Monday, Wednesday and Friday.

SATURDAY, - - - JULY 29, 1893

A SUGGESTION.

The one thing which seems to trouble the farmers of Wallowa county most at present, is where they can get money to pay their harvesting expenses. The banks refuse to loan money; and the few individuals who have it ask such ruinous rates of interests that the farmers cannot afford to borrow from them. Some farmers are talking of giving their men time checks payable November 1st. This will be very unsatisfactory, and is almost sure to cause much trouble.

These checks would not probably be worth 50 cents on the dollar to realize upon, and again, harvest does not last until the first of November. The Chief-tain makes this suggestion: When you have run one or two days, haul off the wheat and sell it. If the local dealers will not buy it, consign it to Allen & Lewis at Portland or San Francisco with instructions to sell it on arrival. Then you will have the money to meet your expenses and be independent of the user. While you might not get as much by a few cents on the bushel as you would later on, yet advantage of having the ready money would, we believe, really be the cheaper in the end. Let us say, for illustration, that you cut and trash in a day 25 acres of wheat that will yield 30 bushels per acre; that would give you 750 bushels, which at 40 cents per bushel would bring you \$300. This amount would go far toward paying the expenses. We hope the farmers will consider this question; and if any one has any better suggestion to offer, we will gladly publish it for him.

At a recent meeting of the state horticultural society at Salem it was proposed that a state fruit show be held. The secretary read a paper on the subject and said: Roughly estimated, there are at the present time 100,000 acres planted to fruit in Oregon, the largest portion of which is in young orchards. An estimate of \$100 per acre net when the trees are six years old means an annual income of \$10,000,000. There are many reasons why the society should give such a show. Since the opening of the world's fair, Oregon's fruit has caused California to make inquiries regarding Oregon's fruit raising. California is raising money to give a mid-winter exposition in San Francisco. It will be the biggest advertisement the Golden state has ever received. Oregon should not be behind in this matter. Mr. Sargent thinks that each city should subscribe from \$10 to \$100 towards the scheme and then let it be thoroughly a state affair. Oregon's representatives in Chicago could scatter advertising regarding it and boom it all they can.

Chicago papers will do well to indulge in no boasting over cities and communities experiencing failures. The world's fair closed, we shall probably see the financial cyclone dip down and lift a few roofs in the world's fair city. This thing is general and universal. Cities so far escaping the fate of their neighbors will have their turn soon enough. Chicago will be last, but it may go hard with her when the trouble does set in.—Spokane Review.

Indians for soldiers are not a success. The experimental stage of adapting the Indian to military life has passed. The project has had its run for two years, but it is thought that neither the army nor the Indians has been benefited. Col. Lamont has finally taken the initiative toward the complete abandonment of Mr. Proctor's pet scheme.

In 1890 Denver dispersed a mob, similar in numbers and vehemence to the one that lynched Arata, by streams of water, directed by the city firemen. It doesn't take much to quell a lawless mob, given a few cool-headed officers.

Perhaps, in personally welcoming Stevenson, Penoyer best showed how little he felt the sting of not being nominated vice-president.

The free coinage law is apparently booked for a large spectacular funeral, to begin August 7th.

To Delinquent Taxpayers.

All property upon which taxes are not paid by the 1st of August, will be levied upon and sold according to law.

T. A. WARD,
Sheriff.

The Astorian believes the probabilities are that the salmon industry of the Columbia is doomed. It seems to have been easy enough with traps and wheels, to drive the royal chinook salmon away from the Columbia, as evidenced by the yearly lessing packs. Will it be as easy to lure them by abolishing the destructive agencies? Once diverted to other spawning grounds it is not likely there is either instinct or tradition in the finny tribe to bring them back again. Salmon runs and navigation do not agree, to say nothing of the destructive agencies which greed of gain has placed in the course of the fish, in quiet, ante civilization ages, have pursued.

A BETTER FEELING.

