SOME NEW CONTRIVANCES.

A new driving belt has been made in France by parching the leather instead of tanning it. The belt does not stretch and is more durable than tanned belts.

A non-spring which is likely to increase the speed of racers has been produced by E. C. Loyd, of Janesville, Wis. It is made of aluminum and weighs only an ounce and a half.

One of the newest applications of the nickel-in-the-slot principle is in connection with a small photographic apparatus. You drop your coin into the machine and it hands you your tin-type.

Servant Galism in South Africa.

In South Africa it is the Kaffir girls who demand references from the women who desire to engage them as domestics. It is not unusual to see some such advertisement as this in the papers: "Sable Moezi, of Graskop, is willing to do very light housework in a family where no English servants are kept. Those who desire her assistance must be ready to furnish testimonials of good character. No other need apply."

THE DALLES

Wasco County, Oregon.

The Gate City of the Inland Empire is situated at the head of navigation on the Middle Columbia, and is a thriving, prosperous city.

ITS TERRITORY.

It is the supply city for an extensive and rich agricultural and grazing country, its trade reaching as far south as Summer Lake, a distance of over two hundred miles.

The Largest Wool Market.

The rich grazing country along the eastern slope of the Cascades furnishes pasture for thousands of sheep, the wool from which finds market here.

The Dalles is the largest original wool shipping point in America, about 5,000,000 pounds being shipped last year.

ITS PRODUCTS.

The salmon fisheries are the finest on the Columbia, yielding this year a revenue of thousands of dollars, which will be more than doubled in the near future.

The products of the beautiful Klickitat valley find market here, and the country south and east has this year filled the warehouses, and all available storage places to overflowing with their products.

ITS WEALTH.

It is the richest city of its size on the coast and its money is scattered over and is being used to develop more farming country than is tributary to any other city in Eastern Oregon.

Its situation is unsurpassed. Its climate delightful. Its possibilities incalculable. Its resources unlimited. And on these corner stones she stands.

THE DALLES CHRONICLE,

Daily and Weekly Editions.

THE CHRONICLE was established for the express purpose of faithfully representing The Dalles and the surrounding country, and the satisfying effect of its mission is everywhere apparent. It now leads all other publications in Wasco, Sherman, Gilliam, a large part of Crook, Morrow and Grant counties, as well as Klickitat and other regions north of The Dalles, hence it is the best medium for advertisers in the Inland Empire.

The DAILY CHRONICLE is published every evening in the week Sundays excepted at \$6.00 per annum. The WEEKLY CHRONICLE on Fridays of each week at \$1.50 per annum.
