HOSE TOURNAMENT.

Preparations Continue for the Races on September 4th and 5th.

A meeting of Jackson Engine Company will be held tomorrow night for the initiation of new members, many of whom will run in the coming tournament. Practice begins tonight and will continue three evenings each week, the course being two blocks long and extending from the Columbia Meat Co.'s corner to Maier & Benton's grocery store, on Third street.

Invitations have been sent out to all volunteer companies in Oregon to be present. Two races will be run for purses, the first for \$150, and the second for \$100. Following are the conditions:

First race will be similar to the New York test (total run 600 feet). Run 200 feet, attach to pump, lay 300 feet regulation fire hose, uncoiled hose from cart, attach nozzle, throw water through hose and nozzle. Uncoiled last length of hose (No. 6), take back to second length from pump and couple between Nos. 1 and 2. Take No. 2 to end of No. 3, couple, attach nozzle, and get water through hose and nozzle—all hose and nozzle connections to have at least three full turns of thread when connected. Time to be taken from start by a pistol shot, and finish when water passes out of nozzle. Three judges to be at nozzle and three at start, the time to be taken by the two judges whose watches compare the nearest. Starts to run 250 feet of hose. Nozzle to be carried on cart. No more than twelve men allowed to run with any team. All twelve men are to run with cart. All men participating in these races must have been members of their respective teams 25 days prior to September 4, 1893. Any two-wheel hose cart may be used in these races. 1st prize, \$100.00 cash; second prize, \$50.00 cash.

Second race (total run 600 feet). Run 250 feet, attach to pump, lay 250 feet regulation fire hose, attach nozzle, put water through hose and nozzle, time to be taken by pistol shot, and to finish when water passes through hose and nozzle. All connections to have at least three full turns of thread. No more than twelve men allowed to run. All men to run with hose cart. Nozzle to be carried on cart. Starts to cart 250 feet of hose. Judges to be selected before race. First prize, \$50.00 cash; second prize, \$25.00 cash; third prize, \$10.00 cash.

A New Nip

A game of base ball between The Dalles nine and Commercial nine of this city was played yesterday at the fair grounds, resulting in a score as follows:

The Commercial is a newly organized nine, and this being their first game shows that with but little practice, they will be second to none in the city.

Must Have Built

A correspondent of THE CHRONICLE who has been fishing himself drops into verse as follows:

A man may work and a man may talk For the temperature cause all day, But he can't go a fishin' And observe prohibition, Because he ain't built that way.

TROUBLE ABOUT FISH.

An Auction Sale Where the Bidders are Cautioned Not to Buy.

A sheriff's sale of fish took place this afternoon. At the opening of the sale and during its progress Mr. Everding, gave notice to bidders that they were the property of The Dalles Packing Co., and that they purchased them at their peril. Deputy Jackson announced that he guessed the bidders would be safe enough and Auctioneer Crossen remarked that after they were eaten they could not well be replevied. The first lot of 100 pounds sold for \$1.40, and as Judge A. S. Bennett was the purchaser, confidence was restored to the more timid, and the next two lots brought \$2 and \$2.50 respectively. Mr. Everding was seen after the sale by a CHRONICLE reporter. He said that The Dalles Packing company had contracted with Winans Bros. for his catch, and in pursuance of such contracts, had made contracts with Chinamen, and others for materials to handle such catches; and that while the Beckheit Packing company of Astoria had the right to take what action they saw fit to defend their own money, they had no legal right to pursue measures which would be detrimental to the interests of a third party. The case will come up at the November term of court.

TEACHERS' INSTITUTE.

One of the Pleasantest and Most Successful Sessions Ever Held.

Hood River, Aug. 7, 1893.

Nothing occurred to mar the excursion plan last Saturday. Nine o'clock and the Regulator found a large number of people assembled at the Hood River landing ready for a ride to the much-talked-of locks. A stiff, cold wind was blowing up stream, making it somewhat disagreeable to sit in the bow of the steamer. One jolly maiden braved it till a large wave broke over the bow and drenched her. Owing to the high wind and the numerous landings it was nearly noon when the excursionists and their lunch baskets assembled in the pleasant grove back of the school house at Cascade Locks. The committee of reception, A. G. Hall, A. M. Barrett, J. F. Atwell, Mrs. D. L. Cates, Miss Ida Everheart and Miss Millie Parkins, showed us every needed courtesy; the thanks so richly due them, were not tendered owing to the confusion incident to a hurried departure. After doing justice to a bountiful lunch prepared by the ladies all but two of the party proceeded to view the canal and the work of handling and dressing stones. The time was altogether too limited for gathering a large amount of accurate information regarding the work yet to be done, and since many with ample opportunities for gathering news will write up the subject, I shall desist.

The return trip was commenced at 2 o'clock, and was without any unpleasant incident with one exception. As the boat swung around to a landing a sudden gust of wind caught off Mr. Haylock's hat and deposited it in the river. A few moments later, a gentleman hastening on board met a like loss. Some of the excursionists whiled away the time in dancing, while others enjoyed themselves in singing and joking. Prof. Frazier, in behalf of certain parties, presented Prof. Gavin with an elegant (?) cane. Prof. G. received it with graceful ease and eloquently expressed his appreciation of such a valuable and useful gift. It was 4 o'clock when we again landed at Hood River.

MONDAY EVENING, AUGUST 7TH.

The absence of more than one-half the teachers enrolled, made the institute seem dull; yet the work went on with undiminished zeal on the part of those remaining. The total number enrolled has reached sixty-one. Miss Maggie Elinn and Miss Mellie Parkins having been added today. It is thought that every teacher who is now teaching or who intends to in Wasco county has been in attendance. Superintendent Shelley feels greatly encouraged by the earnest and sometimes enthusiastic interest manifested. During an experience extending over twenty years, I never before attended an institute where so much downright thoroughly helpful work was done. Too much time is usually consumed in discussing methods of doubtful utility, and in advocating some method; the discussions generally leaving all parties believing as they did before.

Before closing the day's sessions, Mr. Shelley whispered to the teachers that the ladies of Hood River would give them a reception at Hon. E. L. Smith's at the close of the entertainment in the U. B. church. Think of a bevy of teachers eating ice cream and cake away along towards the wee sma' hours of the night, and you may well think that it is time our stay in this place should draw to a close, or we are in danger of becoming sadly demoralized. As nearly as I can learn, this last courtesy is due to the kindness of Madams E. L. Smith, C. L. Gilbert and C. J. Hunt; though I have no doubt that many others will contribute to its successful ending.

The nearness of the quarterly examination is casting a slight shadow over some of the teachers, about twenty of whom will have to undergo the trying ordeal.

This has been the warmest day of the institute since last Monday.