Large Orders for Gold Being Sent to Europe.
WASHINGTON, July 28.—Large orders given by the New York financial houses for gold abroad to be imported is regarded at the treasury department as a favorable symptom of returning confidence. Much gold now coming here is the same exported several months ago. The heavy shipment of American cereals abroad within the past two months has materially reduced the balance of trade against us. In such circumstances, it will be natural for the United States to continue to receive gold from abroad. Gold in considerable quantities is also coming here from the West Indies. This Spanish gold, on reaching our shores, finds its way to the assay offices, is melted in bars, and this and the European gold soon find lodgment in the United States treasury. From the present indications the gold in the treasury therefore will soon pass \$100,000,000. It is today \$97,560,000. When the \$100,000,000 mark is passed the treasury will again resume the issuance of gold certificates, which, under the law, had to be suspended when the treasury gold was reduced below \$100,000,000. Gold certificates now outstanding aggregate \$89,000,000, an unusually small quantity for the treasury to have. The department, however, shows little or no interest whether the gold is \$100,000,000 or \$75,000,000, as it is the policy of Secretary Carlisle to use the gold on hand the same as he does the currency in meeting the obligations of the treasury, so for several months past the gold reserve has been treated as available. Cash in treasury today is \$122,000,000.

Our Old Fire Company.

"That was a gay old company that we belonged to, Joe, away back in '68, when you and I ran with the machine." Do you remember that big fire in Hotel Row, one freezing night, when fifteen people were pulled out of their burning rooms and came down in their night-clothes; and how "Dick" Green brought down two "kids" at once—one in his arms, the other slung on his back? Poor "Dick!" He got the catarrh dreadfully from so much exposure, and suffered from it five years or more. We thought once he was going in consumption, sure. But, finally, he heard of Dr. Sage's Catarrh Remedy, and tried it, and it cured him up as sound as a flint. I tell you, Joe, that catarrh remedy is a great thing. It saved as good a man and as brave a fireman as ever trod shoe leather."

Bucklen's Arnica Salve.

The best salve in the world for cuts, bruises, sores, ulcers, salt rheum, fever sores, tetter, chapped hands, chilblains, corns, and all skin eruptions, and positively cures piles, or no pay required. It is guaranteed to give perfect satisfaction, or money refunded. Price 25 cents per box. For sale by Snipes & Kinersly.

Notice.

All city warrants registered prior to July 2d, 1891, will be paid on presentation of the same at my office. Interest ceases after this date.

SANDEN ELECTRIC CO.
No. 178 First Street, PORTLAND ORE.

After dinner, if you have discomfort and suffering, take Dr. Pierce's Pleasant Pellets, or Anti-Bilious Granules. They're made to assist Nature in her own way—quietly, but thoroughly. What the old-fashioned pill did forcibly, these do mildly and gently. They do more, too. Their effects are lasting; they regulate the system, as well as cleanse and renovate it. One little Pellet's a gentle laxative; three to four act as a cathartic. They're the smallest, cheapest, the easiest to take. Unequaled as a Liver Pill. Sick Headache, Bilious Headache, Constipation, Indigestion, Bilious Attacks, and all derangements of the stomach and bowels, are promptly relieved and permanently cured. They're the cheapest pill you can buy, because they're guaranteed to give satisfaction, or your money is returned. You only pay for the good you get. Can you ask more?

J. F. FORD, Evangelist,
Of Des Moines, Iowa, writes under date of March 25, 1893:
S. B. MED. MFG. CO., Dufur, Oregon.

Gentlemen:
On arriving home last week, I found all well and anxiously awaiting. Our little girl, eight and one-half years old, who had wasted away to 38 pounds, is now well, strong and vigorous, and well fleshed up. S. B. Cough Cure has done its work well. Both of the children like it. Your S. B. Cough Cure has cured and kept away all hoarseness from me. So give it to every one, with greetings for all. Wishing you prosperity, we are Yours,
Mr. & Mrs. J. F. Ford.
If you wish to feel fresh and cheerful, and ready for the spring's work, cleanse your system with the Headache and Liver Cure, by taking two or three doses each week.
Sold under a positive guarantee.
60 cents per bottle by all druggists.

WINANS
THE NEW TOWN has been platted on the old camp ground, at the Forks and Falls of Hood river, with large, sightly lots, broad streets and alleys, good soil and pure water, with shade in profusion, perfect drainage, delightful mountain climate, the central attraction as a mountain summer resort for all Oregon, being the nearest town to Mt. Hood. It is unparalleled as a manufacturing center, being the natural center for 150 square miles of the best cedar and fir timber, possessing millions of horse power in its dashing streams and waterfalls, easily harnessed. Where cheap motive power exists, there the manufacturing factories will center, surrounded by soil and climate that cannot be excelled anywhere for fruit and agriculture, and with transportation already made you will find this the place to make a perfect home or a paying investment.
See me on the ground, address me at Hood River Wasco County, Oregon.
