NOTICE OF BLOCKADE.

France Makes the First Move Toward War in blam.

BANGKOK, July 27 .- Notice was given today of a blockade by the French fleet. Outgoing vessels have been warned that they must clear before Saturday or submit to detention. The blockade will extend along the entire north coast of the Gulf of Siam. The French fleet. with M. Pavie, French minister resident, has gone to Koh Si Chang. The general expectation is that early in August the French fleet will attack Bangkok and land some 5,000 men. There is little doubt here that France's purpose is to make Siam a French colony. The Siamese government is exceedingly anxious to avoid open warfare. When the gunboat Lutin was at Menam bar early this morning, the foreign minister sent to M. Pavie a note to the effect that the king and his advisers were most anxious to maintain peace. All such efforts, however, are believed by the English residents to be in vain. Unless England intervenes to assist in a settlement of the dispute there can be little expectation or even hope that France will refrain from extreme measures.
