having railed at the folly of an idea attempting to fix an artificial value for one metal, it is now aiming at that very thing.

Fifth—Because a further new demand for gold will be created by what is proposed, thus artificially further raising the value of that metal.

Sixth—Because new difficulties will be created between India and China, Japan and other silver-using countries.

Seventh—Because the new policy tends to restrict the supply of money, instead of leaving it free and automatic.

We look anxiously now to see what the United States will do. We earnestly hope free coinage at the same ratio will be America's answer.

Our Old Fire Company. "That was a gay old company that we belonged to, Joe, away back in '68, when you and I ran with the machine."

The Behring Sea Arbitration. OTTAWA, Ont., July 24.—Advices from Paris point to the probability of the Behring sea arbitration not reaching an award until late in August.
